**unconditionally and irrevocably guaranteed in the case of Notes issued by

BANK OF NEW ZEALAND

(incorporated in New Zealand with limited liability under registered number 428849)

Under this U.S.\$100,000,000,000 Global Medium Term Note Programme (the **Programme**), National Australia Bank Limited (**NAB**) and BNZ International Funding Limited, acting through its London Branch (**BNZ-IF**) (each, an **Issuer** and together, the **Issuers**), may from time to time issue notes (the **Notes**, which include Senior Notes, Guaranteed Senior Notes and Subordinated Notes (as such terms are defined on pages 130 and 131 of this Offering Circular)) denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below). Any Notes issued under the Programme on or after the date of this Offering Circular are issued subject to the provisions described herein. This does not affect any Notes in issue prior to the date hereof. The payment of all amounts owing in respect of the Notes issued by BNZ-IF (**Guaranteed Senior Notes**) will be unconditionally and irrevocably guaranteed by Bank of New Zealand (the **Guarantor**). Notes may be issued in bearer or registered form (respectively, **Bearer Notes** and **Registered Notes**).

The Notes may be issued on a continuing basis to one or more of the Dealers specified on page 2 of this Offering Circular and any additional Dealer appointed under the Programme from time to time by the Issuers (each, a **Dealer** and together, the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the relevant Dealer shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

Application has been made to:

- (i) the *Commission de Surveillance du Secteur Financier* in its capacity as competent authority (the **Competent Authority** or the **CSSF**) under the Luxembourg act dated 10 July 2005 on prospectuses for securities, as amended (the **Prospectus Act 2005**) to approve this Offering Circular in connection with:
 - (a) the issue by the Issuers of Notes with a minimum denomination of at least €100,000 (or its equivalent in any other currency) to be admitted to the official list and traded on the Regulated Market of the Luxembourg Stock Exchange in accordance with Directive 2003/71/EC as amended (the **Prospectus Directive**) (the **PD Notes**); and
 - (b) in the case of NAB only, the issue by NAB of certain Tranches of Notes under the Programme with a minimum denomination of less than €100,000 (or its equivalent in any other currency) which are offered to the public in the European Economic Area in circumstances in which the requirement to publish a prospectus under the Prospectus Directive arises and are either (i) admitted to the official list and traded on the Regulated Market of the Luxembourg Stock Exchange in accordance with the Prospectus Directive, or (ii) admitted to trading on another regulated market (as defined in Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments, as amended (the **Directive 2004/39/EC**)), or (iii) unlisted and not admitted to trading on any market (the **Non-Exempt PD Notes**); and
- (ii) the Luxembourg Stock Exchange to approve this Offering Circular in connection with the issue by the Issuers of Notes with a minimum denomination of at least €100,000 (or its equivalent in any other currency) (the **Exempt Notes**) to be admitted to trading on the Luxembourg Stock Exchange's Euro MTF market (the Euro MTF market is not a regulated market pursuant to the provisions of Directive 2004/39/EC, but is subject to the supervision of the Luxembourg financial sector and stock exchange regulator, the CSSF) (the **Euro MTF Market**).

Each Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market and, where such Notes are, in addition, issued with a minimum denomination of at least €100,000 or otherwise fall within an exemption under the Prospectus Directive from the requirement to publish a prospectus, such Notes are, in addition, hereinafter also referred to in this Offering Circular as **Exempt Notes**.

For the avoidance of doubt, each Issuer may also issue Notes with a minimum denomination of less than €100,000 (or its equivalent in any other currency) which are offered to the public in the European Economic Area and fall within an exemption under the Prospectus Directive from the requirement to publish a prospectus.

The CSSF has neither approved nor reviewed information contained in this Offering Circular in connection with Exempt Notes, including the form of Final Terms in respect of Exempt Notes. The CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Offering Circular or the quality or solvency of the Issuers in accordance with Article 7(7) of the Prospectus Act 2005.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or additional stock exchange(s), or market(s), as may be agreed between the relevant Issuer, the Guarantor (in the case of Guaranteed Senior Notes) and the relevant Dealer. References in this Offering Circular to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to the official list and to trading on (i) the Regulated Market of the Luxembourg Stock Exchange or (ii) the Euro MTF Market.

Notice of, *inter alia*, the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes and the issue price of Notes which are applicable to each Tranche of Notes will be set out in the applicable Final Terms (the **Final Terms**) which, with respect to all Notes to be listed on the Regulated Market of the Luxembourg Stock Exchange or the Euro MTF Market, will be delivered to the Luxembourg Stock Exchange and, where applicable, the Competent Authority, on or before the date of issue of the Notes of such Tranche.

Information relating to the ratings of the Programme and issues of Notes under the Programme is set out on pages 68 to 69 of this Offering Circular.

Neither the Notes nor the Guarantee (as defined under "*Terms and Conditions of the Notes*") (in the case of Guaranteed Senior Notes) have been or will be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**), or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Notes may include Bearer Notes that are subject to U.S. tax law requirements. The Notes may not be offered or sold or, in the case of Bearer Notes, delivered in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (**Regulation S**)) unless the Notes are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. See "*Form of the Notes*" for a description of the manner in which Notes will be issued. Registered Notes are subject to certain restrictions on transfer, see "*Subscription and Sale and Transfer and Selling Restrictions*".

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".

This Offering Circular comprises (i) a prospectus for the issuance of Notes under the Programme by NAB; and (ii) a prospectus for the issuance of Guaranteed Senior Notes under the Programme by BNZ-IF. Each prospectus constitutes, in respect of all Notes other than Exempt Notes issued under the Programme, a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and, for Exempt Notes to be listed on the Euro MTF Market, a base prospectus for the purposes of Part IV of the Prospectus Act 2005. When used in this Offering Circular, Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the European Economic Area (the EEA).

Each Issuer and the Guarantor (together, the Responsible Persons) accepts responsibility for the information contained in this Offering Circular (and the Final Terms for each Tranche of Notes issued under the Programme) in respect to itself only and the Notes. The Responsible Persons, each having taken all reasonable care to ensure that such is the case, confirm that such information is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

The description of the ‘AA-’ credit rating on page 69 in "*Documents Incorporated by Reference and Credit Ratings*" has been extracted from information published by S&P Global Ratings. The description of the ‘Aa3’ credit rating on page 69 in "*Documents Incorporated by Reference and Credit Ratings*" has been extracted from information published by Moody’s Investors Service. NAB confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from such information, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Copies of Final Terms will be available from the registered office of the relevant Issuer and the Guarantor (in the case of Guaranteed Senior Notes) and specified office set out below of each of the Paying Agents (as defined below).

This Offering Circular is to be read in conjunction with all documents which are deemed to be incorporated in it by reference (see "*Documents Incorporated by Reference and Credit Ratings*" below). This Offering Circular shall be read and construed on the basis that those documents are incorporated in, and form part of, this Offering Circular.

Following the publication of this Offering Circular, a supplement to this Offering Circular approved by the Competent Authority pursuant to Article 16 of the Prospectus Directive may be prepared by any of the Issuers (a Supplement to this Offering Circular). Pursuant to Article 14(2) of the Prospectus Directive, any such Supplement to this Offering Circular will be available, free of charge, at the registered offices of the Issuers and the Guarantor and on the website of the Luxembourg Stock Exchange (www.bourse.lu) and copies may be obtained free of charge from the specified office of the Agent (as defined below) at Winchester House, 1 Great Winchester Street, London EC2N 2DB. Each of the Issuers and the Guarantor will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Offering Circular which is capable of affecting the assessment of any Notes, prepare a Supplement to this Offering Circular or publish a new Offering Circular for use in connection with any subsequent issue of Notes.

In relation to Exempt Notes to be listed, following the publication of this Offering Circular, a supplement to this Offering Circular approved by the Luxembourg Stock Exchange (as competent entity for the purposes of Part IV of the Prospectus Act 2005) may be prepared by any of the Issuers pursuant to Article 10.2 of Part 2, Chapter I of the rules and regulations of the Luxembourg Stock Exchange (an Exempt Notes Supplement to this Offering Circular). In accordance with Article 10.1 of Part 2, Chapter I of the rules and regulations of the Luxembourg Stock Exchange, any such Exempt Notes Supplement to this Offering Circular will be available, free of charge, at the registered offices of the Issuers and the Guarantor and on the website of the Luxembourg Stock Exchange (www.bourse.lu) and copies may be obtained free of charge from the specified office of the Agent at Winchester House, 1 Great Winchester Street, London EC2N 2DB. Each of the Issuers and the Guarantor will, in the

event of any significant new factor relating to information included in this Offering Circular which is capable of affecting the assessment of any Exempt Notes to be listed, prepare an Exempt Notes Supplement to this Offering Circular or publish a new Offering Circular for use in connection with any subsequent issue of Exempt Notes to be listed.

Deutsche Trustee Company Limited, as trustee for the holders of the Notes (the Trustee), has not independently verified the information contained herein. No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Offering Circular or any other information provided by the Issuers or the Guarantor in connection with the Programme. No Dealer or the Trustee accepts any liability in relation to the information contained or incorporated by reference in this Offering Circular or any other information provided by the Issuers or the Guarantor in connection with the Programme.

No person is or has been authorised by the Issuers, the Guarantor, any of the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers, the Guarantor or any of the Dealers or the Trustee.

Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by any of the Issuers, the Guarantor or any of the Dealers or the Trustee that any recipient of this Offering Circular or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and/or the Guarantor. Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes nor the issue of any Notes constitutes an offer or invitation by or on behalf of any Issuer or the Guarantor or any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning any Issuer and/or the Guarantor is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of any Issuer or the Guarantor during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention. Investors should review, *inter alia*, the most recently published documents incorporated by reference into this Offering Circular when deciding whether or not to purchase any Notes.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended (the Code), and the regulations promulgated thereunder.

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. None of the Issuers, the Guarantor, the Dealers or the Trustee represents that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any

such distribution or offering. In particular, subject to the section of this Offering Circular below entitled "*Important Information relating to offers of Non-Exempt PD Notes where there is no exemption from the obligation under the Prospectus Directive to publish a Prospectus*", no action has been taken by any Issuer, the Guarantor, any of the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. No Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published, in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offer and sale of Notes. In addition, there are particular restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States and its territories or possessions or to any resident thereof, the EEA (including the United Kingdom, Austria, France, The Netherlands, Italy, Ireland and Belgium), New Zealand, Hong Kong, Japan, Singapore, Switzerland, Canada, China and the Commonwealth of Australia (Australia); see "*Subscription and Sale and Transfer and Selling Restrictions*".

This Offering Circular has not been submitted for clearance to the *Autorité des marchés financiers* of France.

SUITABILITY OF INVESTMENT

In making an investment decision, investors must rely on their own examination of the relevant Issuer and the Guarantor (in the case of Guaranteed Senior Notes) and the terms of the Notes being offered, including the merits and risks involved.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable Supplement to this Offering Circular;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial

institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

IMPORTANT – EEA RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes, from 1 January 2018, are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the Insurance Mediation Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO PURCHASE OR PURCHASING ANY NON-EXEMPT PD NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NON-EXEMPT PD NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE OFFER IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING ARRANGEMENTS IN RELATION TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT. NAB WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NON-EXEMPT PD NOTES CONCERNED AND, ACCORDINGLY, THIS OFFERING CIRCULAR AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE RELEVANT INFORMATION WILL BE PROVIDED BY THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER. NONE OF NAB OR, FOR THE AVOIDANCE OF DOUBT, ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF THE INFORMATION DESCRIBED ABOVE.

U.S. INFORMATION

NEITHER THE NOTES NOR THE GUARANTEE (IN THE CASE OF GUARANTEED SENIOR NOTES) HAVE BEEN OR WILL BE REGISTERED UNDER THE SECURITIES ACT, OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. THE NOTES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) UNLESS THE NOTES ARE REGISTERED UNDER THE SECURITIES ACT OR OFFERED OR SOLD IN COMPLIANCE WITH AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE SECURITIES LAWS. THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION OR ANY OTHER SECURITIES COMMISSION OR OTHER REGULATORY AUTHORITY IN THE UNITED STATES, NOR HAVE THE FOREGOING AUTHORITIES APPROVED THIS OFFERING CIRCULAR OR CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THE INFORMATION CONTAINED IN THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

NONE OF THE DEALERS, THE ISSUERS, THE GUARANTOR OR THE TRUSTEE MAKES ANY REPRESENTATION TO ANY INVESTOR IN THE NOTES REGARDING THE LEGALITY OF ITS INVESTMENT UNDER ANY APPLICABLE LAWS. ANY INVESTOR IN THE NOTES SHOULD BE ABLE TO BEAR THE ECONOMIC RISK OF AN INVESTMENT IN THE NOTES FOR AN INDEFINITE PERIOD OF TIME.

This Offering Circular has been prepared by the Issuers and the Guarantor for use in connection with the offer and sale of the Notes (1) outside the United States to persons that are not U.S. persons pursuant to Regulation S under the Securities Act and (2) with respect to Registered Notes within the United States, in reliance upon Rule 144A of the Securities Act (Rule 144A) to qualified institutional buyers within the meaning of Rule 144A (QIBs) or in transactions otherwise exempt from registration under the Securities Act. Each U.S. purchaser of Registered Notes is hereby notified that the offer and sale of any Registered Notes to it may be being made in reliance upon the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

Each purchaser or holder of Notes will be deemed, by its acceptance or purchase of any such Notes, to have made certain representations and agreements intended to restrict the resale or other transfer of such Notes as set out in "*Subscription and Sale and Transfer and Selling Restrictions*". Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Form of the Notes*".

The Notes may include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered or sold or, in the case of Notes in bearer form, delivered, in the United States or to or for the account or benefit of, United States persons as defined in the Code and regulations thereunder.

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are "restricted securities" as defined in Rule 144(a)(3) of the Securities Act, each of the Issuers has undertaken in the Trust Deed to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by such holder or beneficial owner, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the relevant Issuer is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

NAB is a corporation organised under the laws of Australia. All of the officers and directors named herein reside outside the United States and all or a substantial portion of the assets of NAB and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside Australia upon NAB or such persons, or to enforce judgments against them obtained in courts outside Australia predicated upon civil liabilities of NAB or such directors and officers under laws other than Australian law, including any judgment predicated upon United States federal securities laws. There is doubt as to the enforceability in Australia in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon the federal securities laws of the United States.

BNZ-IF and the Guarantor are corporations organised under the laws of New Zealand. All of the respective officers and directors of BNZ-IF and the Guarantor named herein reside outside the United States and all or a substantial portion of the assets of each of BNZ-IF and the Guarantor and of their respective officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside New Zealand upon BNZ-IF or the Guarantor or upon such persons, or to enforce judgments against them obtained in courts outside New Zealand predicated upon civil liabilities of BNZ-IF or the Guarantor, as the case may be, or their respective

directors and officers under laws other than New Zealand law, including any judgment predicated upon United States federal securities laws. Each of BNZ-IF and the Guarantor has been advised by Russell McVeagh, their New Zealand counsel, that there is doubt as to the enforceability in New Zealand in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon the federal securities laws of the United States.

FORWARD-LOOKING STATEMENTS

This Offering Circular includes "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. All statements other than statements of historical facts included in this Offering Circular, including, without limitation, those regarding the Issuers' and the Guarantor's financial position, business strategy, plans, targets, intentions and objectives of management for future operations, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the relevant Issuer or the Guarantor, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the present and future business strategies of the relevant Issuer or the Guarantor and the environment in which they will operate in the future. These forward-looking statements speak only as of the date of this Offering Circular. Each of the Issuers and the Guarantor expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the expectations of the relevant Issuer or the Guarantor with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

In connection with the issue of any Tranche of Notes, any relevant Dealer or Dealers (if any) acting as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions (in each case outside Australia and not on any market in Australia) with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allocation must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

NAB does not have authorisation of De Nederlandsche Bank N.V. to pursue the business of a bank in the Netherlands and is not registered as a "licensed financial enterprise" pursuant to section 1:107 of the Netherlands Financial Supervision Act (*Wet op het financieel toezicht*). NAB has authorisation of the Australian Prudential Regulation Authority to pursue the business of a credit institution. In addition, NAB's London Branch is authorised and regulated by the Financial Conduct Authority, is subject to limited regulation by the Prudential Regulation Authority, and has permission to carry on the regulated activity of (amongst other things) accepting deposits, and is an authorised person for the purposes of the Financial Services and Markets Act 2000.

SUMMARY OF THE PROGRAMME RELATING TO NON-EXEMPT PD NOTES

Summaries are made up of disclosure requirements known as “Elements”. These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for the Notes and NAB. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary with the mention of “not applicable”.

Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuer	<p>In purchasing the Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together may result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control.</p> <p>Set out below is a summary of the principal risks and uncertainties associated with the Issuer's business and its ability to make payments due under the Notes (not listed in order of significance). These risks may adversely impact the Issuer's financial performance, financial position, operations, and / or its reputation.</p> <p>The following risks are specific to the banking and financial services industry:</p> <ul style="list-style-type: none"> • The Issuer may be impacted by macro-economic and geopolitical risks and changes to the financial market conditions in which it operates, which may adversely impact its financial performance and position; • The Issuer is subject to extensive regulation. Regulatory changes may adversely impact the NAB Group's operations, and financial performance and position; and • The Issuer faces intense competition across the markets in which it operates, from established financial services providers and new market entrants, which may adversely impact its financial performance and competitive position. <p>The following risks are specific to the Issuer as a direct</p>

		<p>markets;</p> <ul style="list-style-type: none"> • The Issuer may be subject to a significant downgrade in its credit ratings, which may adversely impact its cost of funds, market access and competitive position; • Changes in interest rates may adversely impact the Issuer’s financial performance and position; and • Certain strategic decisions, including acquisitions or divestments, may adversely impact the Issuer’s reputation, and financial performance and position. For example, there are reputational and economic risks and uncertainties associated with the Issuer’s sale of 80 per cent. of MLC Limited and actions the Issuer has agreed to take to establish MLC Limited as a standalone entity. <p>The operations of the NAB Group are also exposed to a variety of other risks which include, but are not limited to, the failure, in whole or in part, of the NAB Group’s risk management framework, reputation risk, foreign exchange and translation risk, risk arising from the Issuer’s exposure to traded market activities, and underwriting risk. If any of these risks are realised, they may have an adverse impact on the financial performance and position of the NAB Group.</p>
D.3	Key risks regarding the Notes	<p>There are also risks associated with the Notes, including a range of market risks, as follows:</p> <ul style="list-style-type: none"> • [if the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return;] • [there may be no, or only a limited, secondary market in the Notes and this would adversely affect the value at which an investor could sell their Notes; • [any credit rating assigned to the Notes may not adequately reflect all the risks associated with an investment in the Notes;] • [the conditions of the Notes may be modified without the consent of the holder in certain circumstances;] • [investors are exposed to the risk of changes in law or regulation affecting the value of the Notes; and] • [an investor's investment may be adversely affected by

Fluctuating interest rate levels make it impossible to determine the profitability of Floating Rate Notes in advance;] • [The market values of Zero Coupon Notes issued at a substantial discount from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities; and] • [There are certain risks specific to Notes denominated in RMB, such as restrictions on remittance of RMB into and out of the PRC. Limited availability of RMB outside of the PRC may affect the liquidity of the Notes and the ability of the Issuer to make payments in RMB under the Notes.]

Each of the Issuers and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and none of the Issuers nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and in the documents incorporated by reference and reach their own views prior to making any investment decision.

Each of the Issuers and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of any of the Issuers or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the relevant Issuer or the Guarantor based on information currently available to them or which they may not currently be able to anticipate.

Investors should be aware that the materialisation of any of the below risks may adversely affect the value of any securities.

Factors that may affect the relevant Issuer's ability to fulfil its obligations under Notes issued under the Programme and the Guarantor's ability to fulfil its obligations under the Guarantee

The Notes and the Guarantee (as applicable) will constitute unsecured obligations of the relevant Issuer and the Guarantor (as applicable), respectively. A purchaser of Notes relies on the creditworthiness of the relevant Issuer and the Guarantor (as applicable) and no other person, except in the case of certain Index Linked Notes, where payment of principal or interest under such Notes may be determined by reference to changes in the prices of securities in other entities or other factors. Investment in the Notes involves the risk that subsequent changes in actual or perceived creditworthiness of the relevant Issuer and the Guarantor (as applicable) may adversely affect the market value of the Notes.

Risks Related to the Business of NAB and the Guarantor

Risks specific to NAB and the Guarantor including those related to general banking, economic and financial conditions

Set out below are the principal risks and uncertainties associated with NAB and the Guarantor. These risks and uncertainties are not listed in order of significance and it is not possible to determine the likelihood of any such risks occurring. In the event that one or more of these risks occur, NAB's and the Guarantor's business, operations, financial condition and future performance could be materially and adversely impacted.

There may be other risks faced by NAB and the Guarantor that are currently unknown or are deemed immaterial, but which may subsequently become known or become material. These may individually or in aggregate adversely impact NAB and the Guarantor. Accordingly, no assurances or guarantees of future performance, profitability, distributions or returns of capital are given by NAB and the Guarantor.

Risks specific to the banking and financial services industry

The nature and impact of these external risks are generally not predictable and are often beyond the direct control of NAB and the Guarantor.

The NAB Group may be adversely impacted by macro-economic and geopolitical risks and financial market conditions

The majority of the NAB Group's businesses operate in Australia and New Zealand (**NZ**), with branches located in Asia, the United Kingdom (**UK**) and the United States (**US**). The business activities of NAB and the Guarantor are dependent on the nature and extent of banking and financial services and products required by its customers globally. In particular, levels of borrowing are heavily dependent on customer confidence, employment trends, market interest rates, economic and financial market conditions and forecasts.

Domestic and international economic conditions and forecasts are influenced by a number of macro-economic factors, such as: economic growth rates, cost and availability of capital, central bank intervention, inflation and deflation rates, and market volatility and uncertainty.

This may lead to:

- Increased cost of funding or lack of available funding.
- Deterioration in the value and liquidity of assets (including collateral).
- An inability to price certain assets.
- Increased likelihood of customer or counterparty default and credit losses (including the purchase and sale of protection as part of hedging strategies).
- Higher provisions for bad and doubtful debts.
- Mark-to-market losses in equity and trading positions.
- A lack of available or suitable derivative instruments for hedging purposes.
- Lower growth in business revenues and earnings. In particular, the NAB Group's wealth business earnings are highly dependent on asset values, particularly the value of listed equities.
- Increased cost of insurance, lack of available or suitable insurance, or failure of the insurance underwriter.

Economic conditions may also be impacted by climate change and major shock events, such as: natural disasters, war and terrorism, political and social unrest, and sovereign debt restructuring and defaults.

The following are examples of macro-economic and financial market conditions that are currently relevant to the NAB Group and may adversely impact its financial performance and position:

- Subdued growth in several large economies in recent years as the pace of expansion was curbed by weak household income growth, as well as a sluggish recovery in business investment from the deep recession of 2008. Rapid expansion in China and India, large emerging market economies, highlights the dependence of the global economic upturn on developments in a small number of key economies.
- Historically low interest rates limit the extent to which monetary policy can be used to reduce the impact of cyclical downturn in economic conditions. In addition, high levels of public debt relative to real gross domestic product could complicate efforts in many economies, which are part of the Organisation for Economic Cooperation and Development, to use fiscal policy (tax cuts or increased public spending) to stabilise economic activity in the face of an economic downturn.

- Without sustained economic growth, existing high household debt ratios present ongoing risks particularly in the event of any cyclical economic downturns. Even in the absence of a downturn, high debt levels may constrain future credit growth. Structural changes in the economy that could affect wages growth and the distribution of income may also impact future credit growth and asset quality.
- Higher government debt ratios in many advanced economies may also impact sovereign credit ratings and the terms and availability of market funding for government debt. Decreases in the sovereign credit rating of Australia may have an adverse impact on the Australian banks, including NAB and NZ banks owned by Australian parent banks, including the Guarantor. Likewise, decreases in NZ's sovereign credit rating would be expected to impact credit ratings for the NAB Group's businesses based in NZ.
- Weaknesses continue to exist in a number of European banks, and non-performing loans as a percentage of total assets remain high. The inter-connectedness of the global banking system means European banking system problems have the potential to create disruptions in global financial markets, raising questions over the stability of particular banks around the world. In the past this has reduced market liquidity, which may negatively impact the NAB Group's access to wholesale funding.
- As interest rates in developed economies are expected to gradually rise from historical lows, there is a risk that the valuation of a wide range of assets, from housing to government bonds, could fall sharply. In some countries, key assets like houses and sovereign bonds have been trading at high valuations by historical standards. Liquidity in markets can also decrease unexpectedly, and market volatility may increase following a shock to financial markets and economic conditions. Previous periods of tightening monetary policy in the US were associated with greater volatility in the volume and pricing of capital flows in emerging market economies. Capital importing economies, including Australia and NZ, are generally vulnerable to a sudden or marked change in global interest rates and broader financial conditions.
- Continued economic growth in China is important to Australia and NZ, with ongoing concerns that its rapid pace of growth could slow sharply. Due to its export mix, Australia's economy is exposed to a sudden downturn in Chinese investment, or a substantial or sustained decline in the Chinese economy. In addition, the increasing level of bad debts in China poses a risk to its banking system with potential flow-on impacts to credit availability and liquidity and to the broader Chinese economy.
- As commodity exporting economies, Australia and NZ are exposed to shifts in global commodity prices that can be sudden, sizeable and difficult to predict. Swings in commodity markets can affect key economic variables like national income, tax receipts and exchange rates. Previous sharp declines in commodity prices in Australia and NZ were driven by sub-trend global growth constraining demand, combined with increases in commodity supply. Commodity price volatility remains substantial and the NAB Group has sizeable exposures to commodity producing and trading businesses.
- Changes in the political environment raise the risk that growth-promoting reforms may become more difficult to implement as well as increasing market uncertainty, volatility and adverse economic conditions. Uncertainty remains over: key economic policies of the US administration, the evolving situation in the Korean peninsula, Brexit (where the details of any agreement on the terms of United Kingdom access to the European Union market is unclear), and the impact of several elections in European countries – notably, the Italian election scheduled in early 2018 – which could lead to changes in government and shifts in economic policy. The outcome of political uncertainty in the Spanish region of Catalonia is also unclear. In NZ, the change of government is expected to result in changes in economic policies that could affect the business environment and market conditions. The

extent, implementation and outcome of policy changes resulting from these political events, and their impact on global trade, the broader economies of the affected countries and global financial markets, are all uncertain.

NAB and the Guarantor are subject to extensive regulation. Regulatory changes may adversely impact NAB's and the Guarantor's operations, and financial performance and position

The NAB Group is highly regulated in Australia and in the other jurisdictions in which it operates, trades or raises funds, and is subject to supervision by a number of regulatory authorities and industry codes of practice.

Regulations vary across jurisdictions and are designed to protect the interests of depositors, policy holders, security holders, and the banking and financial services system as a whole. Changes to laws and regulations or changes to regulatory policy or interpretation can be unpredictable, are beyond NAB's and the Guarantor's control, and may not be harmonised across the jurisdictions in which the NAB Group operates. Regulatory change may result in significant capital and compliance costs, changes to corporate structure and increasing demands on management, employees and information technology systems.

Examples of current and potential regulatory changes impacting the NAB Group are set out below.

The non-capital components of the Australian Prudential Regulation Authority (**APRA**) framework for the supervision of conglomerate groups, including the NAB Group, became effective on 1 July 2017. APRA deferred finalising the capital components of the framework, with implementation not expected prior to 2019.

Implementation of the Basel Committee on Banking Supervision's (**BCBS**) reforms will continue over the coming years in Australia and the NAB Group's other jurisdictions. APRA has introduced prudential standards for BCBS Basel III requirements in Australia. These reforms increase the quality and ratio of capital to risk weighted assets that the NAB Group is required to maintain, and the quality and proportion of assets that the NAB Group is required to hold as high-quality liquid assets. Other BCBS key changes impacting the NAB Group that APRA is progressing include:

- Updated standard on liquidity, incorporating the net stable funding ratio that will take effect on 1 January 2018. This may impact the funding profiles and associated costs of participants in the Australian Banking industry, and NZ banks owned by Australian parent banks.
- Revised securitisation framework that will take effect from 1 January 2018. This may impact the amount of regulatory capital held industry-wide for securitisation exposures.
- The BCBS' revised market risk framework, which is due to come into effect from 2019 globally. Domestically, APRA has advised the new market risk standard will not take effect before 2021. This may impact trading book capital requirements.
- Consultation on the standardised approach to counterparty credit risk. Requirements will take effect from January 2019 at the earliest. This may impact the amount of regulatory capital held for counterparty credit risk exposures.
- Consultation on a revised Large Exposures framework, with final requirements expected to take effect from 2019. This may impact large exposure limits, measurement and reporting.
- Signalling an intent to implement a minimum leverage ratio requirement for Authorised Deposit-taking Institutions (**ADIs**) which is not expected prior to 1 January 2018. The NAB leverage ratio of 5.5 per cent. at 30 September 2017 is above the current Basel minimum. The minimum leverage ratio requirement is not expected to be a binding constraint on the NAB Group.

In NZ, the Reserve Bank of New Zealand (**RBNZ**) is currently reviewing the previously implemented Basel III Capital Adequacy Framework. This review may result in a departure from the framework, and lead to potential capital constraints and compromised efficiency of capital structures.

Regulatory changes continue to be made by the BCBS as it focuses on improved consistency and comparability in banks' regulatory capital ratios. Draft proposals include revisions to the internal ratings-based and standardised approaches for calculating regulatory capital and the introduction of a capital floor framework, with consultation on sovereign risk expected. The BCBS also released the revised interest rate risk in the banking book framework and is expected to implement revisions to the operational risk capital framework. The full impact of the changes will not be known until the BCBS requirements are implemented by APRA or by other regulators. This may intersect with measures adopted as a result of the Australian Financial System Inquiry (**FSI**), which recommended measures supported by the Australian Government, on improving resilience, efficiency and fairness of the banking system. APRA has responsibility for implementing FSI recommendations in relation to strengthening the resilience of the financial system.

The following FSI recommendations have taken effect, or are in consultation:

- From July 2016, APRA commenced raising the risk weight for Australian residential mortgages from approximately 16 per cent. to an intended average of 25 per cent. for ADIs accredited to use internal models.
- On 19 July 2017, APRA released a paper outlining the amount and timing of capital increases required for ADIs to achieve “unquestionably strong” capital ratios. APRA advised that the major Australian banks, including NAB, are expected to have Common Equity Tier 1 (**CET1**) capital ratios of at least 10.5 per cent by 1 January 2020. Implementation of this and further recommendations may result in impacts to regulation and legislation, risk weighted assets or capital ratios.
- In March 2017, the Australian Government Treasury consulted on whether the Australian Securities and Investments Commission (**ASIC**) should be given additional powers on the design and distribution obligations for financial products. This would allow ASIC to temporarily intervene in product design and distribution if it believes there is significant consumer harm.
- On 1 July 2017, the new ASIC Industry Funding Model came into effect, resulting in regulated entities being charged for ASIC's regulatory services.

The Financial Stability Board issued the total loss-absorbing capacity (**TLAC**) standard in November 2015 for global systemically important banks. APRA could implement a loss absorbing capacity framework in accordance with emerging international practice. As at the date of this Offering Circular, APRA has not yet issued guidance on how TLAC might be implemented. This may have implications on the level of capital NAB is required to hold.

The Australian Government Treasury also recently consulted on a number of proposed major regulatory reforms, including:

- The Banking Executive Accountability Regime that is designed to enhance the responsibility and accountability of ADIs and their directors and senior executives.
- Superannuation reform, specifically draft legislation on improving accountability and member outcomes, together with proposed changes to the superannuation prudential framework to lift operational governance practices of APRA-regulated superannuation trustees.
- Draft legislation to extend the powers of APRA to address any crisis affecting NAB. The extension of the powers may increase the risk of regulatory action that imposes losses on the holders of regulatory capital securities.

- The introduction of an Open Banking regime in Australia designed to increase access to banking product and customer data by consumers and third parties.

Other areas of ongoing regulatory change and review include:

- Global reform initiatives including US Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, and Over The Counter derivative market reforms.
- The Productivity Commission's inquiries into competition in the Australian financial system and the competitiveness and efficiency of the superannuation industry. Together with the Australian Government Treasury's Open Banking review, these inquiries cover almost the entirety of the banking and financial services sector and any outcomes from them will be considered by the Australian Government as part of its ongoing focus on improving customer outcomes.
- Supervisory actions to reinforce sound residential mortgage lending practices, including restrictions on investor and interest only lending. More broadly, the Australian Competition and Consumer Commission is conducting an inquiry into residential mortgage product pricing. This may require NAB to explain any changes or proposed changes to fees, charges or interest rates applicable to residential mortgage products.
- Changes to financial benchmarks, payments and privacy laws, accounting and reporting requirements, tax legislation and bank specific tax levies. This includes the major bank levy which became effective from 1 July 2017, and similar levies that Australian State and Territory Governments may introduce.
- Increasing supervision and regulation on anti-bribery and corruption, anti-money laundering, counter-terrorism financing and trade sanctions.
- An ongoing focus on financial advice, data quality and controls, conduct, governance and culture, conflicts of interest and management of life insurance claims.

The RBNZ issued its revised Outsourcing Policy which focuses on banking services provided by parent banks offshore. Implementation of, and compliance with, the final policy may impact the NAB Group's operations.

The full scope, timeline and impact of these current and potential inquiries and regulatory reforms, or how they will be implemented (if at all in some cases), is not known. Depending on the specific nature of requirements and how they are enforced, they may have an adverse impact on NAB's and the Guarantor's business, operations, structure, compliance costs or capital requirements, and ultimately its financial performance and prospects.

The NAB Group faces intense competition, which may adversely impact its financial performance and competitive position

There is substantial competition across the markets in which NAB and the Guarantor operate. Increasing competition for customers can lead to compression in profit margins or loss of market share. The NAB Group faces competition from established financial services providers as well as new market entrants, including foreign banks and non-bank competitors with lower costs and new operating models. Evolving industry trends and anticipated rapid changes in technology are likely to impact on customer needs and preferences. NAB and the Guarantor may not predict these changes accurately or quickly enough, or have the resources and flexibility to adapt in sufficient time to keep pace with industry developments and to meet customer expectations. As a result, the NAB Group's financial performance and competitive position may be adversely affected.

Risks specific to NAB and the Guarantor

There are a number of risks which arise directly from the operations of NAB and the Guarantor as major participants in the banking and financial services industry and from the specific structure of the NAB Group. The financial performance and position of NAB and the Guarantor have been, and in the future may continue to be, impacted by these risks, as set out below.

NAB and the Guarantor are exposed to credit risk, which may adversely impact their financial performance and position

Credit risk is the potential that a counterparty or customer will fail to meet its obligations to NAB or the Guarantor in accordance with agreed terms. Lending activities account for most of the NAB Group's credit risk. However, other sources of credit risk also exist in: banking and trading books, other financial instruments and loans, extension of commitments and guarantees, and transaction settlements.

Major sub-segments within the NAB Group's lending portfolio include residential housing loans, a material component of the NAB Group's total gross loans and acceptances, and commercial real estate loans, the majority of these domiciled across Australia and NZ. Adverse business or economic conditions, including deterioration in property valuations or prices of residential and commercial property, decline in employment markets, political environment volatility, or high levels of household debt in Australia and NZ may result in increased credit risk.

NAB and the Guarantor may also be exposed to the increased risk of counterparty or customer default should interest rates rise above the record or near record lows of recent years. In particular, NAB's and the Guarantor's portfolio of interest-only loans across retail and non-retail segments and the residential investor mortgage portfolio, may be susceptible to losses in the event of a rise in interest rates or a decline in property prices. NAB and the Guarantor may also be exposed to counterparty default in the event of deterioration in the market for apartments, through retail lending and non-retail lending to property developers.

The NAB Group's large business lending market share in Australia and NZ exposes it to potential losses should adverse conditions be experienced across this sector. Similarly, the NAB Group has a large market share in the Australian and NZ agricultural sectors, particularly the dairy sector in NZ. Volatility in commodity prices, foreign exchange rate movements, disease and introduction of pathogens and pests, export and quarantine restrictions and other risks may adversely impact these sectors and the NAB Group's financial performance and position.

The NZ dairy market has been under financial pressure due to lower milk solid payouts in 2015/16. While the outlook for milk prices has recently improved, it is expected that some level of financial pressure will continue for a period of time across this sector. The Australian dairy industry has also faced lower milk prices and industry disruption.

The mining, oil and gas industries in Australia, as well as a number of sectors that service them, were impacted by a slowdown in investment and a period of low commodity prices in key segments. This continues to present the risk of an increase in bad and doubtful debts.

Climate change may present risks arising from: extreme weather events that affect property or business operations, effect of new laws and Government policies designed to mitigate climate change, and impacts on certain customer segments as the economy transitions to renewable and low-emission technology. A consequence of these factors includes the risk of the NAB Group and its customers holding stranded assets.

NAB and the Guarantor provide for losses in relation to loans, advances and other assets. Estimating losses in the loan portfolio is, by its very nature, uncertain. The accuracy of these estimates depends on many factors, including general economic conditions, forecasts and assumptions, and involves complex modelling and judgements. If the information or the assumptions upon which assessments are made prove to be

inaccurate, the provisions for credit impairment may need to be revised. This may adversely impact NAB's and the Guarantor's financial performance and position.

The NAB Group may suffer losses due to its exposure to operational risks

Operational risk is the risk of loss resulting from inadequate internal processes and controls, people and systems or from external events. This includes legal risk but excludes strategic and reputational risk.

Operational risks are a core component of doing business arising from the day-to-day operational activities of NAB and the Guarantor as well as strategic projects and business change initiatives. Given that operational risks cannot be fully mitigated, the NAB Group determines an appropriate balance between accepting potential losses and incurring costs of mitigation.

An operational risk event may give rise to substantial losses, including financial loss, fines, penalties, personal injuries, reputational damage, loss of market share, theft of property, customer redress and litigation. Losses from operational risk events may adversely impact the NAB Group's reputation, and financial performance and position.

Examples of operational risk events include:

- Fraudulent or unauthorised acts by employees, contractors and external parties.
- Systems, technology and infrastructure failures, cyber incidents, including denial of service and malicious software attacks, or unauthorised access to customer or sensitive data.
- Process errors or failures arising from human error or inadequate design of processes or controls.
- Operational failures by third parties (including off-shored and outsourced service providers).
- Weaknesses in employment practices, including those with respect to diversity, discrimination and workplace health and safety.
- Deficiencies in product design or maintenance.
- Business disruption and property damage arising from events such as natural disasters, climate change, biological hazards or acts of terrorism.

In addition, the NAB Group is dependent on its ability to retain and attract key management and operating personnel. The unexpected loss of key resources, or the inability to attract personnel with suitable experience, may adversely impact the NAB Group's ability to operate effectively and efficiently, or to meet strategic objectives.

Models are used extensively in the conduct of the NAB Group's business, for example, in calculating capital requirements and measuring and stressing exposures. If the models used prove to be inadequate or are based on incorrect or invalid assumptions, judgements or inputs, this may adversely affect the NAB Group's financial performance and position.

The NAB Group may be exposed to risk from non-compliance with laws or standards and other forms of misconduct, which may adversely impact its reputation, and financial performance and position

The NAB Group is exposed to risk arising from failure or inability to comply with applicable laws, regulations, licence conditions, regulatory standards, industry codes of conduct and the NAB Group's policies and procedures. This may include detrimental practices, such as:

- Selling or unduly influencing customers to purchase inappropriate products and services.

- Conducting inappropriate market practices or being a party to fraudulent transactions.
- Non-adherence to fiduciary requirements or provision of financial advice which is inappropriate or not in the best interests of customers.

If NAB's and the Guarantor's compliance controls were to fail significantly, be set inappropriately, or not meet legal or regulatory expectations, then the NAB Group may be exposed to: fines, public censure, litigation, settlements, restitution to customers, regulators or other stakeholders, unenforceability of contracts such as loans, guarantees and other security documents, enforced suspension of operations, or loss of licence to operate all or part of the NAB Group's businesses. This may adversely impact NAB's and the Guarantor's reputation, and financial performance and position.

NAB and the Guarantor have ongoing discussions with key regulators on industry-wide issues and matters specific to them. Significant regulatory change and public scrutiny of the global financial services industry by conduct based regulators, and at times government, is driving increased minimum standards and customer expectations. This has led to a number of international firms facing high profile enforcement actions, including substantial fines, for breaches of laws or regulations. Refer to "*Notes to the Consolidated Financial Statements – Note 32 – Contingent liabilities and credit commitments*" on page 106 in the 2017 NAB Annual Financial Report for details on regulatory compliance investigations and reviews, and court proceedings brought by regulators against NAB and the Guarantor. The potential outcome of these court proceedings, investigations and reviews remain uncertain at this time, and it is possible that class actions could arise in relation to these matters.

In addition to matters disclosed in the 2017 NAB Annual Financial Report, ASIC is also conducting the following investigations and reviews:

- In January 2017, the NAB Group's superannuation trustee, NULIS Nominees (Australia) Ltd (**NULIS**), commissioned an independent assurance review in accordance with additional conditions on its financial service licence. As agreed with ASIC, the scope of the review covered NULIS' risk management procedures, processes for implementing product changes, disclosure and reporting to members, and conflicts management procedures. The first phase Interim Review findings and NULIS' responses were submitted to ASIC. The review is ongoing.
- Conduct-related issues, including responsible lending, the consumer credit insurance sales process and seeking further industry action in relation to loan contracts for small businesses under the Unfair Contract Terms regime. ASIC has reviewed lending practices in the home loan sector and commenced legal proceedings in March 2017 against another Australian bank for alleged contraventions of the responsible lending provisions of the National Consumer Credit Protection Act 2009 of Australia.

Provisions held for conduct and litigation matters are based on a number of assumptions derived from a combination of past experience, forecasts, industry comparison and the exercise of subjective judgement based on (where appropriate) external professional advice. Risks and uncertainties remain in relation to these assumptions and the ultimate costs of redress to the NAB Group. These factors mean that the eventual costs of conduct and compliance-related matters may differ materially from those estimated and further provisions may be required, adversely impacting the NAB Group's reputation, and financial performance and position.

Disruption of technology systems or breaches of data security may adversely impact the NAB Group's operations, reputation, and financial performance and position

Most of the day-to-day operations of the NAB Group are computer-based, and therefore the reliability and security of the NAB Group's information technology systems and infrastructure are essential to its business. Technology risk may arise from an array of factors, including: complexity within the technology environment, a failure of these systems to operate effectively, an inability to restore or recover such systems in acceptable timeframes, failure to keep technology up-to-date, a breach of data security, or other forms of

cyber-attack or physical attack. These factors may be wholly or partially beyond the control of the NAB Group. Such events may result in disruption to operations, adverse impact on speed and agility in the delivery of change and innovation, reputation damage, litigation, loss or theft of customer data, or regulatory investigations and penalties. These risks may adversely impact the NAB Group's reputation, and financial performance and position.

The rapid evolution of technology in the financial services industry and the increased expectation of customers for internet and mobile services on demand, expose the NAB Group to new challenges in these areas.

The NAB Group processes, stores and transmits large amounts of personal and confidential information through its computer systems and networks. The NAB Group invests significant resources in protecting the confidentiality and integrity of this information. However, threats to information security are constantly evolving and techniques used to perpetrate cyber-attacks are increasingly sophisticated. The NAB Group may not be able to anticipate a security threat, or be able to implement effective measures to prevent or minimise the resulting damage. An information security breach may result in operational disruption, regulatory enforcement actions, financial losses, theft or loss of customer data, or breach of privacy laws, all of which may adversely impact the NAB Group's reputation, and financial performance and position.

As with other business activities, the NAB Group uses select external providers (both in Australia and overseas) to continue to develop and provide its technology solutions. There is increasing regulatory and public scrutiny of outsourced and off-shored activities and their associated risks, such as the appropriate management and control of confidential data. The failure of any external providers to perform their obligations to the NAB Group or the failure of the NAB Group to appropriately manage those providers, may adversely impact the NAB Group's reputation, and financial performance and position.

Transformation and change programmes across the NAB Group may not deliver some or all of their anticipated benefits

The NAB Group invests significantly in change across the organisation, including technology, infrastructure and cultural transformation. There is a risk that these programmes may not realise some or all of the anticipated benefits. The NAB Group also continues to pursue business process improvement initiatives and invest in technology to achieve its strategic objectives, meet changing customer expectations and respond to competitive pressures. These process changes may increase operational and compliance risks, which may adversely impact the NAB Group's reputation, and financial performance and position.

The NAB Group may be exposed to losses if critical accounting judgements and estimates are subsequently found to be incorrect

Preparation of the NAB Group's financial statements requires management to make estimates and assumptions and to exercise judgement in applying relevant accounting policies, each of which may directly impact the reported amounts of assets, liabilities, income and expenses. Some areas involving a higher degree of judgement, or where assumptions are significant to the financial statements, include the estimates used in the calculation of provisions (including those pertaining to conduct-related matters), the valuation of goodwill and intangible assets, and the fair value of financial instruments.

If the judgements, estimates and assumptions used by the NAB Group in preparing consolidated financial statements are subsequently found to be incorrect, there could be a significant loss to the NAB Group beyond that anticipated or provided for, which may adversely impact the NAB Group's financial performance and position.

Litigation and contingent liabilities arising from NAB's and the Guarantor's business conduct may adversely impact their reputation, and financial performance and position

Entities within the NAB Group may be involved from time to time in legal proceedings arising from the conduct of their business. The aggregate potential liability and costs in respect thereof cannot be accurately assessed.

Refer to "Notes to the Consolidated Financial Statements – Note 32 – Contingent liabilities and credit commitments" on page 106 in the 2017 NAB Annual Financial Report for details in relation to the NAB Group's material legal proceedings and contingent liabilities.

Insufficient capital may adversely impact NAB's and the Guarantor's operations and financial performance and position

Capital risk is the risk that NAB and the Guarantor do not have sufficient capital and reserves to meet prudential requirements, achieve strategic plans and objectives, cover the risks to which they are exposed, or protect against unexpected losses. NAB and the Guarantor are required in all jurisdictions in which they undertake regulated activities to maintain minimum levels of capital and reserves relative to the balance sheet size and risk profile of their operations.

Prudential capital requirements and proposed changes to these requirements may:

- Limit NAB's and the Guarantor's ability to manage capital across the entities within the NAB Group.
- Limit payment of dividends or distributions on shares and hybrid instruments.
- Require the NAB Group to raise or use more capital of higher quality, or to restrict balance sheet growth.

Additionally, if the information or the assumptions upon which assessments of capital requirements are made prove to be inaccurate, this may adversely impact NAB's and the Guarantor's operations, and financial performance and position.

NAB's and the Guarantor's funding and liquidity position may be adversely impacted by dislocation in global capital markets

Funding risk is the risk that NAB and the Guarantor are unable to raise short and long-term funding to support their ongoing operations, strategic plans and objectives. The NAB Group accesses domestic and global capital markets as well as raising customer deposits to help fund their businesses. Dislocation in any of these capital markets, or reduced investor and customer appetite to hold the NAB Group's securities or place deposit funds, may adversely affect the NAB Group's ability to access funds or require access to funds at a higher cost or on unfavourable terms.

Liquidity risk is the risk that NAB and the Guarantor are unable to meet their financial obligations as they fall due. These obligations include the repayment of deposits on demand or at their contractual maturity, the repayment of borrowings and loan capital as they mature, the payment of interest on borrowings and the payment of operating expenses and taxes. Any significant deterioration in NAB's and the Guarantor's liquidity position may lead to an increase in the funding costs of NAB and the Guarantor, constrain the volume of new lending, or result in NAB drawing upon its committed liquidity facility with the Reserve

Bank of Australia. This may adversely impact the financial performance and position of NAB and the Guarantor.

A significant downgrade in NAB's and the Guarantor's credit ratings may adversely impact their cost of funds, market access and competitive position

Credit ratings are an opinion on the general creditworthiness of a borrower and may be an important reference for market participants in evaluating NAB, the Guarantor and their products, services and securities.

Credit rating agencies conduct ongoing review activities which can result in changes to credit rating settings and outlooks for the NAB Group, or for sovereign governments in countries in which the NAB Group conducts business. Credit ratings may be affected by operational and market factors, and changes in the rating methodologies used by the agencies.

A downgrade in the credit ratings within the NAB Group or of the NAB Group's securities, or a downgrade in the sovereign rating of one or more of the countries in which NAB and the Guarantor operate, may increase NAB's and the Guarantor's cost of funds or limit their access to the capital markets. This may also cause a deterioration of the liquidity position and trigger additional collateral requirements in derivative contracts and other secured funding arrangements. A downgrade to NAB's or the Guarantor's credit ratings relative to peers could also adversely impact NAB's and the Guarantor's competitive position.

Changes in interest rates may adversely impact NAB's and the Guarantor's financial performance and position

Interest rate risk is the risk to NAB's and the Guarantor's financial performance and position caused by changes in interest rates. As interest rates and yield curves change over time, including negative interest rates in countries in which NAB or the Guarantor operates, NAB and the Guarantor may be exposed to a loss in earnings and economic value due to the interest rate profile of their balance sheets. In the banking industry, such exposure commonly arises from the mismatch between the maturity profile of a bank's lending portfolio compared to its deposit portfolio (and other funding sources). Interest rate risk also includes the risk arising out of customers' demands for interest rate-related products with various repricing profiles. It is also possible that both short and long-term interest rates may change in a way that NAB and the Guarantor have not correctly anticipated.

NAB and the Guarantor are exposed to foreign exchange and translation risk, which may adversely impact their financial performance and position

Foreign exchange and translation risk arises from the impact of currency movements on the value of NAB's and the Guarantor's cash flows, profits and losses, and assets and liabilities due to participation in global financial markets and international operations.

The NAB Group's ownership structure includes investment in overseas subsidiaries and associates and exposures from known foreign currency transactions (such as repatriation of capital and dividends from off-shore subsidiaries). The NAB Group also conducts business outside of Australia and transacts with customers, banks and other counterparties in a number of different currencies. NAB's and the Guarantor's businesses may therefore be affected by a change in currency exchange rates, a full or partial break-up of the Eurozone, or a change in the reserve status of any of these currencies. Any unfavourable movement in foreign exchange rates may adversely impact the NAB Group's financial performance and position.

The NAB Group's financial statements are prepared and presented in Australian dollars, and any fluctuations in the Australian dollar against other currencies in which the NAB Group invests or transacts and generates profits (or incurs losses) may adversely impact its financial performance and position.

NAB and the Guarantor may suffer significant losses from their trading activities

Traded market risk is the risk of losses arising from trading activities, including proprietary trading, undertaken by NAB and the Guarantor. Losses can arise from a change in the value of positions in financial instruments or their hedges due to adverse movements in market prices. Any significant losses from such trading activities may adversely impact NAB's and the Guarantor's financial performance and position.

Damage to the NAB Group's reputation may adversely impact its financial performance and position

The NAB Group's reputation may be damaged by the actions, behaviour or performance of the NAB Group, its employees, affiliates, suppliers, intermediaries, counterparties or customers, or the financial services industry generally. Together with ongoing political and media scrutiny of the Australian banking industry, reputational damage has the potential to lead to further government intervention into the sector. For example, the Federal Opposition (Labor) has committed to establish a Royal Commission (a formal public inquiry that can only be instigated by the executive branch of the Australian Government and is directed by a terms of reference set by the Australian Government) into the banking and financial services sector. Recommendations from this inquiry, if legislated, could affect many of the NAB Group's interests.

A risk event, such as a compliance breach, fraud or an operational or technology failure, may expose the NAB Group to losses as a result of litigation, fines and penalties, remediation costs or loss of key personnel, and potentially impact NAB's share price. In addition, the event may adversely affect the perceptions of the NAB Group held by the public, shareholders, investors, customers, regulators or ratings agencies. The risk of reputational damage may be heightened by the continuing growth and use of social media.

Reputational damage may adversely impact the NAB Group's ability to attract and retain customers or employees in the short and long-term and the ability to pursue new business opportunities. It may result in a higher risk premium being applied to the NAB Group, and impact the cost of funding, its operations, or its financial condition. It may also result in regulators requiring the NAB Group to hold additional capital, pay fines or incur additional costs, including costs to undertake remedial action.

Failure to sell down underwriting risk may result in losses to the NAB Group

As financial intermediaries, members of the NAB Group underwrite or guarantee many different types of transactions, risks and outcomes, including the placement of listed and unlisted debt, equity-linked and equity securities. The underwriting obligation or guarantee may be over the pricing and placement of these securities, and the NAB Group may therefore suffer losses if it fails to sell down some or all of this risk to other market participants.

A failure of NAB's and the Guarantor's risk management framework may adversely impact its reputation and financial performance and position

NAB and the Guarantor operate within a risk management framework that is based on a Three Lines of Defence model. This model is the totality of systems, structures, policies, processes and people that manage all material internal and external sources of identified material risk.

As with any risk management strategy, there is no guarantee that this framework is sufficient to mitigate known risks or to identify or address changing or new and emerging risks.

Certain strategic decisions, including acquisitions or divestments, may adversely impact NAB's and the Guarantor's reputation, and financial performance and position

There is a risk that the assumptions underlying NAB's and the Guarantor's strategic decisions are (or prove to be) incorrect, or that the conditions underpinning those strategic decisions may change. NAB and the Guarantor may not have the resources or flexibility to adapt quickly (or at all) to such change. In addition,

any one or more of NAB's and the Guarantor's strategic initiatives may prove to be too difficult or costly to execute effectively.

NAB and the Guarantor regularly consider a range of corporate opportunities including acquisitions, divestments and joint ventures. Opportunities that are pursued may change NAB's and the Guarantor's risk profile and capital structure, and inherently come with transaction risks including over-valuation of an acquisition (or under-valuation of a divestment), and exposure to reputational and financial risks.

Risks may arise through the integration or separation of a business, including failure to realise expected synergies, disruption to operations, diversion of management resources or higher than expected costs. In addition, the NAB Group may have ongoing exposures to divested businesses, including through the provision of continued services and infrastructure (such as the transitional services being provided to CYBG PLC (**CYBG**) and MLC Limited) or the retention of liabilities, including through warranties and indemnities in sale agreements such as the Conduct Indemnity Deed with CYBG. Refer to "Notes to the Consolidated Financial Statements – Note 32 – Contingent liabilities and credit commitments" on page 106 in the 2017 NAB Annual Financial Report incorporated by reference herein under the heading "UK conduct issues and the Conduct Indemnity Deed".

Risks specific to the NAB Wealth (MLC Limited) life insurance transaction

In addition to the risks described above, a number of specific risks exist in connection with the MLC life insurance transaction.

In connection with the sale of 80 per cent of MLC Limited to Nippon Life Insurance Company (**Nippon Life**), NAB gave certain covenants, warranties and indemnities in favour of Nippon Life, a breach or triggering of which may result in NAB being liable to Nippon Life. NAB also entered into long term agreements in relation to the distribution of life insurance products and the continued use of the MLC brand by MLC Limited. The duration and nature of these agreements give rise to certain risks, including that changes in the regulatory or commercial environment may impact the commercial attractiveness of these agreements and limit future opportunities for NAB through non-compete arrangements.

NAB agreed to take certain actions to establish MLC Limited as a standalone entity, including data migration and the development of technology systems. As this work has yet to be completed, there is a risk that implementation costs may ultimately prove higher than anticipated.

Risks specific to BNZ-IF and the Guarantor

BNZ-IF is the Guarantor's offshore funding entity

BNZ-IF is a funding entity, the primary business of which is the carrying out of the Guarantor's offshore wholesale funding through the issuance of debt securities (see "Description of BNZ-IF" on pages 199 to 201 of this Offering Circular for further details). BNZ-IF's debt securities are unconditionally and irrevocably guaranteed by the Guarantor to enable BNZ-IF to carry out such fundraising activities. As all funds raised by BNZ-IF will be on-lent to the Guarantor, the ability of BNZ-IF to fund its debt obligations in respect of Guaranteed Senior Notes will be entirely dependent on the ability of the Guarantor to fund its debt obligations to BNZ-IF.

The Guarantor may be adversely impacted by the risk of changes in general business and economic conditions in New Zealand

The business activities of the Guarantor are dependent on the level of banking, financial products and services required by its customers. In particular, levels of borrowing are heavily dependent on customer confidence, employment trends, market interest rates and macro-economic and financial market conditions and forecasts. As the Guarantor primarily conducts business in New Zealand, the Guarantor's performance is dependent on the performance of the economy in New Zealand, which is affected by both New Zealand

and international economic and political events that are beyond the Guarantor's control. Economic and political factors and events in New Zealand that could adversely affect the Guarantor's financial performance and position include, but are not limited to, changes in: fiscal and monetary policies, short-term and long-term interest rates, inflation, monetary supply, commodity prices, capital markets (including debt and equity), foreign exchange rates, consumer and business confidence and the relative strength of the New Zealand economy.

In recent years, the New Zealand housing sector has experienced house price appreciation stimulated by a number of factors, including, without limitation, a housing supply shortage in Auckland (New Zealand's largest city), high net inward migration and low interest rates. A material slowdown in the housing sector which could result from changes to these factors could have a significant impact on lending volumes and property values. A decrease in property values in New Zealand could increase the losses that the Guarantor may experience from its existing housing loans and decrease the amount of new housing loans that the Guarantor is able to originate. General macro-economic events, such as, among others, a sustained increase in unemployment or a further sustained decline in the dairy market, may negatively affect household or corporate incomes in New Zealand. A material downturn in the New Zealand economy or changes in the economic environment may adversely impact the Guarantor's operations, liquidity, capital resources and financial performance and position.

The Guarantor is subject to extensive regulation. Regulatory changes may adversely impact the Guarantor's operations, and financial performance and position

The Guarantor is subject to laws, regulations and codes of practice in New Zealand and other jurisdictions in which it conducts business, trades or raises funds. The New Zealand government and its agencies, including the RBNZ and the Financial Markets Authority, have supervisory oversight over the Guarantor, as does APRA, indirectly through its supervisory oversight of NAB. The Guarantor continues to expect increased regulatory focus on capital and liquidity requirements, macro-prudential tools, consumer outcomes and other aspects of its business that may impose increased regulatory burdens. The Guarantor's failure to comply with applicable laws, regulations or codes of practice could result in the imposition of sanctions by regulatory agencies, compensatory action by affected persons, and could damage the Guarantor's reputation.

The Guarantor is registered under the Reserve Bank of New Zealand Act 1989 (New Zealand) and supervised by the RBNZ. As part of its registration the Guarantor is subject to conditions of registration imposed by the RBNZ (the **Conditions of Registration**). The Conditions of Registration may be changed at any time and any changes may be beyond the Guarantor's control. If the RBNZ concluded that the Guarantor did not satisfy the Conditions of Registration, sanctions could be imposed on the Guarantor. These sanctions could include disclosure of the breach, increases in required levels of capital, fines, additional limitations on the conduct of the Guarantor's business and, in the case of a material breach or breaches, cancellation of the Guarantor's registration as a bank or a recommendation that the Guarantor be placed under statutory management. In addition, the RBNZ could require the Guarantor to take additional steps and incur additional expense to satisfy the Conditions of Registration.

Examples of current and potential regulatory changes impacting the Guarantor are set out below:

The RBNZ is undertaking a comprehensive review of the capital adequacy framework applying to New Zealand incorporated registered banks over 2017/2018. The aim of the review is to identify the most appropriate framework for setting capital requirements for New Zealand incorporated registered banks, taking into account how the current framework has operated and international developments in bank capital requirements. The revised capital framework for such banks may result in a departure from Basel III Capital Adequacy Framework and include capital constraints and compromised efficiency of capital structures. As at the date of this Offering Circular, the outcome of this review cannot be determined with any certainty.

Open Bank Resolution (**OBR**) is an RBNZ policy option aimed at resolving a bank failure quickly, including by suspending payment of a portion of liabilities so the bank can be promptly reopened for business, consequently minimising stresses on the overall banking and payments system. Under the Conditions of

Registration, New Zealand incorporated registered banks with retail deposits over NZ\$1 billion (which includes the Guarantor) are required to comply with the OBR Pre-positioning Requirements Policy (BS17), which describes the process and requirements on banks.

The RBNZ has macro-prudential tools that may be used to manage financial system risks. These include quantitative restrictions on the share of high loan-to-value ratio (**LVR**) loans to the residential property sector, adjustments to sectoral capital requirements, adjustments to the minimum RBNZ core funding ratio requirements, and the Basel III countercyclical capital buffer of common equity (which has an indicative range of up to 2.5 per cent.) in addition to the conservation buffer of 2.5 per cent. above the core Basel III minimum capital adequacy ratios. In June 2017, the RBNZ began a consultation on the addition of a debt to income restriction to its macro-prudential toolkit. The RBNZ will require approval from the New Zealand Minister of Finance before such a restriction could be added to the macro-prudential toolkit.

As set out below, the RBNZ from time to time has introduced changes to the capital regime and the Framework for Restrictions on High-LVR Residential Mortgage Lending (BS19) to respond to its concerns about housing market practices.

- In September 2013, the RBNZ increased the capital adequacy requirements for such loans for banks that use the internal ratings-based approach for calculating capital adequacy ratios, such as the Guarantor.
- In October 2013, the RBNZ restricted new high LVR lending (greater than 80 per cent.) to be no more than 10 per cent. of total new residential mortgages.
- In May 2015, the RBNZ announced a new sub-asset class for loans to residential property investors and increased the amount of capital that New Zealand incorporated registered banks are expected to hold for property-investment residential mortgage loans (i.e., loans for non-owner occupier purposes). The new sub-asset class took effect from November 2015, with a phase-in period of 12 months for the reclassification of existing loans.
- In July 2016, the RBNZ announced revised restrictions on new lending (effective from 1 October 2016) which continued to limit high LVR lending to owner occupiers and introduced restrictions on new lending to residential property investors with an LVR greater than 60 per cent. to no more than five per cent. of the dollar value of new lending to that segment.

The RBNZ has issued its revised Outsourcing Policy (BS11), which was incorporated into the Guarantor's Conditions of Registration and took effect on 1 October 2017. The revised policy explicitly deals with parent bank failure and directly links to the RBNZ's OBR policy. Under the revised policy, the RBNZ requires, among other things, banks to maintain a compendium of outsourced services, and there is a formal engagement process with the RBNZ on new proposed outsourcing arrangements with related parties. Each large non-New Zealand owned bank (including the Guarantor) is also required to produce a separation plan for abrupt separation from its parent that is signed off by the bank's senior management and board of directors and approved by the RBNZ. The revised policy provides for a five-year transitional path for affected banks (including the Guarantor) to become compliant with the policy. Implementation of, and compliance with, the final policy is likely to result in increased costs and operational and strategic execution risks to the Guarantor.

The RBNZ and the New Zealand Ministry of Business, Innovation and Employment (**MBIE**) are consulting on a proposal to address the impacts of foreign margin reforms on the New Zealand financial sector, in particular, non-centrally cleared derivative transactions. This includes a focus on promoting sector efficiency and soundness by ensuring New Zealand incorporated registered banks can continue to comply with the regulatory requirements and market practices of their international counterparts. The consultation includes a preferred option which would require a few limited but specific amendments required to aspects of New

Zealand legislation in order to give full effect to these reforms. As at the date of this Offering Circular, the outcome of this engagement cannot be determined with any certainty.

In February 2016, the New Zealand government asked MBIE to review the retail payment systems in New Zealand to determine whether, as they operate at present, and as they may develop in the future, they are producing good economic outcomes. MBIE provided the New Zealand government with initial advice in July 2016. Following this, MBIE produced an issues paper in October 2016, which aimed to test its advice through consultation with the public (the consultation period closed on 20 January 2017). In August 2017, the New Zealand Commerce and Consumer Affairs Minister issued a letter to Payments New Zealand (a governance organisation in respect of core payment systems) outlining actions the Minister would like an update on by April 2018, relating to inter-bank average rate transparency, existing initiatives to improve payments innovation and engagement with payments stakeholder groups. As at the date of this Offering Circular, the outcome of this review cannot be determined with any certainty; however, the outcome has the potential to impact future earnings.

New Zealand incorporated registered banks, including the Guarantor, are required to comply with the RBNZ's Liquidity Policy (**BS13**). BS13 requires the Guarantor to meet a minimum core funding ratio of 75 per cent. Basel III has introduced a liquidity policy, which the RBNZ considers to broadly reflect the intent of BS13. However, the RBNZ has indicated that certain aspects of the Basel III liquidity standards may not be suitable for adoption in New Zealand. The RBNZ has stated that it will be reviewing BS13 in 2017/2018 in light of the BCBS's new liquidity requirements. Implementation of Basel III reforms could increase the regulatory compliance costs to the Guarantor.

In August 2017, a bill was introduced to the New Zealand Parliament proposing amendments to the existing financial advisers regime in New Zealand (the **Financial Services Legislation Amendment Bill**). If the proposed amendments are enacted in their current form, new adviser designations, corresponding conduct obligations and licensing requirements for any person providing financial advice in New Zealand will be implemented, and updated conduct obligations will require compliance with specific adviser competency standards. The Financial Services Legislation Amendment Bill is expected to be passed by mid-2018 and be in force by May 2019. However, it is expected that a period of transitional licensing will apply from May 2019 to April 2021 which will allow financial advisers to continue providing financial advice under a transitional licence. The Financial Services Legislation Amendment Bill is likely to increase the competency requirements and impose greater duties of care and skill on frontline bankers which may increase the regulatory compliance costs to the Guarantor.

APRA has confirmed the terms on which NAB may provide contingent funding support to a New Zealand banking subsidiary, including the Guarantor, during times of financial stress. APRA has confirmed that, at this time, only covered bonds meet its criteria for contingent funding arrangements. Such contingent funding support is proposed to be captured within an aggregate exposure limit (including debt, equity and any exposures held through a branch) of 50 per cent. of NAB's Level One Tier One Capital.

The Guarantor is exposed to credit risk, which may adversely impact its financial performance and position

Following lower milk solid pay-outs in the 2015 and 2016 farming years (from 1 June to 31 May), the 2017 farming year returned pay-outs to above breakeven for the majority of New Zealand farmers. The Guarantor is well positioned and working closely with those customers for whom some level of financial pressure remains following the lower 2015 and 2016 pay-outs. However, there is still a risk of volatility in milk prices given the global drivers at play.

Climate change and concerns regarding water in New Zealand may give rise to regulatory change. These changes may disrupt the operations of the Guarantor's customers involved in the agricultural sector and may require investment in emission-reducing and water-cleaning technologies and changes to farming practice. Potential regulatory change could give rise to transitional risk as the New Zealand economy transitions to renewable and low-emission technology, tax changes, revised land use regulation and may require changes

to the Guarantor's operations, strategy, risk profile and risk appetite, which may adversely impact the Guarantor's financial performance and position.

The Guarantor may be exposed to risk from non-compliance with laws or standards and other forms of misconduct, which may adversely impact its reputation, and financial performance and position

The Labour Inspectorate of MBIE is currently undertaking a programme of compliance audits of a number of New Zealand organisations in respect of the New Zealand Holidays Act 2003 (the **Holidays Act**). The Guarantor requested early participation in this programme in May 2016 and received the Labour Inspectorate's final report, which set out its findings regarding the Guarantor's compliance with the Holidays Act, on 18 January 2017. The findings indicated that the Guarantor has not complied with certain requirements of the Holidays Act, including in respect of annual and public holiday payments to certain employees. The Guarantor is reviewing the findings and is working with the Labour Inspectorate to reach an appropriate resolution. As at the date of this Offering Circular, the final outcome cannot be determined with any certainty. If the outcome of the audit ultimately results in material enforcement action or other costs (including remediation costs), this could have adverse financial consequences for the Guarantor.

The Guarantor may be exposed to climate-related, geological and other extrinsic events which could adversely impact its financial performance and position

The Guarantor and its customers may be exposed to natural and biological disasters, such as, but not restricted to, extreme weather events (e.g., severe storms, droughts, fires, cyclones, hurricanes, floods or rising sea levels), plant and animal diseases, pandemics or geological events (e.g., earthquakes, tsunamis or volcanic eruptions). In recent years, significant earthquakes and aftershocks in New Zealand have caused property and infrastructure damage. While much of the property damage from these events was or is expected to be, as the case may be, covered by public (New Zealand Earthquake Commission) and private insurance, there is the potential that these events (or any future natural or biological disaster) may cause negative impacts on property (and hence collateral) values, future levels of insurance and reinsurance coverage across New Zealand and could increase provisioning and lending losses for the Guarantor. The economic and financial market implications of such events may adversely impact the Guarantor's business, operations, financial condition and future performance.

The Guarantor is exposed to foreign exchange and translation risk, which may adversely impact its financial performance and position

The Guarantor's financial statements are prepared and presented in New Zealand dollars, and any fluctuations in the New Zealand dollar against other currencies in which the Guarantor invests or transacts and generates profits (or incurs losses) may adversely impact its financial performance and position.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes and those which might occur in relation to certain types of Exempt Notes:

Risks applicable to all Notes

If the relevant Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Senior Notes and Guaranteed Senior Notes when its cost of borrowing is lower than the interest rate on those Senior Notes and Guaranteed Senior Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes and Guaranteed Senior Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Under certain circumstances, NAB will have the right to redeem or repurchase Subordinated Notes before their stated maturity. However, it may only do so with APRA's approval. Noteholders should not expect that APRA's approval will be given for any early redemption of Subordinated Notes.

If the relevant Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that may convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate and such conversion may affect the secondary market in, and the market value of, the Notes since the relevant Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the relevant Issuer. If the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Holder of Notes issued in the form of global Notes and deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg, a sub-custodian for the CMU or with a nominee for DTC will have to rely on their procedures, including for transfer, payment and communications

Notes issued under the Programme will be represented on issue by one or more global Notes that may be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg, a sub-custodian for the CMU or with a nominee for DTC (each as defined under "Form of the Notes"). Except in the circumstances described in each global Note, investors will not be entitled to receive Notes in definitive form. Each of DTC, CMU, Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each global Note held through it. While the Notes are represented by a global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants, and investors will have to rely on the procedures of the relevant clearing system and of their respective participants, including for transfer, payment and communications.

A holder of a beneficial interest in a global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The relevant Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any global Note.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The obligations of the relevant Issuer and (in the case of Guaranteed Senior Notes) the Guarantor under the Notes are structurally subordinated to the indebtedness and other obligations, including trade payables, of the subsidiaries of the relevant Issuer and (in the case of Guaranteed Senior Notes) the Guarantor

The obligations of the relevant Issuer and (in the case of Guaranteed Senior Notes) the Guarantor under the Notes are structurally subordinated to all indebtedness and other obligations, including trade payables, of the subsidiaries of the relevant Issuer and (in the case of Guaranteed Senior Notes) the Guarantor. The effect of this structural subordination is that, in the event of a bankruptcy, liquidation, dissolution, reorganisation or similar proceeding involving a subsidiary of the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor, the assets of the affected entity could not be used to pay holders of the relevant Notes until all other claims against that subsidiary, including trade payables, have been fully paid.

Risks related to the structure of Subordinated Notes

NAB's obligations under Subordinated Notes are subordinated to its senior indebtedness, the incurrence of which is not restricted by the terms of the Subordinated Notes

NAB's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to the claims of Senior Creditors as defined in Condition 3.2, *pari passu* among themselves, *pari passu* with Equal Ranking Instruments as defined in Condition 3.2 and ahead of Junior Ranking Instruments as defined in Condition 3.2. As a result, although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a risk that an investor in Subordinated Notes will lose all or some of its investment should NAB become insolvent. Potential investors in Subordinated Notes should understand that the Subordinated Notes will rank equally with the US\$250 million undated subordinated Floating Rate Notes issued by NAB on 9 October 1986 and behind instruments issued as Lower Tier 2 Capital prior to 1 January 2013. See "*General Information – Additional Disclosure in relation to the Ranking of Subordinated Notes*".

The liabilities which are preferred by Australian law to the claims of a holder in respect of a Subordinated Note will be substantial and the terms and conditions of Subordinated Notes do not limit the amount of such liabilities which may be incurred or assumed by NAB or its subsidiaries from time to time. Further, under the terms of the Subordinated Notes, there is no restriction on the amount of debt that NAB may issue that ranks senior to or *pari passu* with the Subordinated Notes. The issue of debt by NAB or its subsidiaries may reduce the amount recoverable by a holder upon any Winding Up (as defined in Condition 3.2) of NAB. NAB's ability to make payments on a timely basis or at all on its outstanding debt may depend on the amount and terms of NAB's other obligations.

There are restrictions on the payment of interest, principal and other amounts on Subordinated Notes

Payment of interest, principal and other amounts in respect of Subordinated Notes is conditional upon NAB being solvent when and immediately after such payment is made.

There are limited remedies available to holders for non-payment of amounts owing under Subordinated Notes

If NAB fails to pay any amount of interest or principal on Subordinated Notes when due to be paid, the Trustee may, either at its own discretion or at the direction of the requisite number of holders but subject in each case to it being indemnified and/or secured and/or pre-funded to its satisfaction, take action to recover the amount unpaid provided that NAB may only be compelled to pay the unpaid amount to the extent that it is, and immediately after the payment is made would remain, solvent.

There may be a limited right to accelerate amounts owing under Subordinated Notes

The only circumstance where amounts owing under Subordinated Notes may be accelerated by the Trustee or a requisite number of holders is, in summary, upon the making of a court order or the passing of an effective resolution for the winding up of NAB (which is not successfully appealed or permanently stayed within 60 days of making the order).

Investors in Subordinated Notes shall not have any right to set-off

To the fullest extent permitted by applicable law, a holder of a Subordinated Note shall not have any right to set-off any amounts owing to it by NAB in connection with that Subordinated Note against any amount owing by it to NAB in connection with the Subordinated Notes or otherwise and NAB shall not have any right to set-off any amounts owing by it to the holder in connection with that Subordinated Note against any amount owing by the holder to it in connection with the Subordinated Notes or otherwise.

Subordinated Notes are subject to mandatory Conversion or Write-Off in the event of the non-viability of NAB

Under the Terms and Conditions of the Notes, Subordinated Notes are subject to mandatory Conversion into ordinary shares in the capital of NAB (**Ordinary Shares**) or Write-Off if a Non-Viability Trigger Event occurs. The applicable Final Terms will specify whether the Subordinated Notes are to be Converted upon a Non-Viability Trigger Event (or, in certain limited circumstances, Written-Off) (**Conversion Option**) or are to be Written-Off upon a Non-Viability Trigger Event (**Write-Off Option**). Capitalised terms defined in the Terms and Conditions of the Notes shall have the same meanings in this risk factor unless otherwise stated.

A **Non-Viability Trigger Event** occurs when APRA has provided a written determination to NAB that (i) the conversion or write-off of certain regulatory capital instruments of NAB is necessary because without the conversion or write-off, APRA considers that NAB would become non-viable or (ii) without a public sector injection of capital into, or equivalent capital support with respect to, NAB, APRA considers that NAB would become non-viable.

On the date on which a Non-Viability Trigger Event occurs (the **Conversion Date**), where the requirements of the determination are not satisfied by the conversion or write-off of Tier 1 Capital Instruments of NAB which, in accordance with their terms or by operation of law, are capable of being written-off or converted in the event of non-viability, NAB will be required:

- (i) if the Conversion Option applies:
 - (a) to Convert immediately and irrevocably all or some of the nominal amount of the Subordinated Notes into Ordinary Shares; or
 - (b) alternatively, if, for any reason (including if NAB is prevented by applicable law, order or other reason from Converting the Subordinated Notes into Ordinary Shares) Conversion has not been effected within five Business Days (as defined in the Schedule to the Terms and Conditions of the Notes), NAB will be required to Write-Off and immediately and

irrevocably terminate all or some of the nominal amount of the Subordinated Notes with effect on and from the Conversion Date; or

- (ii) if the Write-Off Option applies, to write-off and immediately and irrevocably terminate all or some of the nominal amount of the Subordinated Notes.

For the purposes of paragraph (i) and (ii) above, the Subordinated Notes will be Converted or Written-Off (as applicable) on an approximately proportionate basis with other Tier 2 Capital Instruments of NAB, which in accordance with their terms or by operation of law, are capable of being written-off or converted in the event of non-viability.

Noteholders should note that APRA will not approve partial conversion or partial write-off in those exceptional circumstances where a public sector injection of funds is deemed necessary. In circumstances where APRA considers that NAB would be non-viable without a public sector injection of capital, NAB must immediately convert or write-off all Relevant Capital Instruments. If APRA does not consider that a public sector injection of capital is required, and APRA is satisfied that conversion or write-off of a proportion of Relevant Capital Instruments will be sufficient to ensure that NAB does not become non-viable, NAB must immediately convert or write-off that proportion.

The holders of Subordinated Notes issued under this Offering Circular are likely to be in a worse position in the event of NAB becoming non-viable than holders of NAB's term subordinated debt issued prior to 1 January 2013

It is a requirement under APRA's prudential standards, which came into effect on 1 January 2013, that any instruments, in order to be eligible for inclusion as regulatory capital known as Additional Tier 1 Capital and Tier 2 Capital (including term subordinated debt), contain provisions for conversion or write-off in the event of non-viability.

Potential investors in Subordinated Notes should understand that NAB has on issue Tier 1 Capital Instruments and Tier 2 Capital Instruments which were issued prior to the implementation of the above prudential requirements and which, in the event of non-viability, are not capable of being written-off or converted in accordance with their terms or by operation of law. Accordingly, the Subordinated Notes may be Converted or Written-Off before any such instruments (notwithstanding that claims of holders of Tier 1 Capital Instruments may, in the Winding Up (as defined in Condition 3.2) of NAB, rank junior to the claims of the holders of Subordinated Notes). Without limiting the foregoing, the requirement for conversion or write-off on account of a Non-Viability Trigger Event does not apply to certain of NAB's existing term subordinated debt and accordingly the holders of Subordinated Notes issued under this Offering Circular are likely to be in a worse position in the event of NAB becoming non-viable than holders of such existing term subordinated debt of NAB.

The circumstances under which APRA would consider NAB non-viable are uncertain

APRA's prudential standards do not define non-viability and APRA has not provided any guidance on how it would determine non-viability. Non-viability could be expected to include a serious impairment of NAB's financial position. However, it is possible that APRA's view of non-viability may not be confined to solvency or capital measures and APRA's position on these matters may change over time. Non-viability may be significantly impacted by a number of factors, including factors which impact the business, operation and financial condition of NAB, such as systemic and non-systemic macro-economic, environmental and operational factors.

A Non-Viability Trigger Event could occur at any time

A Non-Viability Trigger Event could occur on dates not previously contemplated by investors or which may be unfavourable in light of the prevailing market conditions or investors' individual circumstances or timing preferences.

Investors may suffer adverse consequences if Subordinated Notes are Converted into Ordinary Shares as a result of a Non-Viability Trigger Event

Potential investors in Subordinated Notes should understand that, if a Non-Viability Trigger Event occurs and Subordinated Notes are Converted into Ordinary Shares, investors are obliged to accept the Ordinary Shares or a cash amount pursuant to Condition 10A.9(e)(ii) even if they do not at the time consider Ordinary Shares (or cash) to be an appropriate investment for them at the time and despite any change in the financial position of NAB since the issue of the Subordinated Notes or any disruption to the market for those shares or to capital markets generally. Further, investors have no right to elect to have Subordinated Notes Written-Off instead of Converted.

Potential investors in Subordinated Notes should also consider the additional issues outlined below, which may adversely impact them in the event of Conversion.

- The number of Ordinary Shares that a holder will receive on Conversion is calculated in accordance with a formula which provides for a calculation based on a discounted volume weighted average price (**VWAP**) over five Business Days (as defined in the Schedule to the Terms and Conditions of the Notes) (or other period specified in the applicable Final Terms) but cannot be greater than a maximum conversion number based on 20 per cent. of the VWAP during the period of 20 Business Days (as defined in the Schedule to the Terms and Conditions of the Notes) (or other period specified in the applicable Final Terms) preceding the issue date of the Relevant Subordinated Notes (as defined in the Schedule to the Terms and Conditions of the Notes) (the **Issue Date VWAP**). For more information on the conversion mechanics see Condition 10A.
- The Issue Date VWAP is adjusted for only limited corporate actions of NAB, including bonus issues and divisions. Accordingly, a holder of Subordinated Notes may receive Ordinary Shares on Conversion worth significantly less than the nominal amount of the holder's Subordinated Notes.
- The Ordinary Shares may not be able to be sold at prices representing the VWAP used to determine the number of Ordinary Shares to be issued, or at all. In particular, the VWAP will be based wholly or partly on trading days which occurred before the Non-Viability Trigger Event.
- The calculation for the number of Ordinary Shares that a holder may receive upon a Conversion of Subordinated Notes relies upon a conversion of Australian dollar amounts (being the currency in which the Ordinary Shares are denominated and are quoted on the Australian Securities Exchange (the **ASX**)). If the Subordinated Notes are denominated in a Specified Currency other than Australian dollars, there are risks that the exchange rate between Australian dollars and the Specified Currency in which the Subordinated Notes are denominated may be subject to material changes, and the imposition or modification of exchange controls by the applicable governments, which may also affect exchange rates. In recent years, exchange rates between certain currencies, including (but not limited to) the exchange rate between the Australian dollar and U.S. dollar, have been highly volatile. Volatility between these currencies or with other currencies may occur in the future, though fluctuations in exchange rates in the past are not necessarily indicative of fluctuations that may occur in the future. Depending upon the exchange rates prevailing around the time that a Non-Viability Trigger Event occurs, the number of Ordinary Shares that a holder of Subordinated Notes actually receives upon a Conversion relating to a particular Non-Viability Trigger Event may be significantly less than the number of Ordinary Shares the holder may have received had the Conversion taken place on a different date or that the holder otherwise expected to receive. Prospective investors in Subordinated Notes could lose a substantial portion of their investment in these circumstances. No interest or other compensation is payable in the event of a loss by an investor due to foreign currency conversions. See risk factor entitled "*Depreciation of the Australian dollar against the Specified Currency of the Subordinated Notes may make it more likely that the maximum conversion number will apply*" for more detail on the risks associated with changes to exchange rates between Australian dollars and the Specified Currency.

- To enable NAB to issue Ordinary Shares to a holder of Subordinated Notes on Conversion, investors need to have appropriate securities accounts in Australia for the receipt of Ordinary Shares and to provide to NAB, no later than the Conversion Date, their name and address and certain security holder account and other details. Holders of Subordinated Notes should understand that a failure to provide this information to NAB on time, or where the holder is a Foreign Holder (as defined in Condition 10A.9) or notifies NAB that it does not wish to receive Ordinary Shares in connection with a Conversion, may result in NAB issuing the Ordinary Shares to a nominee. The nominee may then sell the Ordinary Shares received on Conversion, paying the net proceeds (if any) to the holders. The nominee will have no duty or obligation to seek a fair market price, or to engage in an arm's length transaction in such sale. NAB and the nominee give no assurance as to whether a sale will be achieved or the price at which it may be achieved and each has no liability to holders of Subordinated Notes for any loss suffered as a result of the sale of Ordinary Shares. In this situation, holders of Subordinated Notes will have no further rights against NAB in relation to the Conversion.
- There may be no market in Ordinary Shares received on Conversion and holders may not be able to sell the Ordinary Shares at a price equal to the value of their investment and, as a result, may suffer loss. The sale of Ordinary Shares in NAB may also be restricted by applicable Australian law, including restrictions under the Corporations Act on the sale of Ordinary Shares within 12 months of their issue (except where certain exemptions apply) on account of the Subordinated Notes and the Ordinary Shares being issued without disclosure by NAB as required by the Corporations Act. The restrictions may apply to sales by any nominee for holders as well as sales by holders and, by restricting sales, holders may suffer loss. Holders of Subordinated Notes agree under the Terms and Conditions of the Notes not to trade Ordinary Shares issued on Conversion (except where relevant exemptions apply), until NAB has taken all actions required under the Corporations Act, other applicable laws and the listing rules of the ASX (**ASX Listing Rules**) for the Ordinary Shares to be freely tradeable without further disclosure or other action.
- Potential investors in Subordinated Notes should also understand that if NAB is required to Convert a nominal amount of Subordinated Notes but, for any reason (including if NAB is prevented from doing so by applicable law, court order, government action) the Conversion is not effected within five Business Days (as defined in the Schedule to the Terms and Conditions of the Notes) after the Conversion Date, the Conversion will not occur and the rights of holders in relation to those Subordinated Notes will be Written-Off and immediately and irrevocably terminated. Such holders will have no recourse to NAB if NAB fails to issue Ordinary Shares in respect of any Subordinated Notes, or portions thereof. In this situation also, holders will lose some or all of the value of their investment and will not receive any compensation.
- The rules and regulations of ASX in certain circumstances limit NAB's ability, without shareholder approval, to issue Ordinary Shares and other equity securities (which may include convertible notes) without the approval of holders of Ordinary Shares. If the issue or Conversion of Subordinated Notes would contravene that limit, then NAB may be prevented from Converting Subordinated Notes and such Subordinated Notes may be required to be Written-Off.
- As described further under "*Description of NAB – Major Shareholders*" on pages 193 to 194 of this Offering Circular, there are provisions of Australian law that are relevant to the ability of any person to acquire interests in NAB beyond the limits prescribed by those laws. These provisions could apply to the Conversion of Subordinated Notes into Ordinary Shares and, in some circumstances, could apply to the acquisition of Subordinated Notes.
- Potential investors in Subordinated Notes should take care to ensure that by acquiring any Subordinated Notes which provide for such Subordinated Notes to be Converted to Ordinary Shares as provided in Condition 10A (taking into account any Ordinary Shares into which they may Convert), such holders do not breach any applicable restrictions on the ownership of interests in NAB. Without limiting this, if Conversion of Subordinated Notes into Ordinary Shares (whether in

the hands of the Noteholder or a nominee) would breach those restrictions, NAB may be prevented from Converting such Subordinated Notes and, where Conversion is required under Condition 10A, such Subordinated Notes may be required to be Written-Off.

In addition, insolvency or Winding-Up proceedings may also prevent NAB from issuing Ordinary Shares within five Business Days (as defined in the Schedule to the Terms and Conditions of the Notes) after the Conversion Date, resulting in the Relevant Subordinated Notes being Written-Off.

Holders of Subordinated Notes will lose some or all of the value of their investment and will not receive any compensation if their Subordinated Notes are Written-Off

If Subordinated Notes are Written-Off, holders of such Subordinated Notes will lose some or all of the value of their investment and will not receive any compensation. The rights of the holders of such Subordinated Notes or portions thereof (including rights to payment of interest with respect to such principal amount, both in the future or as accrued but unpaid) will be immediately and irrevocably terminated for no consideration in respect of such amount Written-Off and holders of such Subordinated Notes may receive no consideration for their investment. Noteholders have no right to elect to have Subordinated Notes Converted instead of being Written-Off.

Depreciation of the Australian dollar against the Specified Currency of the Subordinated Notes may make it more likely that the maximum conversion number will apply

As the maximum conversion number is calculated based on the market price of Ordinary Shares and the exchange rate in respect of the Australian dollar and the Specified Currency in the 20 Business Days (as defined in the Schedule to the Terms and Conditions of the Notes) (or other period specified in the applicable Final Terms) preceding the issue date of the relevant Subordinated Notes, any depreciation of the Australian dollar against the Specified Currency by the time that the VWAP is calculated for the purpose of determining the Conversion Number may make it more likely that the maximum conversion number will apply (especially if accompanied by a deterioration in the market price of Ordinary Shares at the time of a Non-Viability Trigger Event). See the risk factor entitled “*Subordinated Notes are subject to mandatory Conversion or Write-Off in the event of the non-viability of NAB – Conversion Option*” for more detail of the risks to Holders of the maximum conversion number applying.

Further, the realisable value in the Specified Currency of Ordinary Shares issued, or the proceeds from any sale of such Ordinary Shares, following a Non-Viability Trigger Event could be substantially lower than that implied by the exchange rate in respect of the Australian dollar and the Specified Currency at the time of a Non-Viability Trigger Event.

Risks applicable to certain types of Exempt Notes

There are particular risks associated with an investment in certain types of Exempt Notes, such as Index Linked Notes and Dual Currency Notes. In particular, an investor might receive less interest than expected or no interest in respect of such Notes and may lose some or all of the principal amount invested by it

The relevant Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or to other factors (each, a **Relevant Factor**). In addition, the relevant Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile and may be linked to factors other than the credit of the relevant Issuer;
- (ii) they may receive no interest;

- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index or other Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Notes. Accordingly, potential investors should consult their respective financial and legal advisers about the risk entailed by an investment in any Notes linked to a Relevant Factor and the suitability of such Notes in light of their particular circumstances.

Where Notes are issued on a partly paid basis, an investor who fails to pay any subsequent instalment of the issue price could lose all of its investment

The relevant Issuer may issue Notes where the issue price is payable in more than one instalment. Any failure by an investor to pay any subsequent instalment of the issue price in respect of its Notes could result in such investor losing all of its investment.

Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes will have more volatile market values than conventional Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including, amongst others, LIBOR, EURIBOR and the BBSW) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective (such as the replacement of the Australian Financial Markets Association as BBSW administrator with ASX Limited) whilst others are still to be implemented (for example, the *Treasury Laws Amendment (2017 Measures No. 5) Bill 2017* (Cth) has been introduced into the Australian parliament, and proposes to, among other things, enable ASIC to make rules relating to the generation and administration of financial benchmarks). These reforms may cause such

benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”. Regulation (EU) 2016/1011 (the **Benchmarks Regulation**) was published in the Official Journal of the European Union (the **EU**) on 29 June 2016 and will apply from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences that cannot be predicted.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Noteholders' ability to enforce certain rights in connection with the Notes may be limited or affected by APRA

APRA has extensive powers to intervene in the operations of NAB, including a power to direct NAB to conduct or not to conduct certain activities or transactions, or not to make payments in certain circumstances. In addition, under the Banking Act 1959 of Australia (the **Banking Act**), APRA may appoint an ADI statutory manager to an ADI in certain circumstances, including where APRA considers that the ADI may become unable to meet its obligations or may suspend payment. Under section 15C of the Banking Act, a party to a contract with an ADI may not accelerate any debt under that contract, or close out any transaction relating to that contract, on the grounds that an ADI statutory manager is in control of the ADI's business. Accordingly, this may prevent Noteholders accelerating repayment of Notes on the grounds that an ADI statutory manager has been appointed. Noteholders may also be subject to similar restrictions on enforcement if APRA otherwise intervenes in the conduct of the ADI's business, including by requiring a compulsory transfer of the ADI's business. Further, an obligation relating to the issue of Ordinary Shares by NAB on Conversion of Subordinated Notes may be cancelled, and any such Ordinary Shares or rights attaching to them may be varied or cancelled by an ADI statutory manager under section 14AA of the Banking Act, notwithstanding the constitution of NAB, the Corporations Act, the terms of any contract to which NAB is party or the listing rules of any financial market in whose list NAB is included.

On 19 October 2017, the *Financial Sector Legislation Amendment (Crisis Resolution Powers and Other Measures) Bill 2017 (Crisis Management Bill)* was introduced into the Commonwealth Parliament. If passed into law by the Commonwealth Parliament, the Crisis Management Bill would amend the Banking Act (among other statutes applicable to financial institutions in Australia) and is intended to enhance APRA's powers. Specifically, the Crisis Management Bill would enhance APRA's powers to facilitate the orderly resolution of the entities it regulates (and their subsidiaries) in times of distress. Additional powers which are proposed to be given to APRA under the Crisis Management Bill which could impact the NAB Group and potentially the position of Noteholders, include greater oversight, management and directions powers in relation to the NAB Group entities which are currently not regulated by APRA, increased statutory management powers over regulated entities within the NAB Group and changes which are designed to give statutory recognition to the conversion or write-off of regulatory capital instruments. As at the date of this Offering Circular, the impact of the Crisis Management Bill, if passed, is uncertain.

Noteholders' ability to enforce certain rights in connection with the Notes may be limited or affected by reforms to Australian insolvency legislation relating to "ipso facto" rights

On 18 September 2017, the *Treasury Laws Amendment (2017 Enterprise Incentives No.2) Act 2017 of Australia* was enacted in Australia. The legislation provides for a stay on enforcement of certain rights arising under a contract (such as a right entitling a creditor to terminate the contract or to accelerate payments or providing for automatic acceleration) for a certain period of time (and in some cases indefinitely), if the reason for enforcement is the occurrence of certain events relating to specified insolvency proceedings, namely the appointment of an administrator or managing controller or an application for a scheme of arrangement, or the company's financial position during those proceedings (known as "ipso facto" rights). The specified proceedings do not include a winding up or liquidation.

The operation of the legislation introducing the stay will commence on the earlier of 1 July 2018 and the date fixed by Proclamation. The stay will apply to ipso facto rights arising under contracts, agreements or arrangements entered into after the commencement date, subject to certain exclusions. Rights exercised with the consent of the relevant administrator, receiver, scheme administrator or liquidator and the right to appoint controllers during the decision period following the appointment of administrators are excluded and rights prescribed by regulations or Ministerial declarations may also be excluded. Such subordinate legislation may also prescribe additional reasons for application of the stay on enforcement, or for extending the stay indefinitely. The legislation also gives the Federal Court of Australia the power to broaden or narrow the scope and duration of the stay.

The Australian Government has released an explanatory document which notes that it proposes to make regulations setting out certain types of contracts and contractual rights which will be excluded from the stay. The explanatory document does not indicate that securities such as the Notes under the programme will be excluded. If no regulations are made to exclude from the operation of the legislation securities such as the Notes, this may render unenforceable in Australia provisions of the Notes conditioned merely on the occurrence of the events giving rise to the 'ipso facto' rights. This would include the Events of Default in Conditions 10.1(e), 10.1(f) and 10.1(h) (in each case, to the extent that such provision gives rise to an 'ipso facto' right). Until the regulations have been released, the scope of the stay on the exercise of ipso facto rights and the exclusions and the effect on any securities issued after the commencement date remains uncertain.

Notes issued under the Programme are not deposit liabilities of NAB

Division 2AA of Part II of the Banking Act sets out arrangements for the protection of deposit account holders of an insolvent ADI under the Financial Claims Scheme. Pursuant to the Financial Claims Scheme a person who holds a protected account with a net credit balance at an ADI which APRA has applied to be wound up and which has been declared by the responsible Australian Government minister to be covered by the Financial Claims Scheme will be entitled to receive payment from APRA in respect of that balance and certain accrued but uncredited interest, subject to various adjustments and preconditions (including a maximum payment entitlement of A\$250,000 per customer). The rights of account-holders with protected accounts will be reduced to the extent protected under the Financial Claims Scheme and, to the extent of that reduction, will become rights of APRA.

A **protected account** is, subject to certain conditions, an account kept with an ADI and recorded in Australian currency:

- (i) where the ADI is required to pay the account-holder, on demand or at an agreed time, the net credit balance of the account; or
- (ii) otherwise prescribed by regulation.

The Treasurer of the Commonwealth of Australia (the **Australian Treasurer**) has published a declaration of products prescribed as protected accounts for the purposes of the Banking Act, and this declaration has now been restated in the Banking Regulations 1966 of Australia, which also formally exclude foreign branches of Australian ADIs from the coverage of the Financial Claims Scheme.

Notes issued under the Programme are not deposit liabilities of NAB, are not protected accounts for the purposes of the depositor protection provisions in Division 2 of Part II of the Banking Act or of the Financial Claims Scheme established under Division 2AA of Part II of the Banking Act and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia, Her Majesty the Queen in right of New Zealand or any other jurisdiction.

The conditions of the Notes contain provisions which may permit their modification (including for principal and interest) with the consent of a defined majority of investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or

authorisation of any breach or proposed breach of, any of the provisions of the Notes, or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default shall not be treated as such, or (iii) the substitution of another company as principal debtor under certain Notes in place of the relevant Issuer, in the circumstances described in Condition 15 of the conditions of the Notes.

APRA's prior written approval is required for any modifications which may affect the eligibility of the Subordinated Notes as Tier 2 Capital.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The value of the Notes could be adversely affected by a change in English law or administrative practice or other applicable laws

The conditions of the Notes (except for the subordination provisions set out in Condition 3.2, Condition 10A and the conversion mechanisms set out in the Schedule to the Conditions (in relation to NAB)) are based on English law in effect as at the date of this Offering Circular. The subordination provisions set out in Condition 3.2, Condition 10A and the conversion mechanisms set out in the Schedule to the Conditions (in relation to NAB) are based on the jurisdiction of incorporation of NAB. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice or the laws of the jurisdiction of incorporation of the relevant Issuer or the Guarantor after the date of this Offering Circular and any such decision or change to English law or administrative practice or the laws of the jurisdiction of incorporation of the relevant Issuer or the Guarantor could materially adversely impact the value of any Notes affected by it.

Risk factors specific to Notes denominated in Renminbi

Renminbi is not completely freely convertible, and there are significant restrictions on remittance of Renminbi into and out of the PRC

As at the date of this Offering Circular, Renminbi is not completely freely convertible. The PRC government (the **PRC Government**) continues to regulate conversion between Renminbi and foreign currencies despite significant reduction over the years by the PRC Government of control over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. While regulation in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items is developing gradually, remittance of Renminbi by foreign investors into the PRC for the purposes of capital account items, such as capital contributions, is currently generally only permitted upon obtaining specific approvals from, or completing

specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system.

Although starting from 1 October 2016, the Renminbi has been added to the Special Drawing Rights basket of currencies, in addition to the U.S. dollar, euro, Japanese yen and pound Sterling, created by the International Monetary Fund as an international reserve asset, there is no assurance that the PRC Government will liberalise its control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Notes and the relevant Issuer's ability to source Renminbi outside the PRC to make payments under the Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited.

While the People's Bank of China (the **PBOC**) has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the **Renminbi Clearing Banks**), including but not limited to Hong Kong, and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the **Settlement Arrangements**), the current size of Renminbi-denominated financial assets outside the PRC is limited.

Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The relevant Renminbi Clearing Banks only have access to onshore liquidity support from the PBOC for the purpose of squaring open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross-border trade settlement, and are not obliged to square for participating banks any open positions as a result of other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

The offshore Renminbi market is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended so as to have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes. To the extent the relevant Issuer is required to source Renminbi in the offshore market to service the Notes, there is no assurance that the relevant Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Notes is subject to exchange rate risks

The value of Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions and by many other factors. In August 2015, the PBOC implemented changes to the way it calculates the midpoint against the U.S. dollar to take into account market-maker quotes before announcing the daily midpoint. This change, among others that may be implemented, may increase the volatility in the value of the Renminbi against other currencies. Except in the limited circumstances stipulated in Condition 6.9 of the Terms and Conditions of the Notes, all payments of interest and principal will be made with respect to Renminbi-denominated Notes in Renminbi. As a result, the value of these Renminbi payments in U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other applicable foreign currency between the Issue Date of the relevant Series of Notes and when the relevant Issuer pays back the principal of such Renminbi-denominated Notes in Renminbi at maturity, the value of a Noteholder's investment in U.S. dollar or other applicable foreign currency terms will have declined.

An investment in the Notes is subject to interest rate risks

The PRC Government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Consequently, the trading price in the secondary market of Fixed Rate Notes denominated in Renminbi will vary with fluctuations in interest rates. If a holder of the Notes tries to sell such Notes before their maturity, they may receive an offer that is less than the amount invested.

If Renminbi is not available in certain circumstances as described in the Terms and Conditions of the Notes, the relevant Issuer can make payments under the Renminbi-denominated Notes in U.S. dollars

There can be no assurance that access to Renminbi for the purposes of making payments under Renminbi-denominated Notes by the relevant Issuer or generally will remain or that new PRC regulations will not be promulgated which have the effect of restricting availability of Renminbi outside of the PRC.

Although the relevant Issuer's primary obligation is to make all payments with respect to such Notes in Renminbi, in the event access to Renminbi becomes restricted to the extent that, by reason of Inconvertibility, Non-Transferability or Illiquidity (each as defined in the Terms and Conditions of the Notes), the relevant Issuer is unable to make any payment in respect of such Notes in Renminbi, the terms of such Notes permit (i) the relevant Issuer to make payment in U.S. dollars at the prevailing spot rate of exchange, and/or (ii) such payments to be made after the original date that, but for the occurrence of the CNY Disruption Event (as defined in the Terms and Conditions of the Notes), would have been the date of such payments, all as provided in the Terms and Conditions of the Notes. The value of these Renminbi payments in U.S. dollars may vary with the prevailing exchange rates in the market place.

Payments in respect of Renminbi-denominated Notes will only be made to investors in the manner specified in such Renminbi-denominated Notes

All payments to investors in respect of Renminbi-denominated Notes will be made solely by (i) when the Renminbi-denominated Notes are represented by global certificates deposited with a sub-custodian for CMU, transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing CMU rules and procedures, (ii) when the Renminbi-denominated Notes are represented by global certificates held with the common depository, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing Euroclear and/or Clearstream, Luxembourg rules and procedures or those of such alternative clearing system, or (iii) for so long as the Renminbi-denominated Notes are in definitive form, transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. Other than as described in the Terms and Conditions of the Notes, the relevant Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet

the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The relevant Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the relevant Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the relevant Issuer, the Guarantor (if applicable) or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Notes, the relevant Issuer or the Guarantor. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold any Notes in so far as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for a given period of time and any rating may be revised, suspended or withdrawn by the relevant rating agency at any time, if, in the judgment of such relevant rating agency, circumstances warrant. The relevant Issuer is under no obligation to update information regarding such ratings should they change over time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out in the Offering Circular, see "*Documents Incorporated by Reference and Credit Ratings*".

**IMPORTANT INFORMATION RELATING TO OFFERS OF NON-EXEMPT PD NOTES WHERE
THERE IS NO EXEMPTION FROM THE OBLIGATION UNDER THE PROSPECTUS
DIRECTIVE TO PUBLISH A PROSPECTUS**

Restrictions on offers of Non-Exempt PD Notes in relevant Member States where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus

Non-Exempt PD Notes may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a **Non-exempt Offer**. This Offering Circular has been prepared on a basis that permits Non-exempt Offers of Non-Exempt PD Notes in each Member State in relation to which NAB has given its consent, as specified in the applicable Final Terms (each specified Member State, a **Non-exempt Offer Jurisdiction**, and together, the **Non-exempt Offer Jurisdictions**). Any person making or intending to make a Non-exempt Offer of Non-Exempt PD Notes on the basis of this Offering Circular must do so only with NAB's consent to the use of this Offering Circular as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive*" below and provided such person complies with the conditions attached to that consent.

Save as provided above, neither NAB nor any Dealer has authorised, nor do they authorise, the making of any Non-exempt Offer of Non-Exempt PD Notes in circumstances in which an obligation arises for NAB or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-exempt Offer of such Non-Exempt PD Notes, NAB accepts responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Offering Circular in relation to any person (an **Investor**) who acquires any Notes in a Non-exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the giving of consent for the use of this Offering Circular are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of NAB or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of NAB or any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Except in the circumstances set out in the following paragraphs, NAB has not authorised the making of any Non-exempt Offer by any offeror and NAB has not consented to the use of this Offering Circular by any other person in connection with any Non-exempt Offer of Non-Exempt PD Notes. Any Non-exempt Offer made without the consent of NAB is unauthorised and neither NAB nor, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer. If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Offering Circular for the purposes of the relevant Non-exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Offering Circular and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in paragraphs (a)(ii), (a)(iii) and (b) below are together the **Authorised Offerors** and each an **Authorised Offeror**.

Consent

In connection with each Tranche of Non-Exempt PD Notes, and subject to the conditions set out below under "*Common Conditions to Consent*":

Specific Consent

- (a) NAB consents to the use of this Offering Circular (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of such Non-Exempt PD Notes by:
 - (i) the relevant Dealer(s) or Manager(s) specified in the applicable Final Terms;
 - (ii) any financial intermediaries specified in the applicable Final Terms; and
 - (iii) any other financial intermediary appointed after the date of the applicable Final Terms and whose name is published on NAB's website (<http://www.nab.com.au/>) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer; and

General Consent

- (b) if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", NAB hereby offers to grant its consent to the use of this Offering Circular (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of Notes by any other financial intermediary which satisfies the following conditions:
 - (i) it is authorised to make such offers under the Financial Services and Markets Act 2000, as amended (in which regard, Investors should consult the register maintained by the Financial Conduct Authority at: www.fca.org.uk/register), or other applicable legislation implementing the Directive 2004/39/EC; and
 - (ii) it accepts NAB's offer to grant consent to the use of this Offering Circular by publishing on its website the following statement (with the information in square brackets duly completed) (the **Acceptance Statement**):

*"We, [insert legal name of financial intermediary], refer to the offer of [insert title of relevant Notes] (the **Notes**) described in the Final Terms dated [insert date] (the **Final Terms**) published by National Australia Bank Limited (**NAB**). In consideration of NAB offering to grant its consent to our use of the Offering Circular (as defined in the Final Terms) in connection with the offer of the Notes in [Luxembourg/Austria/Belgium/France/Germany/Ireland/Italy/The Netherlands/The United Kingdom] during the Offer Period and subject to the other conditions to such consent, each as specified in the Offering Circular, we hereby accept the offer by NAB in accordance with the Authorised Offeror Terms (as specified in the Offering Circular) and confirm that we are using the Offering Circular accordingly. "*

The **Authorised Offeror Terms**, being the terms to which the relevant financial intermediary agrees in connection with using this Offering Circular, are that the relevant financial intermediary:

- (A) will, and it agrees, represents, warrants and undertakes for the benefit of NAB and the relevant Dealer that it will, at all times in connection with the relevant Non-exempt Offer:
 - I. act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the **Rules**) from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential Investor;

- II. comply with the restrictions set out under "*Subscription and Sale and Transfer and Selling Restrictions*" in this Offering Circular which would apply as if the relevant financial intermediary were a Dealer;
- III. ensure that any fee (and any other commissions or benefits of any kind) or rebate received or paid by the relevant financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;
- IV. hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules, including, where applicable, authorisation under the Financial Services and Markets Act 2000;
- V. comply with applicable anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Notes by the Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicions as to the source of the application monies;
- VI. retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested and to the extent permitted by the Rules, make such records available to the relevant Dealer, NAB or directly to the appropriate authorities with jurisdiction over NAB and/or the relevant Dealer in order to enable NAB and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules applying to NAB and the relevant Dealer, as the case may be;
- VII. ensure that it does not, directly or indirectly, cause NAB or the relevant Dealer to breach any Rule or subject NAB or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
- VIII. immediately inform NAB and the relevant Dealer if at any time it becomes aware, or suspects, that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;
- IX. comply with the conditions to the consent referred to under "*Common Conditions to Consent*" below and any further requirements or other Authorised Offeror Terms relevant to the Non-exempt Offer as specified in the applicable Final Terms;
- X. make available to each potential Investor in the Notes this Offering Circular (as supplemented as at the relevant time, if applicable), the applicable Final Terms and any applicable information booklet provided by NAB for such purpose, and not convey or publish any information that is not contained in or entirely consistent with this Offering Circular and the applicable Final Terms;

- XI. if it conveys or publishes any communication (other than this Offering Circular or any other materials provided to such financial intermediary by or on behalf of NAB for the purposes of the relevant Non-exempt Offer) in connection with the relevant Non-exempt Offer, ensure that such communication (A) is fair, clear and not misleading and complies with the Rules, (B) states that such financial intermediary has provided such communication independently of NAB, that such financial intermediary is solely responsible for such communication and that none of NAB and the relevant Dealer accepts any responsibility for such communication and (C) does not, without the prior written consent of NAB or the relevant Dealer (as applicable), use the legal or publicity names of NAB or the relevant Dealer or any other name, brand or logo registered by an entity within their respective groups or any material over which any such entity retains a proprietary interest, except to describe NAB as issuer of the relevant Notes on the basis set out in this Offering Circular;
- XII. ensure that no holder of Notes or potential Investor in Notes shall become an indirect or direct client of NAB or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- XIII. co-operate with NAB and the relevant Dealer in providing relevant information (including, without limitation, documents and records maintained pursuant to paragraph VI above) and such further assistance as is reasonably requested upon written request from NAB or the relevant Dealer in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process. For this purpose, relevant information is information that is available to or can be acquired by the relevant financial intermediary:
- (i) in connection with any request or investigation by any relevant regulator in relation to the Notes, NAB or the relevant Dealer; and/or
 - (ii) in connection with any complaints received by NAB and/or the relevant Dealer relating to NAB and/or the relevant Dealer or another Authorised Offeror including, without limitation, complaints as defined in the Rules; and/or
 - (iii) which NAB or the relevant Dealer may reasonably require from time to time in relation to the Notes and/or as to allow NAB or the relevant Dealer fully to comply within its own legal, tax and regulatory requirements,
- in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process;
- XIV. during the period of the initial offering of the Notes: (i) only sell the Notes at the Issue Price specified in the applicable Final Terms (unless otherwise agreed with NAB and the relevant Dealer); (ii) only sell the Notes for settlement on the Issue Date specified in the applicable Final Terms; (iii) not appoint any sub-distributors (unless otherwise agreed with NAB and the relevant Dealer); (iv) not pay any fee or remuneration or commissions or

benefits to any third parties in relation to the offering or sale of the Notes (unless otherwise agreed with NAB and the relevant Dealer); and (v) comply with such other rules of conduct as may be reasonably required and specified by NAB and the relevant Dealer; and

- XV. either (i) obtain from each potential Investor an executed application for the Notes, or (ii) keep a record of all requests the relevant financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Notes on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;
- (B) agrees and undertakes to each of NAB and the relevant Dealer that if it or any of its respective directors, officers, employees, agents, affiliates and controlling persons (each a **Relevant Party**) incurs any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of investigation and any defence raised thereto and counsel's fees and disbursements associated with any such investigation or defence) (a **Loss**) arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by the relevant financial intermediary, including (without limitation) any unauthorised action by the relevant financial intermediary or failure by it to observe any of the above restrictions or requirements or the making by it of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by NAB or the relevant Dealer, the relevant financial intermediary shall pay to NAB or the relevant Dealer, as the case may be, an amount equal to the Loss. None of NAB nor any Dealer shall have any duty or obligation, whether as fiduciary or trustee for any Relevant Party or otherwise, to recover any such payment or to account to any other person for any amounts paid to it under this provision; and
- (C) agrees and accepts that:
- I. the contract between NAB and the relevant financial intermediary formed upon acceptance by the relevant financial intermediary of NAB's offer to use the Offering Circular with its consent in connection with the relevant Non-exempt Offer (the **Authorised Offeror Contract**), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law;
 - II. subject to (C)(IV) below, the courts of England have exclusive jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) (a **Dispute**) and NAB and the relevant financial intermediary submit to the exclusive jurisdiction of the English courts;
 - III. for the purposes of (C)(II) and (IV), the relevant financial intermediary waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any dispute;
 - IV. to the extent allowed by law, NAB and each relevant Dealer may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with

jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions; and

- V. each relevant Dealer will, pursuant to the Contracts (Rights of Third Parties) Act 1999, be entitled to enforce those provisions of the Authorised Offeror Contract which are, or are expressed to be, for their benefit, including the agreements, representations, warranties, undertakings and indemnity given by the financial intermediary pursuant to the Authorised Offeror Terms.

Any Authorised Offeror falling within (b) above who meets the conditions set out in (b) and the other conditions stated in "Common Conditions to Consent" below and who wishes to use this Offering Circular in connection with a Non-exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website the Acceptance Statement.

Common Conditions to Consent

The conditions to NAB's consent to the use of this Offering Circular in the context of the relevant Non-exempt Offer are (in addition to the conditions described in paragraph (b) above if Part B of the applicable Final Terms specifies "*General Consent*" as "*Applicable*") that such consent:

- (i) is only valid during the Offer Period specified in the applicable Final Terms; and
- (ii) only extends to the use of this Offering Circular to make Non-exempt Offers of the relevant Tranche of Non-Exempt PD Notes in one or more of Luxembourg, Austria, Belgium, France, Germany, Ireland, Italy, The Netherlands and The United Kingdom (the **Public Offer Jurisdictions**), as specified in the applicable Final Terms.

The consent referred to above relates to Offer Periods (if any) occurring within 12 months from the date of this Offering Circular only.

The only relevant Member States which may, in respect of any Tranche of Notes, be specified in the applicable Final Terms (if any relevant Member States are so specified) as indicated in (ii) above, will be Luxembourg, Austria, Belgium, France, Germany, Ireland, Italy, The Netherlands and The United Kingdom, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Luxembourg, Austria, Belgium, France, Germany, Ireland, Italy, The Netherlands and The United Kingdom, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for NAB or any Dealer to publish or supplement a prospectus for such offer.

There are credit ratings contained in certain of the documents incorporated by reference into this Offering Circular. In the case of the 2017 NAB Annual Financial Report, these credit ratings are assigned by Standard & Poor's (Australia) Pty Ltd (**S&P Australia**), Moody's Investors Service Pty Limited (**Moody's Australia**) and Fitch Ratings Limited (**Fitch Europe**). In the case of the Guarantor's Disclosure Statements, these credit ratings are assigned by S&P Australia, Moody's Australia and Fitch Australia Pty Ltd (**Fitch Australia**).

S&P Australia, Moody's Australia and Fitch Australia are not established in the European Union and have not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). The ratings of S&P Australia, Moody's Australia and Fitch Australia have been endorsed by Standard & Poor's Credit Market Services Europe Limited (**S&P Europe**), Moody's Investors Service Limited (**Moody's Europe**) and Fitch Europe respectively in accordance with the CRA Regulation. Each of S&P Europe, Moody's Europe and Fitch Europe is established in the European Union and registered under the CRA Regulation. As such each of S&P Europe, Moody's Europe and Fitch Europe is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> in accordance with the CRA Regulation. The European Securities Markets Authority has indicated that ratings issued in Australia, which have been endorsed by S&P Europe, Moody's Europe or Fitch Europe may be used in the EU by the relevant market participants.

S&P Global Ratings has, in its June 2017 publication "*S&P Global Ratings Definitions*", described a long-term issue credit rating of 'AA' in the following terms: "*An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong... The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.*".

Moody's Investors Service has, in its July 2017 publication "*Rating Symbols and Definitions*", described a credit rating of 'Aa' in the following terms: "*Obligations rated Aa are judged to be of high quality and are subject to very low credit risk... Note: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.*".

Any credit rating in respect of any Notes or Issuer is for distribution only to persons who are not a "retail client" within the meaning of section 761G of the Corporations Act and are also sophisticated investors, professional investors or other investors in respect of whom disclosure is not required under Part 6D.2 of the Corporations Act and, in all cases, in such circumstances as may be permitted by applicable law in any jurisdiction in which an investor may be located.

respect of BNZ-IF, €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the date of issue) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency; see "*Certain Restrictions—Notes having a maturity of less than one year*" above.

Taxation:	All payments in respect of the Notes will be made without deduction for or on account of withholding taxes to the extent provided in Condition 8. In the event that any such deduction is made, the relevant Issuer or, as the case may be, the Guarantor (in the case of Guaranteed Senior Notes) will, save in certain limited circumstances provided in Conditions 6 and 8, be required to pay additional amounts to cover the amounts so deducted.
Negative Pledge:	The terms of the Notes will not contain a negative pledge.
Cross Default:	The terms of the Notes will not contain cross default provisions.
Set-off:	A holder of a Subordinated Note (or any related Receipt or Coupon) issued by NAB shall not, on any account, set-off against any amounts owing to it in respect of such Subordinated Note, Receipt or Coupon amounts owing by the holder thereof to NAB and NAB shall not have any right to set-off any amounts owing by it to a holder against any amount owing by the holder to it.
Status of the Senior Notes and Guaranteed Senior Notes:	The Senior Notes and Guaranteed Senior Notes will be unsubordinated, direct and unsecured obligations of the relevant Issuer and will rank <i>pari passu</i> with all other unsecured and unsubordinated obligations of the relevant Issuer (save for certain obligations preferred by mandatory provisions of applicable law). Senior Notes do not constitute deposit liabilities of NAB, are not protected accounts for the purposes of the Banking Act and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction or by any other party.
Status of Subordinated Notes:	The Subordinated Notes will be direct and unsecured obligations of NAB and will be subordinated to the claims of all Senior Creditors of NAB in right of payment with respect to the assets of NAB in the event of a Winding Up of NAB as defined and further described in Condition 3.2 and are liable to be mandatorily Converted into Ordinary Shares or Written-Off where this is determined by APRA to be necessary on the grounds that NAB would otherwise become non-viable as further described in Condition 10A. Subordinated Notes do not constitute deposit liabilities of NAB, are not protected accounts for the purposes of the Banking Act and are not guaranteed or insured by any government, government agency or compensation scheme of the Commonwealth of Australia or any other jurisdiction or by any other party.
Status of the Guarantee & Guaranteed Senior Notes:	Only Notes issued by BNZ-IF will be unconditionally and irrevocably guaranteed by the Guarantor. The obligations of BNZ-IF and the Guarantor under the Guaranteed Senior Notes will constitute unsubordinated, direct and unsecured obligations of BNZ-IF and the Guarantor and will rank <i>pari passu</i> with all other unsecured and unsubordinated obligations of BNZ-IF and the Guarantor (save for certain

obligations required to be preferred by law).

Rating:

See pages 68 to 69 of this Offering Circular for further information on ratings.

A rating is not a recommendation to buy, sell or hold any Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating agency.

Any credit rating in respect of any Notes or any Issuer is for distribution only to persons who are not a "retail client" within the meaning of section 761G of the Corporations Act and are also sophisticated investors, professional investors or other investors in respect of whom disclosure is not required under Part 6D.2 of the Corporations Act and, in all cases, in such circumstances as may be permitted by applicable law in any jurisdiction in which an investor may be located. Anyone who is not such a person is not entitled to receive the Offering Circular and anyone who receives the Offering Circular must not distribute it to any person who is not entitled to receive it.

Listing and admission to trading:

Application has been made to:

- (i) the Competent Authority to approve this Offering Circular in connection with (a) the issue by the Issuers of PD Notes (as defined above) and (b) in the case of NAB only, the issue by NAB of certain Tranches of Non-Exempt PD Notes (as defined above), in each case, to be admitted to the official list and traded on the Regulated Market of the Luxembourg Stock Exchange in accordance with the Prospectus Directive; and
- (ii) the Luxembourg Stock Exchange to approve this Offering Circular in connection with the issue by the Issuers of certain Tranches of Exempt Notes (as defined above) to be admitted to trading on the Luxembourg Stock Exchange's Euro MTF market (the **Euro MTF Market**).

The Notes may be listed or admitted to trading, as the case may be, on such other or additional stock exchanges or markets as may be agreed between the relevant Issuer, the Guarantor (in the case of Guaranteed Senior Notes) and the relevant Dealer.

The applicable Final Terms will state whether or not the relevant Notes are to be listed and, if so, on which stock exchange(s).

Risk Factors:

There are certain factors that may affect the relevant Issuer's ability to fulfil its obligations under Notes issued under the Programme or the Guarantor's ability to fulfil its obligations under the Guarantee. These factors are set out under "*Risk Factors*" and include, *inter alia*, the risk of subsequent changes in the actual or perceived creditworthiness of the relevant Issuer or the Guarantor (as applicable), which may adversely affect the market value of the Notes. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme, which include, *inter alia*, risks related to the structure of particular types of Notes,

modifications and waivers of the terms and conditions of the Notes in certain circumstances without the consent of all of the Noteholders, changes in laws, taxation laws or regulations which affect the Notes, risks related to secondary market trading of the Notes, exchange rate risks and interest rate risks. For further particulars, please see "*Risk Factors*".

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law save that in the case of Notes issued by NAB, Conditions 3.2, 10A and the conversion mechanisms set out in the Schedule to the Conditions will be governed by and construed in accordance with the laws of the State of Victoria and the Commonwealth of Australia.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area (including the United Kingdom, Austria, France, The Netherlands, Republic of Italy, Ireland and Belgium), New Zealand, Hong Kong, Japan, Singapore, Switzerland, Canada, China and Australia and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes; see "*Subscription and Sale and Transfer and Selling Restrictions*".

United States Selling Restrictions:

Regulation S Compliance Category 1/2/3, Rule 144A, TEFRA C or TEFRA D or TEFRA not applicable, as specified in the applicable Final Terms.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer Notes will be issued outside the United States in reliance on Regulation S and Registered Notes will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A.

Bearer Notes

Each Tranche of Bearer Notes will initially be issued in the form of either a temporary bearer global note (a **Temporary Bearer Global Note**) or, if so specified in the applicable Final Terms, a permanent bearer global note (a **Permanent Bearer Global Note**) and, together with the Temporary Bearer Global Note, the **Bearer Global Notes** which, in either case, will:

- (i) if the Bearer Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Bearer Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to (A) a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg or (B) a sub-custodian for the Central Moneymarkets Unit Service (the **CMU**), operated by the Hong Kong Monetary Authority (the **HKMA**) (the **CMU Service**).

It is anticipated that all Bearer Notes issued by the Issuers under the Programme will not be issued in NGN form and will be deposited with a sub-custodian for the CMU or a common depositary for Euroclear and Clearstream, Luxembourg. Bearer Notes issued by NAB and/or BNZ-IF do not currently satisfy the ECB's Eurosystem eligibility criteria and, accordingly, cannot be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations.

Where the global Notes issued in respect of any Tranche of Notes are in NGN form, the applicable Final Terms will also indicate whether or not such global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

While any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN Form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and/or the CMU Lodging Agent and Euroclear and/or Clearstream, Luxembourg and/or the CMU Lodging Agent, as applicable, has given a like certification (based on the certification it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for

definitive Bearer Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The CMU Service may require that any such exchange for a Permanent Bearer Global Note is made in whole and not in part and in such event, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report (as defined in the rules of the CMU Service) or any other relevant notification supplied to the CMU Lodging Agent by the CMU Service) have so certified. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN Form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (i) not less than 60 days' written notice (a), in the case of Notes held by a Common Depositary or Common Safekeeper for Euroclear and/or Clearstream, Luxembourg, from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein and/or (b), in the case of Notes held through the CMU Service, from the relevant person(s) for whose account(s) interests in the relevant Bearer Global Note are credited, as set out in a CMU Instrument Position Report or any other relevant notification supplied to the CMU Lodging Agent by the CMU Service (each, an **Accountholder**) therein to the CMU Lodging Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have and, in the case of Notes held through the CMU Service, the CMU Service has, been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Trustee is available or (iii) the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form and a certificate to such effect signed by two Authorised Signatories (as defined in the Trust Deed) of the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor is given to the Trustee. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, (a) in the case of Notes held by a Common Depositary or Common Safekeeper for Euroclear or Clearstream, Luxembourg, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) and/or, (b) in the case of Notes held through a sub-custodian for the CMU Service, the relevant Accountholder therein, and/or (c) the Trustee, may give notice to the Principal Paying Agent or, as the case may be, the CMU Lodging Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Principal Paying Agent or, as the case may be, the CMU Lodging Agent, requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent or, as the case may be, the CMU Lodging Agent.

Tranches of Bearer Notes shall not be physically delivered in Belgium, except to a clearing system, a depository or other institution for the purpose of their immobilisation in accordance with article 4 of the Belgian Law of 14 December 2005.

A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Bearer Note in respect of such holding and would need to purchase a principal amount of Notes so that it holds an amount equal to one or more Specified Denominations.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Global Notes), receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg or the CMU Service, as the case may be.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global note in registered form (a **Regulation S Global Note**). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear, Clearstream, Luxembourg or the CMU Service and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act (**QIBs**). The Registered Notes of each Tranche sold to QIBs will be represented by a global note in registered form (a **Rule 144A Global Note** and, together with a Regulation S Global Note, the **Registered Global Notes**).

Registered Global Notes will either (i) be deposited with a custodian for, and registered in the name of a nominee of, The Depository Trust Company (**DTC**); (ii) be deposited with a custodian for, and registered in the name of a nominee of, DTC for the accounts of Euroclear and Clearstream, Luxembourg, (iii), when represented by a Regulation S Global Note, be deposited with a common depository or a common safekeeper, for Euroclear and Clearstream, Luxembourg and registered in the name of a common nominee of Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, or (iv), when represented by a Regulation S Global Note, be deposited with a sub-custodian for the HKMA as operator of the CMU Service, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

The Rule 144A Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6.4) as the registered holder of the Registered Global Notes. None of the relevant Issuer, (in the case of Guaranteed Senior Notes) the Guarantor, the Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of interest in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6.4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default has occurred and is continuing, (ii) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the relevant Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, (iii) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg, and in the case of Notes held through the CMU Service, the CMU Service, have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Trustee is available or (iv) the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form and a certificate to such effect signed by two Authorised Signatories of the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor is given to the Trustee. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear, Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) and/or in the case of Notes held through the CMU Service, the relevant account holders therein, may give notice to the Registrar or, as the case may be, the CMU Lodging Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the relevant Issuer may also give notice to the Registrar or, as the case may be, the CMU Lodging Agent requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar or, as the case may be, the CMU Lodging Agent.

Transfer of Interests

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear, Clearstream, Luxembourg and the CMU Service, in each case to the extent applicable. **Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions; see "*Subscription and Sale and Transfer and Selling Restrictions*".**

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or (in the case of Guaranteed Senior Notes) the Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA). Set out below is the form of Final Terms which will be completed for each Tranche of Exempt Notes.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes[, from 1 January 2018,]¹ are not intended to be offered, sold or otherwise made available to and[, with effect from such date,]² should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (where **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA). Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]³

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer, the Guarantor (in the case of Guaranteed Senior Notes) and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes may, in respect of an Exempt Note, specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by National Australia Bank Limited (**NAB**) or BNZ International Funding Limited, acting through its London Branch (**BNZ-IF**) (each an **Issuer** and together, the **Issuers**) constituted by a Trust Deed (such Trust Deed as modified and/or supplemented and/or restated from time to time, the **Trust Deed**) dated 17 March 2005 made between NAB as Issuer and Deutsche Trustee Company Limited (the **Trustee**, which expression shall include any successor as Trustee). By a First Supplemental Trust Deed dated 17 October 2005 and made between, amongst others, NAB, BNZ-IF, Bank of New Zealand as guarantor (the **Guarantor**) and the Trustee, BNZ-IF became an Issuer under the Programme (as defined in the Trust Deed). Senior Notes (**Guaranteed Senior Notes**) issued by BNZ-IF will be unconditionally and irrevocably guaranteed by the Guarantor under a guarantee set out in the Trust Deed (the **Guarantee**).

References herein to the **Issuer** shall be references to the party specified as Issuer in the applicable Final Terms for this Note.

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note;
- (c) any definitive Notes in bearer form (**Bearer Notes**) issued in exchange for a Global Note in bearer form; and
- (d) any definitive Notes in registered form (**Registered Notes**) (whether or not issued in exchange for a Global Note in registered form).

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an Amended and Restated Agency Agreement (as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 17 November 2017 and made between NAB, BNZ-IF, the Guarantor, the Trustee, Deutsche Bank AG, London Branch as issuing and principal paying agent and agent bank (the **Principal Paying Agent** or **Agent**, which expression shall include any successor agent) and as exchange agent (the **Exchange Agent**, which expression shall include any successor exchange agent) and the other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents), Deutsche Bank AG, Hong Kong Branch as CMU lodging agent (the **CMU Lodging Agent**, which expression shall include any successor CMU lodging agent), Deutsche Bank Trust Company Americas as registrar (together with the other registrars named therein, the **Registrar**, which expression shall include any additional or successor registrars) and as transfer agent and the other transfer agents named therein (together with the Registrar, the **Transfer Agents**, which expression shall

include any additional or successor transfer agents). For the purposes of these Terms and Conditions, all references (other than in relation to the determination of interest and other amounts payable in respect of the Notes) to the Principal Paying Agent or Agent shall, with respect to a Series of Notes to be held in the CMU Service (as defined below), be deemed to be a reference to the CMU Lodging Agent to the extent necessary for enabling the CMU Lodging Agent to fully observe and perform its obligations under the CMU Rules (as defined in the Trust Deed) and all such references shall be construed accordingly.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Bearer Notes repayable in instalments have receipts (**Receipts**) for the payment of the instalments of principal (other than the final instalment) attached on issue. Registered Notes and Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Final Terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**) and, in the case of a Note which is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (an **Exempt Note**), may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Note. References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

The Final Terms for each Tranche of Notes (other than Notes issued with a minimum denomination of less than Euro 100,000 (or its equivalent in any other currency)) will state in particular whether the Notes of that Tranche are, in the case of Notes issued by NAB, (i) senior Notes (**Senior Notes**) or (ii) term subordinated Notes (**Subordinated Notes**) or, in the case of Notes issued by BNZ-IF, Guaranteed Senior Notes. Notes issued with a minimum denomination of less than Euro 100,000 (or its equivalent in any other currency) will be issued as Senior Notes or Guaranteed Senior Notes.

The expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State.

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean (in the case of Bearer Notes) the bearers for the time being of the Notes and (in the case of Registered Notes) the persons in whose name the Notes for the time being are registered and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to **Receiptholders** shall mean the bearers for the time being of the Receipts and any reference herein to **Couponholders** shall mean the bearers for the time being of the Coupons and shall, unless the context otherwise requires, include the bearers for the time being of the Talons. The Trustee acts for the benefit of the Noteholders, the Receiptholders and the Couponholders in accordance with the provisions of the Trust Deed.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing or admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or terms and conditions which are the same in all respects save for the Issue Date, the Issue Price, the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Trustee being at Winchester House, 1 Great Winchester Street, London EC2N 2DB and at the specified office of each of the Agent, the Registrar, the Exchange Agent and the other Paying Agents and Transfer Agents (such Agents and the Registrar being together referred to as the **Agents**). If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange pursuant to the Prospectus Directive or on the Luxembourg Stock Exchange's

Euro MTF Market, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*). If this Note is an Exempt Note, the applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer or (in the case of Guaranteed Senior Notes) the Guarantor and the Trustee or, as the case may be, the relevant Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement, the Guarantee (in the case of Guaranteed Senior Notes) and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION AND TITLE

The Notes are in bearer form or in registered form as specified in the applicable Final Terms and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

This Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

If this Note is an Exempt Note, this Note may also be an Index Linked Interest Note, a Dual Currency Interest Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

If this Note is an Exempt Note, this Note may also be an Index Linked Redemption Note, an Instalment Note, a Dual Currency Redemption Note, a Partly Paid Note or a combination of any of the foregoing, depending upon the Redemption/Payment Basis shown in the applicable Final Terms.

Notes issued as Subordinated Notes must not be Zero Coupon Notes, Index Linked Interest Notes, Dual Currency Interest Notes, Index Linked Redemption Notes, Partly Paid Notes, Instalment Notes, Dual Currency Redemption Notes or any combination of any of the foregoing.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes, in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, the Guarantor (in the case of Guaranteed Senior Notes), the Agents and the Trustee will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**) and/or a sub-custodian for the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority (the **CMU Service**),

each person (other than Euroclear, Clearstream, Luxembourg or the CMU Service) who is for the time being shown in the records of Euroclear, Clearstream, Luxembourg or the CMU Service as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear, Clearstream, Luxembourg or the CMU Service as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor (in the case of Guaranteed Senior Notes), the Agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor (in the case of Guaranteed Senior Notes), any Agent and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly. Notwithstanding the above, if a Note is held through the CMU Service, any payment that is made in respect of such Note shall be made at the direction of the bearer or at the direction of the registered holder (to whose order such payments are to be made) to the person(s) for whose account(s) interests in such Note are credited as being held through the CMU Service in accordance with the CMU Rules at the relevant time as notified to the CMU Lodging Agent by the CMU Service in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service as to the identity of any accountholder and the principal amount of any Note credited to its account, save in the case of manifest error) (**CMU Accountholders**) and such payments shall discharge the obligation of the Issuer in respect of that payment under such Note. In determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

For so long as The Depository Trust Company (**DTC**) or its nominee is the registered owner or holder of a Registered Global Note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Registered Global Note for all purposes under the Trust Deed and the Notes except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear, Clearstream, Luxembourg and the CMU Service, as the case may be. References to DTC, Euroclear, Clearstream, Luxembourg and/or the CMU Service shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Guarantor (in the case of Guaranteed Senior Notes), the Agent and the Trustee.

2. TRANSFERS OF REGISTERED NOTES

(a) Transfers of interests in Registered Global Notes

Transfers of beneficial interests in Registered Global Notes will be effected by DTC, Euroclear, Clearstream, Luxembourg or the CMU Service, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Registered Global Note only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear, Clearstream, Luxembourg or the CMU Service, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement. Transfers of a Registered Global Note registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Note, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

(b) Transfers of Registered Notes in definitive form

Subject as provided in paragraphs (e), (f) and (g) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or its or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 4 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(c) Registration of transfer upon partial redemption

In the event of a partial redemption of Notes under Condition 7, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) Transfers of interests in Regulation S Global Notes

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. person will only be made upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a **Transfer Certificate**), copies of which are available from the specified office of the Registrar or any Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

In the circumstances set out in this Condition 2(e), such transferee may take delivery through a Legended Note in global or definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interests in Regulation S Global Notes registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.

(f) Transfers of interests in Legended Notes

Transfers of Legended Notes or beneficial interests therein may be made:

- (i) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Note registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg and/or the CMU Service; or
- (ii) to a transferee who takes delivery of such interest through a Legended Note where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
- (iii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Notes or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

- (g) Exchanges and transfers of Registered Notes generally

Holders of Registered Notes in definitive form may exchange such Notes for interests in a Registered Global Note of the same type at any time.

- (h) Definitions

In this Condition, the following expressions shall have the following meanings:

3. STATUS OF THE SENIOR NOTES AND GUARANTEED SENIOR NOTES AND SUBORDINATION

The applicable Final Terms (other than Notes issued with a minimum denomination of less than Euro 100,000 (or its equivalent in any other currency)) will indicate whether the Notes are, in the case of Notes issued by NAB, Senior Notes or Subordinated Notes, in the case of Notes issued by BNZ-IF, Guaranteed Senior Notes. Notes issued with a minimum denomination of less than Euro 100,000 (or its equivalent in any other currency) will be issued as Senior Notes or Guaranteed Senior Notes.

*NAB is an "authorised deposit-taking institution" (ADI) for the purposes of the Banking Act 1959 of Australia (**Banking Act**) in Australia. Accordingly, but without limitation to the other mandatory priority provisions of the Banking Act or the Reserve Bank Act 1959 of Australia or to other applicable laws, section 13A of Division 2 of Part II of the Banking Act provides that, in the event NAB becomes unable to meet its obligations or suspends payment, its assets in Australia are available to meet specified liabilities in Australia in priority to all other liabilities of NAB (including Notes issued by NAB). These specified liabilities include obligations of NAB in respect of protected accounts (as defined in the Banking Act), debts due to the Reserve Bank of Australia (the **RBA**) and certain debts due to the Australian Prudential Regulation Authority (**APRA**). Certain assets, such as the assets of NAB in a cover pool for a covered bond issued by NAB, are excluded from constituting assets in Australia for the purposes of section 13A of the Banking Act and these assets are subject to the prior claims of the holders of such covered bonds and certain other secured creditors in respect of the covered bonds.*

The claims which are preferred by law to the claims of a Noteholder in respect of a Note issued by NAB, including without limitation under the Banking Act provisions referred to above, will include most deposits, will be substantial and are not limited by these Conditions. NAB's assets which are excluded from constituting assets in Australia and which are subject to prior claims in connection with covered bonds as described above may also be substantial. In addition, future changes to applicable law may extend the debts required to be preferred by law or the assets to be excluded.

The Notes are not deposit liabilities or protected accounts of NAB for the purposes of the Banking Act and are not insured by any government, government agency or compensation scheme of Australia or any other jurisdiction or by any other party. Notes issued by NAB are not guaranteed by any person.

3.1 Status of the Senior Notes and Guaranteed Senior Notes

The Senior Notes and Guaranteed Senior Notes and any relative Receipts and Coupons are unsubordinated, direct and unsecured obligations of the Issuer and rank *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (other than any obligation preferred by mandatory provisions of applicable law including (in respect of NAB only) but not limited to those referred in Division 2 of Part II of the Banking Act 1959 of Australia (**Banking Act**) and section 86 of the Reserve Bank Act 1959 of Australia).

3.2 Subordination—NAB

The provisions of, and the defined terms contained within, this Condition 3.2 only apply to Subordinated Notes.

- (a) Subordinated Notes are direct, unsecured obligations of NAB and are subordinate to the claims of all Senior Creditors (as defined below) of NAB in right of payment of principal of and interest on such Subordinated Notes with respect to the assets of NAB in the event of a Winding Up of NAB.
- (b) At any time prior to the Winding Up of NAB in Australia:

- (i) payments by NAB of principal and interest or any other amount owing to a Noteholder or the Trustee in connection with the Subordinated Notes are conditional upon NAB being Solvent at the time those payments fall due; and
- (ii) NAB must not pay an amount owing to a Noteholder or the Trustee in connection with the Subordinated Notes except to the extent that NAB may pay such amount and still be Solvent immediately after doing so,

provided that this provision shall not affect or prejudice the payment of costs, charges, expenses, liabilities, indemnities or remuneration of or to the Trustee or the rights and remedies of the Trustee in respect thereof.

Subordinated Notes rank in a Winding Up of NAB behind all claims of Senior Creditors, *pari passu* among themselves, and subject to Condition 10A, *pari passu* with Equal Ranking Instruments and ahead of Junior Ranking Instruments.

In a Winding Up of NAB a Noteholder's claim for an amount owing by NAB in connection with a Subordinated Note is subordinated to the claims of Senior Creditors of NAB, in that:

- (x) all claims of Senior Creditors must be paid in full before the Noteholder's claim is paid; and
- (y) until the Senior Creditors have been paid in full, the Noteholder must not claim in the Winding Up of NAB in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive.

The Subordinated Notes will not contain any limitations on the amount of senior debt, deposits or other obligations that may be hereafter incurred or assumed by NAB.

Each Noteholder irrevocably acknowledges and agrees that this Condition 3.2 is a debt subordination for the purposes of section 563C of the Corporations Act 2001 of Australia (the **Corporations Act**). Each Noteholder irrevocably acknowledges and agrees that the debt subordination effected by this Condition 3.2 is not affected by any act or omission of NAB or a Senior Creditor which might otherwise affect it at law or in equity.

To the fullest extent permitted by applicable law, a holder of a Subordinated Note and any related Receipts and Coupons shall not have any right to set-off any amounts owing to it by NAB in connection with that Subordinated Note against any amount owing by it to NAB in connection with the Subordinated Notes or otherwise and NAB shall not have any right to set-off any amounts owing by it to the holder in connection with that Subordinated Note against any amount owing by the holder to it in connection with the Subordinated Notes or otherwise.

Each Noteholder must not exercise its voting rights as an unsecured creditor in the Winding Up or administration of NAB to defeat the subordination in this Condition 3.2. In addition, each Noteholder irrevocably acknowledges and agrees that it must pay or deliver to the liquidator any amount or asset received on account of its claim in the Winding Up of NAB in connection with a Subordinated Note in excess of its entitlement under this Condition 3.2.

Nothing in this Condition 3.2 shall be taken to require the consent of any Senior Creditor to any amendment of this Condition 3.2.

Equal Ranking Instruments means any instrument that ranks in a Winding Up of NAB as the most junior claim in the Winding Up of NAB ranking senior to Junior Ranking Instruments and includes:

- (i) the undated subordinated Floating Rate Notes issued under the trust deed dated 4 October 1986 between NAB and The Law Debenture Trust Corporation p.l.c., as amended from time to time (except in so far as such amendment is inconsistent with such ranking); and

- (ii) any other instruments issued after 1 January 2013 as Relevant Tier 2 Capital Instruments (as defined in Condition 10A.16).

Junior Ranking Instruments means:

- (i) any instrument issued as Tier 1 Capital (whether or not constituting Tier 1 Capital at the Issue Date or at the time of commencement of the Winding Up of NAB); and
- (ii) any shares (including Ordinary Shares) in the capital of NAB (other than shares issued as Tier 2 Capital),

or any claims in respect of a shareholding including claims described in sections 563AA and 563A of the Corporations Act.

Senior Creditors means all present and future creditors of NAB (including but not limited to depositors of NAB) whose claims:

- (i) would be entitled to be admitted in the Winding Up of NAB; and
- (ii) are not in respect of Equal Ranking Instruments or Junior Ranking Instruments,

including creditors in respect of Subordinated Notes issued before 1 January 2013.

Winding Up means, in relation to NAB, a winding up by a court of competent jurisdiction or otherwise under applicable law (which, in the case of Australia, includes the Corporations Act).

The Trust Deed contains further provisions to give effect to the subordination contemplated by this Condition 3.2.

3.3 [This paragraph is no longer applicable]

3.4 Status of the Senior Guarantee

The Guarantor has in the Trust Deed unconditionally and irrevocably guaranteed the due and punctual payment by BNZ-IF of the principal of, and interest on, the Guaranteed Senior Notes and all other amounts payable under or pursuant to the Trust Deed. The obligations of the Guarantor under the Guarantee constitute unsubordinated, direct and unsecured obligations of the Guarantor and will rank *pari passu* with all other unsecured and unsubordinated obligations of the Guarantor (other than any obligation preferred by mandatory provisions of applicable law).

4. [This paragraph is no longer applicable]

5. INTEREST

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes or, in the case of Exempt Notes, whether a different interest basis applies.

5.1 Interest on Fixed Rate Notes

This Condition 5.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, and subject to the immediately succeeding paragraph, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If "Business Day Convention—Adjusted" is specified in the applicable Final Terms, (a) any Interest Payment Date otherwise falling on a day which is not a Business Day (as defined in Condition 5.6 below) will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the applicable Final Terms (as described below) and (b) the amount of interest payable on such Interest Payment Date will be adjusted accordingly and the provisions of subparagraph (d) of Condition 5.2 (excluding the determination of the Rate of Interest) and (f) of Condition 5.2 below (excluding the notification of the Rate of Interest) shall apply, *mutatis mutandis*, as though references to "Floating Rate Notes" were to "Fixed Rate Notes" and references to "Interest Amounts" were to amounts of interest payable in respect of Fixed Rate Notes.

If "Business Day Convention—Non-Adjusted" is specified in the applicable Final Terms, any Interest Payment Date otherwise falling on a day which is not a Business Day will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the applicable Final Terms (as described below) and there will be no corresponding adjustment of the amount of interest payable on such Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

5.2 Interest on Floating Rate Notes

This Condition 5.2 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 5.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination, Screen Rate Determination, BBSW Determination or BKBM Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the

applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page. Where BBSW Determination or BKBM Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Relevant Financial Centre and Interest Determination Date(s).

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2 above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Notes

Where "ISDA Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where "Screen Rate Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In this Condition 5.2(b)(ii):

Interest Determination Date shall mean the date specified as such in the Final Terms or if none is so specified:

- (i) if the Reference Rate is the London interbank offered rate (**LIBOR**) (other than Sterling or Euro LIBOR), the second London business day prior to the start of each Interest Period;
- (ii) if the Reference Rate is Sterling LIBOR, the first day of each Interest Period;
- (iii) if the Reference Rate is Euro LIBOR or the Euro-zone interbank offered rate (**EURIBOR**), the second day on which the TARGET2 System is open prior to the start of each Interest Period;

- (iv) if the Reference Rate is the Hong Kong interbank offered rate (**HIBOR**), the first day of each Interest Period;
- (v) if the Reference Rate is the Toronto inter-bank offered rate (**BA-CDOR**), the first day of each Interest Period;
- (vi) if the Reference Rate is the Singapore interbank offered rate (**SIBOR**), the second Singapore business day prior to the start of each Interest Period;
- (vii) if the Reference Rate is the CNH Hong Kong interbank offered rate (**CNH HIBOR**), the second Hong Kong business day (excluding Saturdays) prior to the start of each Interest Period;
- (viii) if the Reference Rate is the Norwegian interbank offered rate (**NIBOR**), the second Oslo business day prior to the start of each Interest Period.

Reference Rate shall mean (i) LIBOR, (ii) EURIBOR, (iii) HIBOR, (iv) BA-CDOR, (v) SIBOR, (vi) CNH HIBOR or (vii) NIBOR, in each case for the relevant period, as specified in the applicable Final Terms.

Relevant Financial Centre shall mean London, in the case of a determination of LIBOR, Brussels, in the case of a determination of EURIBOR, Hong Kong, in the case of a determination of HIBOR, Toronto, in the case of a determination of BA-CDOR, Singapore, in the case of a determination of SIBOR, Hong Kong, in the case of a determination of CNH HIBOR and Oslo, in the case of a determination of NIBOR, as specified in the applicable Final Terms.

Relevant Time shall mean (i) in the case of LIBOR, 11.00 a.m., (ii) in the case of EURIBOR, 11.00 a.m., (iii) in the case of HIBOR 11.00 a.m., (iv) in the case of BA-CDOR, 10.00 a.m., (v) in the case of SIBOR, 11.00 a.m., (vi) in the case of CNH HIBOR, 11.15 a.m., or if, at or around that time it is notified that the fixing will be published at 2:30 p.m., then as of 2:30 p.m., (vii) in the case of NIBOR, 12.00 noon, each as specified in the applicable Final Terms.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

In the case of Exempt Notes, if the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR, EURIBOR, HIBOR, BA-CDOR, SIBOR, CNH HIBOR, NIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

- (iii) BBSW Determination for Floating Rate Notes

Where "BBSW Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the rate for prime bank eligible securities (expressed as a percentage rate per annum), having a tenor closest to the relevant Interest Period, which is designated as the "AVG MID" (or any designation which replaces this designation) (the **BBSW Rate**) on the BBSW Page (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) at or about the BBSW Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent.

If the BBSW Page is not available, or if the BBSW Rate does not appear on the BBSW Page by 10.30 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BBSW Publication Time in the Relevant Financial Centre), the Rate of Interest shall be determined in good faith by

the Agent on the Interest Determination Date, after consultation with the Issuer, having regard to comparable indices then available.

If the Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 5.2(b)(iii):

BBSW Page means the Reuters Screen “BBSW” Page, or such other page on the Reuters Monitor Money Rates Service (or a successor service) as may replace such page for the purpose of displaying the Australian Bank Bill Swap Rate;

BBSW Publication Time means 10.15 a.m. (or such other time at which the BBSW Rate customarily appears on the BBSW Page);

Interest Determination Date shall mean the date specified as such in the Final Terms or if none is so specified, the first day of each Interest Period;

Relevant Financial Centre shall mean Sydney, as specified in the applicable Final Terms.

(iv) BKBM Determination for Floating Rate Notes

Where "BKBM Determination" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be the “Bank Bill Reference Rate (FRA)” (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) administered by the New Zealand Financial Markets Association (or any other person that takes over the administration of that rate), having a tenor closest to the relevant Interest Period (the **BKBM Rate**), as set forth on the display page designated on the BKBM Page at or about the BKBM Publication Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent.

If the BKBM Page is not available, or if the BKBM Rate does not appear on the BKBM Page by 11.00 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre), the Rate of Interest shall be determined in good faith by the Agent on the Interest Determination Date, after consultation with the Issuer, having regard to the rates otherwise bid and offered at or around 11.00 a.m. in the Relevant Financial Centre (or such other time that is 15 minutes after the then prevailing BKBM Publication Time in the Relevant Financial Centre) on the Interest Determination Date by participants in the BKBM trading window for New Zealand bank bills having a tenor closest to the relevant Interest Period.

If the Agent is unable to determine the Rate of Interest in accordance with the preceding paragraph, the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition 5.2(b)(iv):

BKBM Page means the Reuters Screen “BKBM” Page, or such other page on the Reuters Monitor Money Rates Service (or a successor service) as may replace such page for the purpose of displaying the New Zealand Bank Bill reference rate;

BKBM Publication Time means 10.45 a.m. (or such other time at which the BKBM Rate customarily appears on the BKBM Page);

Interest Determination Date shall mean the date specified as such in the Final Terms or if none is so specified, the first day of each Interest Period;

Relevant Financial Centre shall mean Auckland and Wellington, as specified in the applicable Final Terms.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

The Final Terms in respect of any Notes issued as Subordinated Notes may not specify a Minimum Rate of Interest and/or a Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

If "Interest Amounts Non-Adjusted" is specified in the applicable Final Terms then notwithstanding the bringing forward or postponement (as applicable) of an Interest Payment Date as a result of the application of the Business Day Convention set out in the applicable Final Terms, the Interest Amount in respect of the relevant Interest Period and each subsequent Interest Period shall be calculated as aforesaid on the basis of the original Interest Payment Dates without adjustment in accordance with the applicable Business Day Convention.

(e) Linear Interpolation

Where "Linear Interpolation" is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where "Screen Rate Determination" is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where "ISDA Determination" is specified as applicable in the applicable Final Terms) or the relevant BBSW Rate (where "BBSW Determination" is specified as applicable in the applicable Final Terms) or the relevant BKBM Rate (where "BKBM Determination" is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(f) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified as soon as possible after their determination but in no event later than (i) in the case of notification to any stock exchange on which the relevant Floating Rate Notes are for the time being listed, the first day of the relevant Interest Period or, to the extent the nature of such Notes makes this impossible, the relevant Interest Payment Date; and (ii) in the case of notification to the Issuer and the Trustee and publication of a notice thereof in accordance with Condition 14, the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) Determination or Calculation by Trustee

If for any reason at any relevant time the Agent defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above, as the case may be, and in each case in accordance with paragraph (d) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2 by the Agent shall (in the absence of wilful default, fraud or manifest error or proven error) be binding on the Issuer, the Guarantor, the Agent, the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, fraud or manifest error or proven error) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Exempt Notes

In the case of Exempt Notes which are also Floating Rate Notes where the applicable Final Terms identifies that Screen Rate Determination applies to the calculation of interest, if the Reference Rate from time to time is specified in the applicable Final Terms as being other than LIBOR, EURIBOR, HIBOR, BA-CDOR, SIBOR, CNH HIBOR or NIBOR, the Rate of Interest in respect of such Exempt Notes will be determined as provided in the applicable Final Terms.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Final Terms, provided that where such Notes are Index Linked Interest Notes the provisions of Condition 5.2 shall, save to the extent amended in the applicable Final Terms, apply as if the references therein to Floating Rate Notes and to the Agent were references to Index Linked Interest Notes and the Calculation Agent, respectively, and provided further that the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Final Terms.

5.4 Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

5.5 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent or the Registrar or the Trustee, as the case may be, and notice to that effect has been given to the Noteholders as provided in the Trust Deed.

5.6 Definitions

In these Conditions, except in Condition 10A and in the Schedule to these Conditions:

Accrual Period means, for the purposes of the definition of the applicable Day Count Fraction, the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date.

 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

- (i) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (c) payments in Renminbi will be made in accordance with Condition 6.8.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment and, in the case of a Subordinated Note, to Condition 3.2 and Condition 10A but without prejudice to the provisions of Condition 8.

For the avoidance of doubt, any amounts to be paid on the Notes will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code of 1986, as amended (the **Code**), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

6.2 Presentation of definitive Bearer Notes, Receipts and Coupons

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below) and save as provided in Condition 6.4) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that

such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

6.3 Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note, (i) in the case of a Global Note in bearer form lodged with the CMU Service, to the CMU Accountholder, which notification shall be conclusive and binding evidence (save in the case of manifest error) of (a) the identity of any Accountholder and, (b) for so long as the Global Note in bearer form is held by or on behalf of the CMU Operator, the instruction of the bearer of the Global Note to make such payments of principal and interest (if any) to such Accountholders, or (ii) in the case of a Global Note in bearer form not lodged with the CMU Service, against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment distinguishing between any payment of principal and any payment of interest, will be made (in the case of a Global Note not lodged with the CMU Service) on such Global Note by the Paying Agent to which it was presented, (in the case of a Global Note lodged with the CMU Service) on withdrawal of the Global Note by the CMU Lodging Agent or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

6.4 Payments in respect of Registered Notes

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose, in respect of Notes held through Euroclear and Clearstream, Luxembourg, a day on which Euroclear and Clearstream, Luxembourg are open for business and, in respect of Notes held through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be (i) Sydney or (ii) Auckland or Wellington, respectively) and (in the case of a payment in euro) any bank which processes payments in euro. In the case of any Notes denominated in Renminbi, the meaning of Designated Account and Designated Bank should be construed in accordance with Condition 6.8.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i)

where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at its address shown in the Register on the Record Date and at its risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note. In the case of each Registered Note held through the CMU Service, payment will be made at the direction of the registered holder to the CMU Accountholders and such payment shall discharge the obligations of the Issuer or, as the case may be, the Guarantor, in respect of that payment.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

None of the Issuer or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Specific provisions in relation to payments in respect of certain types of Exempt Notes

Payments of instalments of principal (if any) in respect of definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business and in respect of Notes held through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at its address shown in the Register on the Record Date and at its risk. Upon application of the holder to the specified office of the

Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Upon the date on which any Dual Currency Note or Index Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

6.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments (or, in the case of a Global Note lodged with the CMU Service, to direct to whom payment should be made) in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor, will be discharged by payment to, or to the order of, the holder of such Global Note or such person(s) for whose account(s) interests in such Global Note are credited as being held in the CMU Service (as the case may be) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC or the CMU Service as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC or the CMU Service, as the case may be, for its share of each payment so made by the Issuer or, as the case may be, the Guarantor, to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer and (if applicable) the Guarantor have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.6 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 9) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (i) in the case of Notes in definitive form only, in the relevant place of presentation;
 - (ii) in each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;

- (b) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open;
- (c) either (A) in relation to any sum payable in a Specified Currency other than euro and Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be (i) Sydney or (ii) Auckland and Wellington, respectively), (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open or (C) in relation to any sum payable in Renminbi, a day on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong; and
- (d) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

6.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Exempt Notes redeemable in instalments, the Instalment Amounts;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.5); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

6.8 Payment in Renminbi

Notwithstanding any other provision in this Condition 6, in case of any payment in Renminbi, payment shall be made by transfer to a Renminbi account maintained by or on behalf of a holder with a bank in Hong Kong.

6.9 Payment of U.S. Dollar Equivalent

In respect of Notes denominated in Renminbi, notwithstanding Condition 6.8, where "U.S. Dollar Equivalent" is specified in the applicable Final Terms as being applicable to a Series of Notes, if by reason of Inconvertibility, Non-transferability or Illiquidity (each, a **CNY Disruption Event**), the Issuer or the

Guarantor (as the case may be), is not able or it would be impracticable for it to satisfy payments of principal or interest (in whole or part) in respect of the Notes or the Coupons when due in Renminbi in Hong Kong:

- (a) payment of such amount shall be postponed to two Business Days after the date on which the CNY Disruption Event ceases to exist, unless it continues to exist for 14 consecutive calendar days from the original date that, but for the occurrence of the CNY Disruption Event, would have been the date of such payments; or
- (b) if the CNY Disruption Event continues to exist for 14 consecutive calendar days from the original date that, but for the occurrence of the CNY Disruption Event, would have been the date of such payments, the Issuer or the Guarantor (as the case may be) may, on giving five Business Days' irrevocable notice to the Paying Agent, Noteholders and the Trustee, settle any such payment (in whole or in part) in U.S. dollars on the date that is three Business Days after the expiration of the aforementioned 14 calendar day period at the U.S. Dollar Equivalent of any such Renminbi-denominated amount.

In the case of (b) above, any payment of U.S. dollars will be made by transfer to a U.S. dollar denominated account maintained by the payee with, or by a U.S. dollar denominated cheque drawn on, a bank in New York City; and the definition of Payment Day in Condition 6.6 shall mean any day (subject to Condition 9) which is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in: (A) in the case of Notes in definitive form only, the relevant place of presentation; (B); London, Sydney and New York; and (C) each Additional Financial Centre specified in the applicable Final Terms.

For the purposes of these Conditions, **U.S. Dollar Equivalent** means the Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Determination Date.

Any payment made under such circumstances in U.S. dollars will constitute valid payment, and will not constitute a default in respect of the Notes.

For these purposes:

Calculation Agent means Deutsche Bank AG, London Branch;

CNY means the lawful currency of the PRC;

Determination Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and in New York City;

Illiquidity means that the general Renminbi exchange market in Hong Kong has become illiquid and, as a result of which, the Issuer or the Guarantor (as the case may be) cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and/or principal (in whole or in part) in respect of the Notes, as determined by the Issuer or the Guarantor (as the case may be) in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers;

Inconvertibility means the occurrence of any event that makes it impossible for the Issuer or the Guarantor (as the case may be) to convert any amount due in respect of the Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer or the Guarantor (as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation becomes effective after the Issue Date of the first tranche of the Notes and it is impossible for the Issuer or the Guarantor (as the case may be), due to an event beyond its control, to comply with such law, rule or regulation);

Non-transferability means the occurrence of any event that makes it impossible for the Issuer to transfer Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer or the Guarantor (as the case may be) to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation becomes effective after the Issue Date of the first tranche of the Notes and it is impossible for the Issuer or the Guarantor (as the case may be), due to an event beyond its control, to comply with such law, rule or regulation);

If neither rate is available, the Calculation Agent will determine the Spot Rate at or around 11.15 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/US dollar official fixing rate for settlement in two Determination Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

6.10 Determinations are binding

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 by the Calculation Agent, will (in the absence of wilful default, fraud or manifest error) be binding on the Issuer, the Guarantor (in the case of Guaranteed Senior Notes), the Paying Agents and all Noteholders.

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled (or, in the case of Subordinated Notes, Converted or Written-Off) as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject to Condition 7.5, the Notes may be redeemed (subject to the prior written approval of APRA if the Notes are Subordinated Notes) at the option of the Issuer in whole or in part at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 or (ii) (in the case of Guaranteed Senior Notes) the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to (A) the laws or regulations of Australia (if the Issuer is NAB) or New Zealand (if the Issuer is BNZ-IF) or in all cases any political sub-division thereof or any authority thereof or therein or (in all cases) any Tax Jurisdiction (as defined in Condition 8) or (B) any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes and such obligation cannot be avoided by the Issuer (if the Issuer is BNZ-IF) or, as the case may be, the Guarantor, paying (if it is not already doing so) New Zealand approved issuer levy at a rate not exceeding 2 per cent. of the relevant payment; or
- (b) (in the case of Subordinated Notes only) any payment due under such Notes is not or may not be, in each case in the opinion of counsel of international repute appointed by the Issuer and approved by the Trustee, allowed as a deduction for Australian income tax purposes as a result of a change in or amendment to the laws or regulations of Australia or any political sub-division thereof or any authority thereof or therein or any change in the application or official interpretation of such laws or regulations which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (c) (in the case of each of (a) and (b) above) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking any other reasonable measures available to it,

provided that (i) no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due, and (ii) (in the case of Subordinated Notes) NAB does not as at the date of issue of the Subordinated Notes (including where Subordinated Notes are issued as a Tranche consolidated with an existing Series, as at the date of issue of that Tranche) expect that an event described in this Condition 7.2 will occur.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer or, as the case may be, the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment or, as the case may be, the payment of Interest would be treated as a "distribution" as aforesaid and the Trustee shall be entitled to accept the certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.5 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

NAB may elect to redeem any Subordinated Notes under this Condition 7.2 only if either (i) the Subordinated Notes the subject of the redemption are replaced concurrently or beforehand with Regulatory Capital (as defined in Condition 10A.16) of the same or better quality and the replacement of the instrument is done under conditions that are sustainable for NAB's income capacity, or (ii) NAB obtains confirmation from APRA that APRA is satisfied that the capital position of the NAB Level 1 Group and the NAB Level 2 Group will remain adequate after NAB elects to redeem the Subordinated Notes.

In these Conditions:

Level 1 and **Level 2** have the meanings given by APRA from time to time.

NAB Level 1 Group means NAB and those of its Related Entities included by APRA from time to time in the calculation of NAB's capital ratios on a Level 1 basis.

NAB Level 2 Group means NAB and those of its Related Entities included by APRA from time to time in the calculation of NAB's capital ratios on a Level 2 basis.

Noteholders should not expect that APRA's approval will be given for any redemption of the Subordinated Notes under this Condition.

7.2A Redemption for a Regulatory Event

This Condition 7.2A shall apply only to Subordinated Notes.

If a Regulatory Event Call is specified in the applicable Final Terms, subject to the prior written approval of APRA, Subordinated Notes may be redeemed, at the option of NAB, in whole or in part at any time, on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if a Regulatory Event occurs.

For the purpose of this Condition 7.2A, **Regulatory Event** means a determination by the Directors of NAB, having received:

- (a) an opinion from a reputable legal counsel that as a result of any amendment to, clarification of or change (including any announcement of a change that will be introduced) in, any law or regulation of the Commonwealth of Australia or any political sub-division thereof or any authority thereof or therein, or any official administrative pronouncement or action or judicial decision interpreting such laws or regulations, or any direction, order, standard, requirement, guideline or statement of APRA (whether or not having the force of law), in each case which amendment, clarification or change is effective, or pronouncement, action or decision is announced, after the Issue Date; or
- (b) a written statement from APRA after the Issue Date,

that, in each case, NAB is not or will not be entitled to treat all of the Subordinated Notes as Tier 2 Capital, provided that, in each case, NAB does not expect the matters giving rise to the Regulatory Event will occur at the time of issue of Subordinated Notes.

Subordinated Notes redeemed pursuant to this Condition 7.2A will be redeemed at their Early Redemption Amount referred to in Condition 7.5 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

NAB may elect to redeem any Subordinated Notes under this Condition 7.2A only if either (i) the Subordinated Notes the subject of the redemption are replaced concurrently or beforehand with Regulatory Capital (as defined in Condition 10A.16) of the same or better quality and the replacement of the instrument is done under conditions that are sustainable for NAB's income capacity, or (ii) NAB obtains confirmation

from APRA that APRA is satisfied that the capital position of the NAB Level 1 Group and the NAB Level 2 Group will remain adequate after NAB elects to redeem the Subordinated Notes.

Noteholders should not expect that APRA's approval will be given for any redemption of Subordinated Notes under this Condition.

7.3 Redemption at the option of the Issuer (Issuer Call)

This Condition 7.3 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons or, in the case of Subordinated Notes, on account of a Regulatory Event), such option being referred to as an Issuer Call. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 7.3 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may (subject, in the case of Subordinated Notes, to the prior written approval of APRA), having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 14 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem, in whole or in part, the Notes then outstanding on any Optional Redemption Date (in the case of Subordinated Notes, such date being at least five years after the Issue Date) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. The Optional Redemption Amount will be stated in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in normal amount, at their discretion) and/or DTC and/or the CMU Service, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

NAB may elect to redeem any Subordinated Notes under this Condition 7.3 only if either (i) the Subordinated Notes the subject of the redemption are replaced concurrently or beforehand with Regulatory Capital (as defined in Condition 10A.16) of the same or better quality and the replacement of the instrument is done under conditions that are sustainable for NAB's income capacity, or (ii) NAB obtains confirmation from APRA that APRA is satisfied that the capital position of the NAB Level 1 Group and the NAB Level 2 Group will remain adequate after NAB elects to redeem the Subordinated Notes.

Noteholders should not expect that APRA's approval will be given for any redemption of the Subordinated Notes under this Condition.

7.4 Redemption at the option of the Noteholders (Investor Put)

This Condition 7.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Noteholder, such option being referred to as an **Investor Put**. The applicable Final Terms contains

provisions applicable to any Investor Put and must be read in conjunction with this Condition 7.4 for full information on any Investor Put. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

This Condition 7.4 shall apply only to Senior Notes and Guaranteed Senior Notes and references to "Notes" shall be construed accordingly.

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than the minimum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. Registered Notes may be redeemed under this Condition 7.4 in any multiple of their lowest Specified Denomination.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent, or as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2(b). If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or the CMU Service, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg and the CMU Service (as appropriate) (which may include notice being given on such holder's instruction by Euroclear or Clearstream, Luxembourg or any common depository or common safekeeper, as the case may be, for them to the Agent by electronic means or notice being given to the CMU Lodging Agent) in a form acceptable to Euroclear, Clearstream, Luxembourg, the CMU Service and the CMU Lodging Agent from time to time.

Any Put Notice given by a holder of any Note pursuant to this Condition 7.4 shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10 in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7.4 and instead to declare such Note forthwith due and payable pursuant to Condition 10.

- (b) in the case of a Note (other than a Zero Coupon Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than

that in which the Note is denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or

- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

^y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360 or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

7.6 Specific redemption provisions applicable to certain types of Exempt Notes

For the purposes of Condition 7.6, Index Linked Interest Notes and Dual Currency Interest Notes may be redeemed only on an Interest Payment Date.

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount of Instalment Notes will be determined in the manner specified in the applicable Final Terms.

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

7.7 Purchases

The Issuer, the Guarantor, any subsidiary or any other Related Entity (as defined in Condition 10A.16) of the Issuer or the Guarantor may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise subject, in the case of Subordinated Notes, to the prior written approval of APRA.

Such Notes may be held, reissued, resold or, at the option of the Issuer or (in the case of Guaranteed Senior Notes) the Guarantor, surrendered to the Paying Agent for cancellation.

Noteholders should not expect APRA's approval will be given for any purchase of Subordinated Notes under this Condition.

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and Notes purchased and cancelled pursuant to Condition 7.7 above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

7.9 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 7.1, 7.2, 7.3 or 7.4 above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.5(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent or the Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer or by the Guarantor (in the case of Guaranteed Senior Notes) will be made without withholding or deduction for or on account of any present or future taxes, assessments, other governmental charges or duties of whatever nature imposed or levied by or on behalf of Australia (if the Issuer is NAB) or New Zealand (in the case of Guaranteed Senior Notes) or any political sub-division thereof or any authority thereof or therein and any Tax Jurisdiction having power to tax unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor (as the case may be) will pay such additional amounts as shall be necessary in order that the amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that the foregoing obligation to pay additional amounts shall not apply to any such tax, assessment, governmental charge or duty:

- (a) which is payable otherwise than by deduction or withholding from payments of principal of and interest on such Note, Receipt or Coupon;
- (b) which is payable (other than in respect of New Zealand resident withholding tax) by reason of the Noteholder, Receiptholder or Couponholder or beneficial owner having, or having had, some personal or business connection with Australia (if the Issuer is NAB), New Zealand (in the case of Guaranteed Senior Notes) or (in all cases) a Tax Jurisdiction (other than mere ownership of or receipt of payment under the Notes, Receipts or Coupons or the fact that payments are, or for the purposes of taxation are deemed to be, from sources in, or secured in, Australia (if the Issuer is NAB), New Zealand (in the case of Guaranteed Senior Notes), or (in all cases) a Tax Jurisdiction);
- (c) which is payable solely by reason of the Noteholder's, Receiptholder's or Couponholder's or beneficial owner's failure to comply with any certification, identification or other reporting requirement concerning nationality, residence, identity, connection with taxing jurisdiction of the Noteholder, Receiptholder or Couponholder or other beneficial owner of such Note;
- (d) which is payable by reason of a change in law that becomes effective more than thirty days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been

entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.6);

- (e) which is an estate, inheritance, gift, sales, transfer, personal property or similar tax, assessment or other charge;
- (f) which is payable, if the Issuer is NAB, by reason of the Noteholder, Receiptholder or Couponholder or beneficial owner of such Note being an associate of the Issuer for purposes of Section 128F of the Income Tax Assessment Act 1936 of Australia (the **Australian Tax Act**);
- (g) which is payable, in the case of Guaranteed Senior Notes, by reason of the Noteholder, Receiptholder or Couponholder or beneficial owner of such Note, Receipt or Coupon being associated with the Issuer or the Guarantor, or deriving interest jointly with a New Zealand resident, for the purposes of the approved issuer levy and non-resident withholding tax rules in the Income Tax Act 2007 of New Zealand or any modification or equivalent thereof;
- (h) which, if the Issuer is BNZ-IF, is payable solely by reason of the relevant Note, Receipt or Coupon being presented for payment in New Zealand;
- (i) which, if the Issuer is NAB, is imposed or withheld as a consequence of a determination having been made under Part IVA of the Australian Tax Act (or any modification thereof or provision substituted therefor) by the Commissioner of Taxation of the Commonwealth of Australia that withholding tax is payable in respect of a payment in circumstances where the payment would not have been subject to withholding tax in the absence of the scheme which was the subject of that determination;
- (j) which, in the case of Guaranteed Senior Notes, is imposed or withheld as a consequence of the New Zealand Inland Revenue Department applying section BG 1 of the Income Tax Act 2007 of New Zealand (or any modification or equivalent thereof) with the consequence that withholding tax is payable in respect of a payment in circumstances where the payment would not have been subject to withholding tax in the absence of the application of such provision;
- (k) (in the case of Guaranteed Senior Notes) where such withholding or deduction is for or on account of New Zealand resident withholding tax;
- (l) with respect to any payment of principal of or interest (including original issue discount) on the Notes, Receipts and Coupons by the Issuer (or the Guarantor, as the case may be) to any Noteholder, Receiptholder or Couponholder who is a fiduciary or partnership or other than the sole beneficial owner of any such payment to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or any other beneficial owner would not have been entitled to the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of such Notes, Receipts and Coupons; or
- (m) any combination of (a) through (l) above.

As used herein:

- (i) **Tax Jurisdiction** means (a) in relation to any Tranche of Notes issued by BNZ-IF, the United Kingdom and (b) in relation to any Tranche of Notes issued by a borrowing office of NAB which is not located in Australia, the jurisdiction in which such borrowing office is located; and
- (ii) the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee or the Agent on or prior to such due date, it means the date on which, the full amount of such

moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

For the avoidance of doubt, any amounts to be paid on the Notes, Receipts and Coupons will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

The remaining provisions of this Condition 8 only apply to BNZ-IF, where BNZ-IF is the Issuer, and to the Guarantor. Where used in the remaining provisions of this Condition 8, **interest** means interest (as defined under the Income Tax Act 2007 of New Zealand or any modification or equivalent thereof) for withholding tax purposes, which currently includes the excess of the redemption amount over the issue price of any Note, as well as interest paid on such Note.

BNZ-IF and the Guarantor may be required by law to deduct New Zealand resident withholding tax from the payment of interest to a Noteholder, Receiptholder or Couponholder, if:

- (a) the person deriving the interest is a resident of New Zealand for income tax purposes or is otherwise subject to the New Zealand resident withholding tax rules (a **New Zealand Noteholder**); and
- (b) at the time of such payment, the New Zealand Noteholder does not hold a valid certificate of exemption for New Zealand resident withholding tax purposes or is not otherwise exempt from resident withholding tax.

Prior to any date on which interest is payable or the Maturity Date, any New Zealand Noteholder:

- (A) must notify BNZ-IF or, as the case may be, the Guarantor or any Paying Agent, that the New Zealand Noteholder is the holder of a Note, Receipt or Coupon; and
- (B) must notify BNZ-IF or, as the case may be, the Guarantor or a Paying Agent, of any circumstances, and provide BNZ-IF or, as the case may be, the Guarantor or the relevant Paying Agent, with any information (including, in the case of a New Zealand Noteholder that is not resident in New Zealand for income tax purposes, whether the Note is held for the purposes of a business they carry on in New Zealand through a fixed establishment in New Zealand) that may enable BNZ-IF or, as the case may be, the Guarantor, to make payment of interest to the New Zealand Noteholder without deduction on account of New Zealand resident withholding tax.

The New Zealand Noteholder must notify BNZ-IF or, as the case may be, the Guarantor, prior to any date on which interest is payable, of any change in the New Zealand Noteholder's circumstances from those previously notified that could affect the payment or withholding obligations of BNZ-IF or, as the case may be, the Guarantor, in respect of this Note, Receipt or Coupon. By accepting payment of the full face amount of a Note, Receipt or Coupon, as the case may be or any interest thereon, the New Zealand Noteholder indemnifies BNZ-IF or, as the case may be, the Guarantor, for all purposes in respect of any liability BNZ-IF or, as the case may be, the Guarantor may incur for not deducting any amount from such payment on account of New Zealand resident withholding tax.

Only a New Zealand Noteholder will be obliged to make the notification referred to above and no other holder will be required to make any certification that it is not a New Zealand Noteholder.

9. PRESCRIPTION

The Notes (whether in bearer or registered form), Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

10. EVENTS OF DEFAULT AND ENFORCEMENT

10.1 Events of Default relating to Senior Notes and Guaranteed Senior Notes

This Condition 10.1 shall apply only to Senior Notes and Guaranteed Senior Notes and references to "Notes" shall be construed accordingly.

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in paragraphs (c), (d), (e), (f), (h), (i), (j) or (k) inclusive below, only if the Trustee shall have certified in writing to the Issuer and the Guarantor (in the case of Guaranteed Senior Notes) that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer and the Guarantor (in the case of Guaranteed Senior Notes), that the Notes are, and the Notes shall, unless such event shall have been cured by the Issuer or the Guarantor (in the case of Guaranteed Senior Notes) prior to the Issuer's and, in the case of Guaranteed Senior Notes, the Guarantor's receipt of the notice in writing from the Trustee, thereupon immediately become, due and repayable at their Early Redemption Amount together with accrued interest as provided in the Trust Deed if any of the following events (each an **Event of Default**) shall occur:

- (i) (where the Issuer is NAB) the Issuer (i) ceases to carry on a banking business in Australia, or the Issuer's authority under the Banking Act or any amendment or re-enactment thereof to carry on banking business in Australia is revoked; or (ii) enters into an arrangement or agreement for any sale or disposal of the whole of its business by amalgamation or otherwise other than, in the case of (ii) only, (a) under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency which results in a substitution of the principal debtor under the Notes, Receipts and Coupons pursuant to Condition 15; or (b) with the consent of the Noteholders by Extraordinary Resolution;
- (j) (where the Issuer is BNZ-IF), (i) the Guarantor ceases to carry on general banking business in New Zealand; or (ii) the Guarantor ceases to be registered as a bank in New Zealand; or (iii) the Issuer or the Guarantor enters into any arrangement or agreement for any sale or disposal of the whole of its respective business by amalgamation or otherwise other than, in the case of (iii) only, (a) under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency which, in the case of BNZ-IF, results in a substitution of the principal debtor under the Notes, Receipts and Coupons or, in the case of the Guarantor, results in a substitution of the guarantor of Notes issued by BNZ-IF under the Trust Deed, in each case pursuant to Condition 15; or (b) with the consent of the Noteholders by Extraordinary Resolution; or

Notwithstanding any other provision of this Condition 10.1, no Event of Default (other than Condition 10.1(g)) in respect of the Notes shall occur solely on account of any failure by the Issuer or the Guarantor (in the case of Guaranteed Senior Notes) to perform or observe any of its obligations in relation to, or the agreement or declaration of any moratorium with respect to, or the taking of any proceeding in respect of, any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital.

10.2 Events of Default relating to Subordinated Notes

This Condition 10.2 shall apply only to Subordinated Notes and references to "Notes" shall be construed accordingly.

The following are Events of Default in relation to Notes:

- (a) a Winding Up Default (as defined below) occurs and is continuing other than, in any case, for the purposes of a consolidation, amalgamation, merger or reconstruction (the terms of which have been approved by the shareholders of NAB or by a court of competent jurisdiction) under which the continuing or resulting corporation effectively assumes the entire obligations of NAB under the Notes; and

- (b) NAB fails to pay any amount of principal or interest in respect of the Notes when scheduled to be paid and the default continues for a period of seven days (in respect of a payment of principal) or 30 days (in respect of a payment of interest) unless (in the case of Subordinated Notes) the failure is the result of NAB not being Solvent at the time of that payment or NAB would not be Solvent as a result of making that payment (except to the extent that NAB can make such payment and remain Solvent thereafter).

To the extent that a payment is not required to be made due to Condition 3.2 in the case of NAB, the amount is not due and payable and failure to pay such amount does not give rise to an Event of Default.

Solvent means, in the case of NAB, that each of the following is the case:

- (a) that NAB can pay its debts as they fall due; and
- (b) its Assets exceed its Liabilities.

A certificate as to whether NAB is Solvent (at any particular time or throughout any particular period) signed by two Directors of NAB or the auditors of NAB or, in a Winding Up of NAB, its liquidator, will, in the absence of manifest error, be conclusive evidence against and binding on NAB, the Trustee, the Noteholders, Couponholders and Receiptholders in respect of the matters certified. In the absence of such certificate, the Trustee and any holder of Subordinated Notes is entitled to assume (unless the contrary is proved) that NAB is, and will be after any payment, Solvent and the Trustee shall incur no liability by reason of acting in reliance upon such assumption.

Assets means, in respect of NAB, its total non-consolidated gross assets as shown by its latest published audited financial statements but adjusted for events subsequent to the date of such financial statements in such manner and to such extent as its Directors, its auditors or its liquidator may determine to be appropriate.

Liabilities means, in respect of NAB, its total non-consolidated gross liabilities as shown by its latest published audited financial statements but adjusted for events subsequent to the date of such financial statements in such manner and to such extent as its Directors, its auditors or its liquidator may determine to be appropriate.

Winding Up Default means, in relation to NAB:

- (i) an order is made by a court of competent jurisdiction in Australia for the Winding Up of NAB which order is not successfully appealed or permanently stayed within 60 days of the making of the order; or
- (ii) an effective resolution is passed by shareholders or members for the Winding Up of NAB in Australia.

No events other than those outlined at Condition 10.2(a) and Condition 10.2(b) shall constitute Events of Default in relation to Subordinated Notes.

10.3 Consequences of an Event of Default relating to Subordinated Notes

This Condition 10.3 shall apply only to Subordinated Notes and references to "Notes" shall be construed accordingly.

- (a) Only in the case of the occurrence of the Event of Default specified in Condition 10.2(a) above, the Trustee at its discretion may (in addition to taking any of the actions specified in Condition 10.3(b) below), and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction) (i) give notice in writing to

NAB that each Note is, and each Note shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed and/or (ii) (subject to Condition 3.2 and the provisions of the Trust Deed) prove in the Winding Up of NAB.

- (b) In the case of the occurrence of an Event of Default specified in Condition 10.2(b), the Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), take action:
- (i) to recover the amount that NAB has so failed to pay, provided that (in the case of Subordinated Notes) the Issuer may only be compelled to pay that amount to the extent that it is, and after the payment would remain, Solvent; or
 - (ii) to obtain an order for specific performance of any other obligation in respect of the Notes; or
 - (iii) for the Winding Up of NAB.

Any amount not paid due to Condition 3.2, Condition 10.3(b)(i) or because under Condition 10.2(b) the failure to pay that amount does not give rise to an Event of Default remains a debt owing to the holder by the Issuer until it is paid and shall be payable on the first date on which the relevant Condition would no longer apply (whether or not such date is otherwise a payment date).

Neither holders of Subordinated Notes nor the Trustee on their behalf has any right to accelerate payment or any other remedy (including any right to sue for damages which has the same economic effect as acceleration) as a consequence of an Event of Default other than as set out in this Condition 10.3.

10.4 Enforcement

(a) Senior Notes and Guaranteed Senior Notes

This Condition 10.4(a) shall apply only to Senior Notes and Guaranteed Senior Notes and references to "Notes" shall be construed accordingly.

The Trustee may at any time, at its discretion and without notice, take such proceedings or any action against the Issuer and/or the Guarantor (in the case of Guaranteed Senior Notes) as it may think fit to enforce the provisions of the Trust Deed, the Notes, the Receipts and the Coupons, but it shall not be bound to take any such proceedings or any other action under or in relation to the Trust Deed, the Notes, the Receipts or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

(b) Subordinated Notes

This Condition 10.4(b) shall apply only to Subordinated Notes and references to "Notes" shall be construed accordingly.

The Trustee may at its discretion and shall if so requested in writing by the holders of at least one quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction) institute such proceedings or take any action against NAB as it may think fit to enforce any obligation, condition or provision binding on NAB under the Trust Deed or the Notes (other than any obligation for payment of any principal or interest in respect of the Notes) provided that NAB shall not by virtue of any such proceedings or such action (save for any proceedings for the Winding Up (as defined in Condition 3.2) of NAB) be obliged to pay (i) any sum or sums representing or measured by reference to principal or interest in respect

of the Notes sooner than the same would otherwise have been payable by it or (ii) any damages (save in respect of the Trustee's fees and expenses incurred by it in its personal capacity).

(c) General

No Noteholder, Receiptholder or Couponholder shall be entitled to institute proceedings directly against the Issuer or the Guarantor (in the case of Guaranteed Senior Notes) or prove in the Winding Up (as defined in Condition 3.2 in respect of NAB) of the Issuer or the Guarantor (in the case of Guaranteed Senior Notes) unless the Trustee, having become bound so to do fails to do so within a reasonable period and such failure is continuing, in which event any Noteholder, Receiptholder or Couponholder may, on giving an indemnity and/or security satisfactory to the Trustee, in the name of the Trustee (but not otherwise) himself institute such proceedings and/or prove in the Winding Up of the Issuer and/or the Guarantor (in the case of Guaranteed Senior Notes) to the same extent and in the same jurisdiction (but not further or otherwise than the Trustee would have been entitled to do so in respect of the Notes, Receipts and Coupons and/or the Trust Deed).

10A. CONVERSION OR WRITE-OFF OF SUBORDINATED NOTES ON NON-VIABILITY OF NAB

This Condition 10A applies only to Subordinated Notes. The Schedule to these Conditions (including the defined terms therein) shall be deemed to form part of, and be incorporated in, this Condition 10A.

10A.1 Non-Viability Trigger Event

A **Non-Viability Trigger Event** occurs when APRA has provided a written determination (**Non-Viability Determination**) to NAB that:

- (a) the conversion or write-off of Relevant Capital Instruments of NAB is necessary because without the conversion or write-off, APRA considers that NAB would become non-viable; or
- (b) without a public sector injection of capital into, or equivalent capital support with respect to, NAB, APRA considers that NAB would become non-viable.

The date on which a Non-Viability Trigger Event occurs under Condition 10A.1(a) or 10A.1(b) is a **Conversion Date**.

10A.2 Relevant Tier 1 Capital Instruments to be converted or written-off first where permitted

- (a) Where, on the Conversion Date, a Non-Viability Trigger Event occurs under Condition 10A.1(a), NAB must immediately convert or write-off:
 - (i) all Relevant Capital Instruments then outstanding (including the Subordinated Notes in accordance with this Condition 10A.2); or
 - (ii) where APRA is satisfied that the conversion or write-off of such a proportion of Relevant Capital Instruments will be sufficient to ensure that NAB does not become non-viable, that proportion.
- (b) Where Condition 10A.2(a)(ii) applies, NAB must immediately Convert or Write-Off an aggregate nominal amount of Subordinated Notes in accordance with Condition 10A.3 or Condition 10A.10 (whichever is applicable) and the aggregate nominal amount of other Relevant Tier 2 Capital Instruments which will be converted or be written-off, such amount to be determined on the following basis:
 - (i) first, NAB must convert or write-off all Relevant Tier 1 Capital Instruments; and

- (ii) second, to the extent the amount of Relevant Capital Instruments required to be converted or written-off exceeds the aggregate nominal amount of Relevant Tier 1 Capital Instruments (and unless APRA has withdrawn the Non-Viability Determination), NAB must convert or write-off Relevant Tier 2 Capital Instruments (including Subordinated Notes in accordance with either Condition 10A.3 or Condition 10A.10 (whichever is applicable)), in an aggregate nominal amount equal to the amount of that excess and, in doing so:
 - (A) NAB will endeavour to treat Noteholders on an approximately proportionate basis but may discriminate to take account of logistical considerations and the need to effect the Conversion or Write-Off of Subordinated Notes and conversion or write-off of other Relevant Tier 2 Capital Instruments immediately; and
 - (B) where the Specified Currency of Relevant Tier 2 Capital Instruments is not the same for all Relevant Tier 2 Capital Instruments, may treat them as if converted into a single currency of NAB's choice at such rate of exchange as NAB considers reasonable but may make adjustments among Noteholders and holders of other Relevant Tier 2 Capital Instruments having regard to the need to effect Conversion immediately.
- (c) Where, on the Conversion Date, a Non-Viability Trigger Event occurs under Condition 10A.1(b), NAB must immediately convert or write-off all Relevant Capital Instruments then outstanding (including the Subordinated Notes) in accordance with this Condition 10A.2.

10A.2A General provisions relating to Conversion and Write-Off

- (a) A Non-Viability Determination takes effect, and NAB must perform the obligations in respect of the determination, immediately on the day it is received by NAB, whether or not such day is a Business Day (as defined in the Schedule to these Conditions).
- (b) To the extent that a Subordinated Note has been Converted or Written-Off in part then:
 - (i) the Early Redemption Amount, the Final Redemption Amount, the Optional Redemption Amount, the Specified Denomination and any related amount shall be reduced in the same proportion as the nominal amount Converted or Written-Off in respect of that Subordinated Note bears to the nominal amount of that Subordinated Note before such Conversion or Write-Off;
 - (ii) for the purposes of any interest calculation, the Calculation Amount of such Subordinated Note and, in the case of a Fixed Rate Note, the Fixed Coupon Amount and any related amount shall be reduced in the same proportion as the nominal amount Converted or Written-Off in respect of that Subordinated Note bears to the nominal amount of that Subordinated Note before such Conversion or Write-Off; and
 - (iii) where the Conversion Date is not an Interest Payment Date, then the amount of interest payable in respect of that Subordinated Note on each Interest Payment Date falling after that Conversion Date will be reduced and calculated on the nominal amount of that Subordinated Note as reduced on the date of the Conversion or Write-Off.
- (c) In Converting or Writing-Off Subordinated Notes, NAB may make any decisions with respect to the identity of Noteholders at that time as may be necessary or desirable to ensure Conversion or Write-Off occurs in an orderly manner, including disregarding any transfers of Subordinated Notes that have not been settled or registered at that time.
- (d) If a Subordinated Note is Converted or Written-Off, the Noteholder must immediately present and surrender that Subordinated Note (together, in the case of a Subordinated Note that is a Definitive

Bearer Note, with such Receipts, Coupons and Talons as are attached thereto) to the specified office of, in the case of a Subordinated Note that is a Definitive Bearer Note, any Paying Agent, or, in the case of a Subordinated Note that is a Registered Note, the Registrar and:

- (i) (where such Subordinated Note is Converted or Written-Off in full, the Paying Agent or Registrar (as the case may be) shall cancel or arrange for the cancellation of such Subordinated Note; and
- (ii) where such Subordinated Note is Converted or Written-Off in part, the Paying Agent or Registrar (as the case may be) shall:
 - (A) where such Subordinated Note is a Global Note, endorse or arrange for the endorsement of the Global Note to reflect the reduction in the nominal amount represented by the Global Note on account of the Conversion or Write-Off; and
 - (B) where such Subordinated Note is a Definitive Note, cancel or arrange for the cancellation of the Definitive Note and deliver or arrange for the delivery of a new Definitive Note reflecting the nominal amount of such Subordinated Note remaining following that Conversion or Write-Off,

but no failure or delay in such presentation and surrender, cancellation, endorsement or issue shall prevent, impede or delay the Conversion or Write-Off of any Subordinated Notes required by Condition 10A.

- (e) **Written-Off** means, with respect to a nominal amount of Subordinated Notes, the rights of the Noteholder in relation to such nominal amount of Subordinated Notes are written-off and immediately and irrevocably terminated (and Write-Off when used herein has a corresponding meaning).

10A.3 Conversion of Subordinated Notes

Subject to Condition 10A.10 where "Write-Off – Applicable" is specified in the applicable Final Terms applying to Subordinated Notes, but notwithstanding any other provision in these Conditions, on the Conversion Date, in respect of a Subordinated Note, the relevant nominal amount (as determined under Condition 10A.2) of that Subordinated Note will convert immediately and irrevocably into Ordinary Shares (in a number determined under clause 1.1(a) of the Schedule to these Conditions) and where only a portion of a Subordinated Note is converted, the nominal amount of that Subordinated Note shall be reduced by the amount converted accordingly. The conversion will occur in accordance with the terms set out in the Schedule to these Conditions (the **Conversion** and **Convert**, **Converted** and **Converting** when used herein have corresponding meanings).

10A.4 Noteholder acknowledgements relating to Conversion and Write-Off

Each Holder irrevocably:

- (a) consents to becoming a member of NAB upon the Conversion of Subordinated Notes as required by Condition 10A.3 and agrees to be bound by the constitution of NAB, in each case in respect of the Ordinary Shares issued on Conversion;
- (b) acknowledges and agrees that it is obliged to accept Ordinary Shares upon a Conversion notwithstanding anything that might otherwise affect a Conversion of the Subordinated Notes including:
 - (i) any change in the financial position of NAB since the issue of the Subordinated Notes;

- (ii) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally; or
 - (iii) any breach by NAB of any obligation in connection with the Subordinated Notes;
- (c) acknowledges and agrees that where Condition 10A.2 applies:
- (i) there are no other conditions to a Non-Viability Trigger Event occurring as and when provided in Condition 10A.1;
 - (ii) Conversion must occur immediately on the Non-Viability Trigger Event and that may result in disruption or failures in trading or dealings in the Subordinated Notes;
 - (iii) it will not have any rights to vote in respect of any Conversion; and
 - (iv) the Ordinary Shares issued on Conversion may not be quoted at the time of issue, or at all;
- (d) acknowledges and agrees that where Condition 10A.5 or Condition 10A.10 applies, no other conditions or events will affect the operation of that Condition and the Noteholder will not have any rights to vote in respect of any Write-Off under that Condition and has no claim against NAB arising in connection with the application of that Condition;
- (e) acknowledges and agrees that a Noteholder has no right to request a Conversion of any nominal amount of any Subordinated Notes or to determine whether (or in what circumstances) the Subordinated Notes are Converted; and
- (f) acknowledges and agrees that none of the following shall prevent, impede or delay the Conversion or (where relevant) Write-Off of the nominal amount of Subordinated Notes:
- (i) any failure to or delay in the conversion or write-off of other Relevant Capital Instruments;
 - (ii) any failure or delay in giving a Non-Viability Trigger Event Notice;
 - (iii) any failure or delay in quotation of the Ordinary Shares to be issued on Conversion;
 - (iv) any obligation to treat Noteholders proportionally or to make the determinations or adjustments in accordance with Condition 10A.2(b); and
 - (v) any decision as to the identity of Noteholders whose Subordinated Notes are to be Converted or Written-Off in accordance with Conditions 10A.2 and 10A.2A(c).

10A.5 Write-Off due to failure to Convert

If a nominal amount of Subordinated Notes held by a Noteholder is required to Convert under Condition 10A.3 and, for any reason (including an Inability Event) Conversion has not been effected within five Business Days (as defined in the Schedule to these Conditions) after the Conversion Date, to the extent NAB has not Converted that nominal amount then, notwithstanding any other provisions of these Conditions or the applicable Final Terms:

- (a) Conversion of that nominal amount of Subordinated Notes on account of the Non-Viability Trigger Event will not occur on that date or on any future date;
- (b) the rights of the Noteholder (including to payment of any principal or interest) in relation to such nominal amount of Subordinated Notes are Written-Off with effect on and from the Conversion Date; and

- (c) where only a portion of a Subordinated Note is Written-Off under this Condition 10A.5, the nominal amount of that Subordinated Note shall be reduced by the amount Written-Off accordingly.

10A.6 Non-Viability Trigger Event Notice

As soon as practicable after the occurrence of a Non-Viability Trigger Event and no later than five Business Days (as defined in the Schedule to these Conditions) after the occurrence of the Non-Viability Trigger Event, NAB must give notice of the Non-Viability Trigger Event (a **Non-Viability Trigger Event Notice**) to the Trustee and the Noteholders which states the Conversion Date, the aggregate nominal amount of Subordinated Notes Converted or Written-Off and the aggregate nominal amount of Relevant Tier 2 Capital Instruments converted or written-off.

10A.7 Provision of information

Where a nominal amount of Subordinated Notes held by a Noteholder is required to be Converted under Condition 10A.3, a Noteholder of such Subordinated Notes wishing to receive Ordinary Shares must, no later than the Conversion Date, have provided to NAB (i) its name and address (or the name and address of any person in whose name it directs the Ordinary Shares to be issued) for entry into any register of title and receipt of any certificate or holding statement in respect of any Ordinary Shares (ii) the Noteholder's security account details in CHESS (being the Clearing House Electronic Subregister System operated by ASX or its affiliates) or such other account to which the Ordinary Shares may be credited and (iii) such other information as is reasonably requested by NAB for the purposes of enabling it to issue the Conversion Number of Ordinary Shares to the Noteholder. NAB has no duty to seek or obtain such information.

If for any reason (whether or not due to the fault of a Noteholder) NAB has not received any information required to be provided by the Noteholder under this Condition 10A.7 by the time such information is required in order for Ordinary Shares to be issued on the Conversion Date, NAB will issue the Ordinary Shares in respect of that Noteholder to a nominee in accordance with Condition 10A.9 and the provisions of Condition 10A.9 shall apply, *mutatis mutandis*, to such Ordinary Shares.

10A.8 Failure to convert

Subject to Condition 10A.5 and Condition 10A.9, if, in respect of a Conversion of a Subordinated Note, NAB fails to issue the Conversion Number of Ordinary Shares in respect of the nominal amount of that Subordinated Note to, or in accordance with the instructions of, the relevant Noteholder or a nominee where Condition 10A.9 applies, the nominal amount of that Subordinated Note which would otherwise be subject to Conversion remains, for the purposes of these Conditions, on issue until:

- (i) the Ordinary Shares are issued to, or in accordance with the instructions of, the Noteholder; or
- (ii) the Subordinated Note is Written-Off in accordance with these Conditions;

provided, however, that the sole right of the Noteholder in respect of such nominal amount of such Subordinated Note is its right to be issued the Ordinary Shares upon Conversion (subject to its compliance with Condition 10A.7 or to receive proceeds from their sale pursuant to Condition 10A.9, as applicable) and the remedy of a Noteholder in respect of NAB's failure to issue the Ordinary Shares is limited (subject always to Condition 10A.5) to seeking an order for specific performance of NAB's obligation to issue the Ordinary Shares to the Noteholder or where Condition 10A.9 applies to the nominee and to receive such proceeds of sale, in each case, in accordance with the conditions of the Subordinated Notes.

This Condition 10A.8 does not affect the obligation of NAB to issue the Ordinary Shares when required in accordance with these Conditions.

10A.9 Issue to nominee

If any Subordinated Notes are required to be Converted under Condition 10A.3 and:

- (a) the Noteholder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of the Conversion (whether entirely or to the extent specified in the notice), which notice may be given at any time prior to the Conversion Date;
- (b) the Subordinated Notes are held by a person NAB believes in good faith may not be a resident of Australia (a **Foreign Holder**); or
- (c) if for any reason (whether or not due to the fault of a Noteholder) NAB has not received any information required by it in accordance with Condition 10A.7 so as to impede NAB issuing the Ordinary Shares to a Noteholder on the Conversion Date; or

then, on the Conversion Date,

- (d) where subparagraph (a) or (b) applies, NAB is obliged to issue the Ordinary Shares to the Noteholder only to the extent (if at all) that:
 - (i) where subparagraph (a) applies, the Noteholder has notified NAB that it wishes to receive them;
 - (ii) where subparagraph (b) applies, NAB is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Ordinary Shares to the Foreign Holder (but as to which NAB is not bound to enquire), either unconditionally or after compliance with conditions which NAB, in its absolute discretion, regards as acceptable and not unduly onerous;

and to the extent NAB is not obliged to issue Ordinary Shares to the Noteholder, NAB will issue the balance of the Ordinary Shares to the nominee in accordance with subparagraph (e) of this Condition 10A.9;

- (e) otherwise, subject to applicable law, NAB will issue the balance of Ordinary Shares in respect of that Noteholder to a nominee appointed by NAB (which nominee may not be NAB or a Related Entity (as defined in Condition 10A.16) of NAB) and, subject to applicable law:
 - (i) where sub-paragraph (c) applies, the nominee will hold Ordinary Shares in an aggregate amount equal to the aggregate number to be issued in respect of those Noteholders and will transfer Ordinary Shares to a Noteholder who, within 30 days of the Conversion Date, provides the nominee with the information required to be provided by the Noteholder under Condition 10A.7 (as if a reference in sub-paragraph (iii) of Condition 10A.7 to NAB is a reference to the nominee and a reference to the issue of Ordinary Shares is a reference to the transfer of Ordinary Shares); and
 - (ii) the nominee will as soon as reasonably possible (or, where paragraph (c) applies, to the extent that the nominee has not already transferred Ordinary Shares to the relevant Noteholder under Condition 10A.9(e)(i) above at the end of the period of 30 days referred to in paragraph 10A.9(e)(i) above, as soon as reasonably possible after the expiration of that period), sell the Ordinary Shares it receives and pay a cash amount equal to the net proceeds received, after deducting any applicable brokerage, stamp duty and other taxes and charges, to the Noteholder.

The issue of Ordinary Shares to such nominee will satisfy all obligations of NAB in connection with the Conversion, the Subordinated Notes will be deemed Converted and on and from the issue of

Ordinary Shares the rights of a Noteholder the subject of this Condition 10A.9 are limited to its rights in respect of the Ordinary Shares or their net cash proceeds as provided in this Condition;

- (f) nothing in this Condition 10A.9 shall affect the Conversion of the Subordinated Notes of a Noteholder which is not a person to which any of subparagraphs (a) to (c) (inclusive) applies; and
- (g) for the purposes of this Condition 10A.9, without prejudice to the obligations of NAB and the nominee under this Condition 10A.9, none of NAB or the nominee owes any obligations or duties to the Noteholders in relation to the price at which Ordinary Shares are sold or has any liability for any loss suffered by a Noteholder as a result of the sale of Ordinary Shares.

10A.10 Write-Off of Subordinated Notes

If "Write-Off - Applicable" is specified in the applicable Final Terms, then this Condition 10A.10 shall apply to the Subordinated Notes and, for the avoidance of doubt, Condition 10A.3 and Conditions 10A.4(a), (b), (c)(ii), (c)(iii), (c)(iv), (e) and (f)(iii), 10A.5, 10A.7, 10A.8 and 10A.9 shall not apply to the Subordinated Notes.

On the Conversion Date the rights of Noteholders (including to payment of any principal or interest) in relation to the relevant nominal amount (as determined under Condition 10A.2) of the Subordinated Notes will be Written-Off.

Where only a portion of a Subordinated Note is Written-Off, the nominal amount of that Subordinated Note shall be reduced by the amount Written-Off accordingly.

10A.11 Ordinary Shares issued upon Conversion

Each Ordinary Share issued to a relevant Noteholder upon Conversion will rank equally with all other fully paid Ordinary Shares from the date of such issue.

10A.12 Substitution of Approved NOHC as issuer of Ordinary Shares

Where:

- (a) either of the following occurs:
 - (i) a takeover bid is made to acquire all or some of the Ordinary Shares and such offer is, or becomes, unconditional, all regulatory approvals necessary for the acquisition to occur have been obtained and either:
 - (A) the bidder has at any time during the offer period, a relevant interest in more than 50 per cent. of the Ordinary Shares on issue; or
 - (B) the Directors of NAB, acting as a board, issue a statement that at least a majority of its Directors who are eligible to do so have recommended acceptance of such offer (in the absence of a higher offer); or
 - (ii) a court orders the holding of meeting(s) to approve a scheme of arrangement under Part 5.1 of the Corporations Act, which scheme would result in a person having a relevant interest in more than 50 per cent. of the Ordinary Shares that will be on issue after the scheme is implemented and:
 - (A) all classes of members of NAB pass all resolutions required to approve the scheme by the majorities required under the Corporations Act to approve the scheme; and

(B) all conditions to the implementation of the scheme, including any necessary regulatory approval (but not including approval of the scheme by the court) have been satisfied or waived; and

(b) the bidder or the person having a relevant interest in the Ordinary Shares in NAB after the scheme is implemented (or any entity that Controls the bidder or the person having the relevant interest) is an Approved NOHC,

then NAB and the Trustee may without the further authority, assent or approval of Noteholders (but with the prior written approval of APRA):

(c) amend the Schedule such that, unless APRA otherwise agrees, on the date the nominal amount of a Subordinated Note is to be Converted:

(i) each Subordinated Note that is being Converted in whole will be automatically transferred by each Noteholder free from encumbrance to the Approved NOHC (or another member of the company which is a holding company (as defined in the Corporations Act) of NAB) (the **Transferee**) on the date the Conversion is to occur;

(ii) in respect of each Subordinated Note that is being Converted only in part, on the date the Conversion is to occur:

(A) the nominal amount of the Subordinated Note that is being Converted shall be reduced to an amount equal to the non-Converted portion of the nominal amount of such Subordinated Note; and

(B) the Approved NOHC will be taken to hold a new Subordinated Note with a nominal amount equal to the Converted portion of the nominal amount of the Subordinated Note being Converted;

provided that any failure or delay by a Noteholder or any other party in complying with the provisions of Condition 10A.12(c) shall not prevent, impede or delay the Conversion or Write-Off of Subordinated Notes;

(iii) each Noteholder (or in the circumstances contemplated in Condition 10A.9, the nominee) of a Subordinated Note or portion thereof being Converted will be issued a number of ordinary shares in the capital of the Approved NOHC determined as if references in the Schedule to NAB were references to the Approved NOHC and the Ordinary Shares were to ordinary shares in the capital of NOHC (**Approved NOHC Ordinary Shares**); and

(iv) as between NAB and the Approved NOHC, each Subordinated Note held or taken to be held by the Approved NOHC as a result of the transfer will be automatically Converted into a number of Ordinary Shares such that the total number of Ordinary Shares held by the Transferee by reason of this Condition 10A.12(c)(iv) increases by the number of Ordinary Shares in the capital of the Approved NOHC issued by the Approved NOHC to Noteholders on Conversion; and

(d) make such other amendments as in NAB's reasonable opinion are necessary and appropriate to effect the substitution of an Approved NOHC as the issuer of the ordinary shares on Conversion in the manner contemplated by these Conditions, including, where the terms upon which the Approved NOHC acquires NAB are such that the number of ordinary shares in the capital of the Approved NOHC on issue immediately after the substitution differs from the number of Ordinary Shares on issue immediately before the substitution (not involving any cash payment or other distribution to or by the holders of any such shares), an adjustment to any relevant VWAP or Issue Date VWAP consistent with the principles of adjustment set out in the Schedule.

10A.13 Further substitutions

After a substitution under Condition 10A.12, the Approved NOHC and the Trustee may, without the authority, approval or assent of the Noteholders, effect a further substitution in accordance with Condition 10A.12 (with necessary changes).

10A.14 Notice to Noteholders

NAB or the Approved NOHC must notify the Noteholders of the particulars of any substitution according to Condition 10A.12 or Condition 10A.13 in writing as soon as practicable after the substitution.

10A.15 Acknowledgement of Noteholders

Each Noteholder irrevocably acknowledges and agrees that an Approved NOHC may in accordance with these Conditions be substituted for NAB as issuer of the Ordinary Shares on Conversion and that if such a substitution is effected, the Noteholder is obliged to accept ordinary shares in that Approved NOHC on a Conversion, and will not receive Ordinary Shares in NAB.

Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. AGENTS

The names of the initial Agents and their initial specified offices are set out below. If any additional Agents are appointed in connection with any Series, the names of such Agents will be specified in Part B of the applicable Final Terms.

The Issuer and (in the case of Guaranteed Senior Notes) the Guarantor are entitled, with the prior written approval of the Trustee (not to be unreasonably withheld), to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (a) there will at all times be a Principal Paying Agent and a Registrar;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority;

In addition, the Issuer and (in the case of Guaranteed Senior Notes) the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 6.5.

Notice of any variation, termination, appointment or change in Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 14.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and the Guarantor and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. 14. NOTICES

All notices regarding the Bearer Notes will be deemed to be validly given if published (a) in a leading English language daily newspaper of general circulation in London, and (b) if and for so long as the Bearer Notes are admitted to trading on, and listed on the Regulated Market of the Luxembourg Stock Exchange, a daily newspaper of general circulation in Luxembourg and/or the Luxembourg Stock Exchange's website, *www.bourse.lu*. It is expected that any such newspaper publication will be made in the *Financial Times* in London and the *Luxemburger Wort* or the *Tageblatt* in Luxembourg. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC and/or the CMU Service, be substituted for such publication in such newspaper(s), the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the Notes and/or the persons shown in a CMU Instrument Position Report issued by the CMU Service on the second business day preceding the date of despatch of such notice as holding interests in the relevant Global Note. Notwithstanding the foregoing provisions of this paragraph, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice or notices will be published in a daily newspaper of general circulation in the place or places required by those rules. Any notice delivered to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or the persons shown in the relevant CMU Instrument Position Report shall be deemed to have been given to the holders of the Notes on such day as is specified in the applicable Final Terms. If no day is specified, such notices will be deemed to have been delivered on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or the persons shown in the relevant CMU Instrument Position Report.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC and/or, in the case of Notes lodged with the CMU Service, by delivery by such holder of such notice to the CMU Lodging Agent in Hong Kong, as the case may be, in such manner as the Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC and/or the CMU Lodging Agent and/or the CMU Service, as the case may be, may approve for this purpose.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER, DETERMINATION AND SUBSTITUTION

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of, or waiver with respect to, the Notes, the Receipts, the Coupons or any of the provisions of the Trust Deed, subject, in the case of modifications of, or waivers with respect to, the Subordinated Notes, Receipts and Coupons to any required prior written approval of APRA (if NAB is the Issuer) which may be required and provided that no Extraordinary Resolution or any other resolution that may affect the eligibility of the Subordinated Notes to continue to be treated as Tier 2 Capital shall be of any effect unless the prior written approval of APRA has been obtained. Subject to the above, such a meeting may be convened by the Issuer, the Guarantor (in the case of Guaranteed Senior Notes) or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than ten per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons or the Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting and whether or not they voted on the resolution, and on all Receiptholders and Couponholders.

The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held by or on behalf of the Noteholder(s) of not less than three-fourths of the persons eligible to vote at such meeting, (ii) a resolution in writing signed by or on behalf of the Noteholders of not less than three-fourths in principal amount of the Notes for the time being outstanding or (iii) consents given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the Noteholder(s) of not less than three-fourths in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders.

Subject in the case of Subordinated Notes to any required prior written approval of APRA, the Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or the Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which in the opinion of the Trustee is proven. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Receiptholders and the Couponholders and (unless the Trustee otherwise agrees) shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter. In relation to any amendments to be made to these

Conditions pursuant to Condition 10A.12, the Trustee may act or rely on the advice or opinion of NAB or any certificate, report or information (whether addressed to the Trustee or not) obtained from NAB and shall not be responsible for any liability occasioned by so acting or relying.

In connection with the exercise by it of any of its trusts, powers, authorities or discretions (including, without limitation, any modification, waiver, authorisation or determination or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Guarantor (in the case of Guaranteed Senior Notes), the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

The Trust Deed provides that, in respect of Senior Notes and Guaranteed Senior Notes only, the Trustee may, without the consent of the Noteholders, Receiptholders or Couponholders agree with the Issuer and (where applicable) the Guarantor, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Senior Notes or Guaranteed Senior Notes, as applicable, and the relative Receipts, any Coupons and the Trust Deed of another company, being a subsidiary of the Issuer or, in the case of Guaranteed Senior Notes, the Guarantor, subject to (a) the Senior Notes being unconditionally and irrevocably guaranteed by NAB or the Guaranteed Senior Notes continuing to be guaranteed by the Guarantor, (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Trust Deed being complied with.

The Trust Deed provides that in connection with any scheme of amalgamation or reconstruction of the Issuer or, as the case may be, the Guarantor not involving the bankruptcy or insolvency of the Issuer or, as the case may be, the Guarantor and (A) where the Issuer or, as the case may be, the Guarantor does not survive the amalgamation or reconstruction or (B) where all or substantially all of the assets and business of the Issuer or the Guarantor, as the case may be, will be disposed of or succeeded to by another entity (whether by operation of law or otherwise), the Trustee shall, in the case of Senior Notes and Guaranteed Senior Notes only if requested by the Issuer and (where applicable) the Guarantor (in each case in its sole discretion), without the consent of the Noteholders, the Receiptholders or the Couponholders, agree with the Issuer and (where applicable) the Guarantor to (i) the substitution in place of the Issuer as the principal debtor under the Senior Notes or Guaranteed Senior Notes, as applicable, and the relative Receipts, any Coupons and the Trust Deed; or (ii) the substitution in place of the Guarantor (in the case of Guaranteed Senior Notes) as guarantor of Guaranteed Senior Notes, of another company (the **Substituted Debtor**) being the entity with and into which the Issuer or the Guarantor, as the case may be, amalgamates or the entity to which all or substantially all of the business and assets of the Issuer or the Guarantor is transferred, or succeeded to, pursuant to such scheme of amalgamation or reconstruction (whether by operation of law or otherwise), subject to:

- (i) the Substituted Debtor entering into a supplemental trust deed in form and manner satisfactory to the Trustee agreeing to be bound by the Trust Deed with any consequential amendments which the Trustee may deem appropriate as fully as if the Substituted Debtor had been named in the Trust Deed as principal debtor or guarantor of the Senior Notes or Guaranteed Senior Notes in place of the Issuer or the Guarantor, as the case may be;

- (ii) the Substituted Debtor acquiring or succeeding to pursuant to such scheme of amalgamation or reconstruction all or substantially all of the assets and business of the Issuer or the Guarantor, as the case may be;
- (iii) (in the case of the substitution of BNZ-IF) the obligations of the Substituted Debtor being or remaining guaranteed by the Guarantor on the terms set out in the Trust Deed;
- (iv) confirmations being received by the Trustee from each of Moody's Investors Service Limited (**Moody's**) and Standard & Poor's Ratings Services, a division of the McGraw Hill Companies Inc. (**Standard and Poor's**) that the substitution will not adversely affect the rating of the Senior Notes or Guaranteed Senior Notes, as applicable; and
- (v) the Issuer, the Guarantor (where relevant) and the Substituted Debtor complying with such other requirements as the Trustee may reasonably require in order to give effect to the mandatory substitution envisaged in this Condition 15.

For the purposes of this Condition 15, a modification or waiver of the Notes will require APRA's prior written approval only if the modification or waiver may affect the eligibility of the Notes to continue to be treated as Tier 2 Capital. Any provisions in these Conditions of the Notes requiring APRA approval for a particular course of action do not and should not imply that APRA has given its consent or approval as at the Issue Date.

16. INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER AND/OR THE GUARANTOR

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with each Issuer, the Guarantor and/or any of their respective subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, any Issuer, the Guarantor and/or any of their respective subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further securities (the **Fungible Notes**) having terms and conditions the same as the Notes or the same in all respects save for the amount, the Issue Date, the Issue Price and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes; provided, however, that (a) such Fungible Notes are, for purposes of U.S. federal income taxation (regardless of whether any holders of Fungible Notes are subject to the U.S. federal income tax laws), either (i) not issued with original issue discount or are issued with a de minimis amount of original issue discount as defined in U.S. Treasury Regulations Section 1.1273-1(d) or (ii) issued in a "qualified reopening" or are otherwise considered part of the same issue for U.S. federal tax purposes, (b) the consolidation of the Fungible Notes into a single series with the outstanding Notes would not cause the holders of the Notes to become subject to any certification requirements or information reporting to which they would not be subject absent such consolidation and (c) provided that, in the case of Subordinated Notes, the Fungible Notes meet the requirements of APRA to be eligible to be treated as Tier 2 Capital.

18. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

19.1 Governing law

The Trust Deed, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with them shall be governed by and construed in accordance with, English law, except for Clause 19 of the Trust Deed, Conditions 3.2 and 10A and the conversion mechanisms set out in the Schedule to these Conditions, which are governed by, and shall be construed in accordance with the laws of the State of Victoria and the Commonwealth of Australia. The Agency Agreement and any non-contractual obligations arising out of or in connection with it shall be governed by and construed in accordance with English law.

19.2 Submission to jurisdiction

Each Issuer and the Guarantor irrevocably agrees, for the benefit of the Trustee, the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes (including a dispute relating to any non-contractual obligations) which may arise out of or in connection with the Trust Deed, the Notes, the Receipts and/or the Coupons and accordingly submits to the exclusive jurisdiction of the English courts.

Each Issuer and the Guarantor waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. To the extent allowed by law, the Trustee, the Noteholders, the Receiptholders and the Couponholders, may take any suit, action or proceedings arising out of or in connection with the Trust Deed, the Notes, the Receipts and the Coupons (including any proceedings relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes, the Receipts and the Coupons) (together referred to as **Proceedings**), in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

19.3 Appointment of Process Agent

NAB appoints National Australia Bank Limited, London Branch, at its office at 88 Wood Street, London EC2V 7QQ as its agent for service of process and BNZ-IF and the Guarantor appoint BNZ-IF, London Branch, at 88 Wood Street, London EC2V 7QQ as their respective agent for service of process. Each of NAB, BNZ-IF and the Guarantor undertakes that, in the event of National Australia Bank Limited, London Branch or BNZ-IF, London Branch, as the case may be, ceasing so to act or ceasing to be registered in England, NAB, BNZ-IF and the Guarantor as the case may be will appoint another person approved by the Trustee as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

19.4 Other documents

Each Issuer and (in the case of Guaranteed Senior Notes) the Guarantor has in the Trust Deed, the Agency Agreement and the Guarantee (as applicable) submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

SCHEDULE

SUBORDINATED NOTE CONVERSION MECHANISMS

1.1 Conversion

If NAB must Convert a nominal amount of a Subordinated Note in accordance with Condition 10A (a **Relevant Subordinated Note**), then the following provisions shall apply:

- (a) on the Conversion Date, NAB will, for the Nominal Amount of the Relevant Subordinated Note held by the Noteholder, allot and issue that number of fully paid ordinary shares in the capital of NAB (**Ordinary Shares**) which is the lesser of the number calculated according to the following formula and the Maximum Conversion Number:

$$\frac{\text{Nominal Amount}}{(1 - \text{CD}) \times \text{VWAP during the VWAP Period}}$$

(the **Conversion Number**)

where:

Nominal Amount means, in respect of a Relevant Subordinated Note, all or such lesser nominal amount of that Relevant Subordinated Note determined by NAB in accordance with Condition 10A.2 to be the proportionate allocation of the aggregate nominal amount required to be Converted to that Relevant Subordinated Note;

CD means the Conversion Discount specified in the applicable Final Terms;

Maximum Conversion Number means in respect of the Nominal Amount of a Relevant Subordinated Note the number calculated according to the following formula:

$$\text{Maximum Conversion Number} = \frac{\text{Nominal Amount}}{(\text{Issue Date VWAP} \times \text{Relevant Fraction})}$$

VWAP means, subject to any adjustments under clause 1.2 of this Schedule, the average of the daily volume weighted average sale prices (all such averages being rounded to the nearest full cent) of Ordinary Shares sold on ASX during the VWAP Period or on the relevant days (and, where the Specified Currency of the Nominal Amount in respect of the Relevant Subordinated Note is not Australian dollars, with each such daily price converted into the Specified Currency on the basis of the spot rate on each day of calculation in the VWAP Period for the sale of the Australian dollar against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by NAB on the relevant day of calculation) but does not include any "Crossing" transacted outside the "Open Session State" or any "Special Crossing" transacted at any time, each as defined in the ASX Operating Rules, or any overseas trades or trades pursuant to the exercise of options over Ordinary Shares;

VWAP Period means the latest period of five Business Days (or such other period specified in the applicable Final Terms) on which trading in Ordinary Shares took place immediately preceding (but not including) the Conversion Date;

Relevant Fraction means 0.2;

Issue Date VWAP means the VWAP during the period of 20 Business Days or such other period specified in the applicable Final Terms on which trading in Ordinary Shares took place immediately preceding (but not including) the first date on which Notes of the Series of which the Relevant Subordinated Notes forms part were issued (the **Issue Date VWAP Date**), as adjusted in accordance with clauses 1.4 to 1.7 (inclusive) of this Schedule;

- (b) any calculation under paragraph (a) shall be rounded to four decimal places provided that if the total number of additional Ordinary Shares to be allotted to a Noteholder in respect of the aggregate Nominal Amount of its holding of Relevant Subordinated Notes upon Conversion includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded;
- (c) on the Conversion Date NAB will:
 - (i) redeem the Nominal Amount of each Relevant Subordinated Note held by the Noteholder;
 - (ii) apply the proceeds of the redemption of the Nominal Amount of each Relevant Subordinated Note on behalf of the Noteholder in subscription for the Conversion Number of Ordinary Shares; and
 - (iii) issue to the relevant Noteholder, in respect of the Nominal Amount of each Relevant Subordinated Note held by that Noteholder, a number of Ordinary Shares that is equal to the Conversion Number,

and the rights of the Noteholder (including to payment of interest with respect to such Nominal Amount, both in the future and as accrued but unpaid as at the Conversion Date) in relation to the Nominal Amount that is being Converted will be immediately and irrevocably terminated.

The Noteholder irrevocably directs NAB to take all such action in accordance with the above provisions as is necessary to immediately effect Conversion accordingly and NAB will take all steps, including updating any register, required to record the Conversion.

Nothing in this clause creates any obligation to pay any amount in respect of the redemption of the Nominal Amount of any Relevant Subordinated Note except by way of the application of the proceeds of that redemption in subscription for the Conversion Number of Ordinary Shares.

1.2 Adjustments to VWAP

For the purposes of calculating the VWAP in this Schedule:

- (a) where, on some or all of the Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and a Nominal Amount of Relevant Subordinated Notes will Convert into Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (the **Cum Value**) equal to:
 - (i) (in case of a dividend or other distribution), the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Income Tax Assessment Acts 1936 and 1997 of Australia;
 - (ii) (in the case of any other entitlement that is not a dividend or other distribution under clause 1.2(a)(i) which is traded on ASX on any of those Business Days), the volume

weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the Business Days on which those entitlements were traded; or

(iii) (in the case of any other entitlement which is not traded on ASX during the VWAP Period), the value of the entitlement as reasonably determined by the Directors of NAB (or a committee authorised by them); and

(b) where, on some or all of the Business Days in the VWAP Period, Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and a Nominal Amount of Relevant Subordinated Notes will Convert into Ordinary Shares in respect of which the relevant dividend or other distribution or entitlement would be payable, the VWAP on the Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

1.3 Adjustments to VWAP for divisions and similar transactions

Where during the relevant VWAP Period there is a change in the number of Ordinary Shares on issue as a result of a subdivision, consolidation or reclassification of NAB's share capital not involving any cash payment or other distribution to or by the holders of Ordinary Shares (**Reorganisation**), in calculating the VWAP for that VWAP Period the VWAP on each Business Day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reorganisation basis shall be adjusted by multiplying such daily VWAP by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

1.4 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP in respect of a Relevant Subordinated Note, adjustments to the VWAP will be made in accordance with clauses 1.2 and 1.3 during the VWAP Period for the Issue Date VWAP. On and from the Issue Date VWAP Date, adjustments to the Issue Date VWAP:

(a) may be made in accordance with clauses 1.5 to 1.7 (inclusive); and

(b) if so made, will cause an adjustment to the Maximum Conversion Number by operation of the formula in clause 1.1(a).

1.5 Adjustments to Issue Date VWAP for bonus issues

(a) Subject to clause 1.5(b), if after the Issue Date VWAP Date in respect of a Relevant Subordinated Note, NAB makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP in respect of the Relevant Subordinated Notes will be adjusted in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

V means the Issue Date VWAP applicable to the Relevant Subordinated Notes immediately after the application of this formula;

V₀ means the Issue Date VWAP applicable to the Relevant Subordinated Notes immediately prior to the application of this formula;

RD means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue; and

RN means the number of Ordinary Shares issued pursuant to the bonus issue.

- (b) Clause 1.5(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of clause 1.5(a), an issue will be regarded as a pro rata issue notwithstanding that NAB does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing NAB is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this clause 1.5 for any offer of Ordinary Shares not covered by clause 1.5(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by clause 1.5(a) shall not in any way restrict NAB from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Noteholders or otherwise requiring any consent or concurrence.

1.6 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date VWAP Date in respect of the Relevant Subordinated Notes there is a change in the number of Ordinary Shares on issue as a result of a Reorganisation, NAB shall adjust the Issue Date VWAP applicable to the Relevant Subordinated Notes by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reorganisation by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

- (b) Each Noteholder acknowledges that NAB may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Noteholders or otherwise requiring any consent or concurrence.

1.7 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of clauses 1.5 and 1.6, no adjustment shall be made to the Issue Date VWAP where such adjustment (rounded if applicable) would be less than one per cent. of the Issue Date VWAP then in effect.

1.8 Effect and announcement of adjustments

Any adjustment made by NAB to the VWAP or the Issue Date VWAP under this Schedule is effective and binding on the Trustee and the Noteholders and these Conditions will be construed accordingly. NAB will notify the Trustee and the Noteholders of any adjustment to the VWAP or the Issue Date VWAP under this Schedule within 10 Business Days of NAB determining the adjustment.

1.9 Listing Ordinary Shares issued on Conversion

NAB shall use all reasonable endeavours to procure a quotation of the Ordinary Shares issued upon Conversion of a Nominal Amount of Relevant Subordinated Notes on ASX. The Noteholder agrees not to trade Ordinary Shares issued on Conversion (except as permitted by the Corporations Act, other applicable laws and the ASX Listing Rules) until NAB has taken such steps as are required by the Corporations Act, other applicable laws and the ASX Listing Rules for the shares to be freely tradeable without such further disclosure or other action and agrees to allow NAB to impose a holding lock or refuse to register a transfer in respect of Ordinary Shares until such time.

1.10 Definitions

(a) Notwithstanding Condition 5.6, in this Schedule:

Business Day means a day which is both (i) a day on which banks are open for general banking business in Melbourne and Sydney (not being a Saturday, Sunday or public holiday in that place) and (ii) a day which is a business day for the purposes of the ASX Listing Rules;

ASX means ASX Limited or the securities market operated by it, as the context requires, or any successor;

ASX Listing Rules means the listing rules of ASX as amended, varied or waived (whether in respect of NAB or generally) from time to time;

ASX Operating Rules means the market operating rules of ASX as amended, varied or waived (whether in respect of NAB or generally) from time to time.

(b) If the principal securities exchange on which Ordinary Shares are listed becomes other than ASX, unless the context otherwise requires, a reference to ASX shall be read as a reference to that principal securities exchange and a reference to the ASX Listing Rules, ASX Operating Rules or any term defined in any such rules, shall be read as a reference to the corresponding rules of that exchange or corresponding defined terms in such rules (as the case may be).

USE OF PROCEEDS

The net proceeds from each issue of Notes will be used for the general purposes of the relevant Issuer (which include making a profit) and its subsidiaries and, in the case of Notes issued by BNZ-IF, the Guarantor and its subsidiaries. If, in respect of an issue by NAB, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

The NAB Group is an international financial services group, that provides a comprehensive and integrated range of financial products and services, with over 9 million customers and approximately 33,000 employees, operating over 900 branches and banking centres⁴ globally. NAB is the holding company and main operating company of the NAB Group.

The majority of the NAB Group's financial services businesses operate in Australia and New Zealand, with branches located in Asia, the United Kingdom and the United States.

The NAB Group's strategic focus supports its vision of becoming Australia and New Zealand's most respected bank. In the September 2017 financial year, this was underpinned by three key objectives:

1. its customers are advocates;
2. its people are engaged; and
3. its shareholders receive attractive returns.

To meet these objectives, execution was focused around four key themes – deepening relationships in priority customer segments, delivering a great customer experience, reshaping the NAB Group's business to perform, and being known for great leadership, talent and people.

In 2017, the NAB Group operated the following divisions:

- Consumer Banking and Wealth, which comprises the NAB and UBank consumer banking divisions, and the Wealth divisions of Advice, Asset Management and Superannuation. The division provides customers with access to independent advisers, including mortgage brokers and the financial planning network of self-employed, aligned and salaried advisers in Australia.

The division also serves NAB's micro and small business customers and includes Private Banking and JBWere.

Recent Developments

On 2 November 2017, the NAB Group announced an acceleration of its strategy to enable the NAB Group to grow while staying focussed on productivity. This includes an estimated A\$1.5 billion increase in investment over the next three years. A key focus will be driving a major uplift in innovation and capabilities in the NAB Group's leading Australian small and medium enterprise franchise. The timing and amount of investment spend may vary depending on the operating environment. The NAB Group expects this to deliver benefits including:

- Improved customer experience with fewer, simpler products, delivered by digital channels.
- Cumulative cost savings, currently targeted at greater than A\$1 billion by 30 September 2020, as the NAB Group significantly simplifies and automates processes, reduces procurement and third party costs, and gets closer to its customers with a flatter organisational structure.
- Increased revenue from higher customer retention and targeted market share gains.
- Reduced operational and regulatory risks from a simplified, more responsive and resilient technology environment.

The NAB Group is reshaping its workforce to enable it to deliver for its customers and by 30 September 2020 expects to create up to 2,000 new jobs while about 6,000 roles will be impacted as the NAB Group further automates and simplifies its business. This will result in a net reduction in staff currently targeted at approximately 4,000 by 30 September 2020, which is expected to give rise to a restructuring provision of A\$0.5-0.8 billion in the first half of the 2018 financial year.

Reflecting the accelerated investment impact, September 2018 full year expenses are expected to grow 5-8 per cent., with expenses then targeted to remain broadly flat through to 30 September 2020 (excluding the restructuring provision and large one-off expenses).

In addition to the section entitled "Forward-Looking Statements" on page 8 of this Offering Circular, see also the description of certain risks, assumptions and qualifications, to which the above forward-looking statements relating to the acceleration of the NAB Group's strategy are subject, as contained on page 2 under the section titled "Forward-looking statements" of the 2017 NAB Annual Financial Report (as incorporated by reference into this Offering Circular).

Principal markets

The principal markets in which the NAB Group operates are banking services, credit and access card facilities, leasing, housing and general finance, international banking, investment banking, wealth management, funds management and custodian, trustee and nominee services.

ORGANISATIONAL STRUCTURE

NAB is the holding company for the NAB Group, as well as being the main operating company. As at the date of this Offering Circular NAB wholly-owns the Guarantor, which is its main operating subsidiary.

The NAB Group has examined the possibility of adopting a non-operating holding company structure to support its operations in the longer term. The process is complex, with many regulatory, tax, legal, accounting and other issues to address. While a number of issues have now been resolved, no decision on whether to proceed has yet been taken.

MAJOR SHAREHOLDERS

NAB is a public limited company. As at 3 November 2017, the following shareholders each held more than 1 per cent. of the issued share capital of NAB:

- HSBC Custody Nominees (Australia) Limited (23.74 per cent.)
- J P Morgan Nominees Australia Limited (11.93 per cent.)

- Citicorp Nominees Pty Limited (5.77 per cent.)
- National Nominees Limited (4.33 per cent.)
- BNP Paribas Nominees Pty Ltd <Agency Lending DRP A/C> (2.25 per cent.)
- BNP Paribas NOMS Pty Ltd <DRP> (1.29 per cent.)
- Citicorp Nominees Pty Limited <Colonial First State Inv A/C> (1.09 per cent.)

As at 31 October 2017, BlackRock Group and its associated entities had a substantial holding (as such concept is defined in the Corporations Act) in NAB, holding 147,042,056 fully paid ordinary shares, representing 5.47 per cent. of the issued share capital of NAB.

There are several provisions of Australian law that are relevant to the ability of any person to gain control of NAB.

Mergers, acquisitions and divestments of Australian public companies listed on the Australian Securities Exchange (such as NAB) are regulated by detailed and comprehensive legislation and the rules and regulations of the Australian Securities Exchange.

In summary, under the Corporations Act, a person must not acquire a relevant interest in issued voting shares in an Australian listed company if, broadly, because of the transaction, that person's or someone else's voting power in the company increases from 20 per cent. or below to more than 20 per cent., or from a starting point that is above 20 per cent. and below 90 per cent., unless those shares are acquired in a manner specifically permitted by law. This restriction also limits the options available to a shareholder wanting to sell a shareholding of more than 20 per cent. in an Australian listed company.

Australian law also regulates acquisitions which would have the effect, or be likely to have the effect, of substantially lessening competition in any market in Australia, including in any state, territory or region in Australia.

Acquisitions of certain interests in Australian companies by foreign interests are also subject to review by the Australian Treasurer, who may prohibit an acquisition in certain circumstances.

There are also specific limitations on the acquisition of a shareholding in a bank under the Financial Sector (Shareholdings) Act 1998 of Australia (the **FSSA**). Under the FSSA, a person (including a company) must not acquire an interest in an Australian financial sector company where the acquisition would take that person's voting power (which includes the voting power of the person's associates) in the financial sector company to more than 15 per cent. of the voting power of the financial sector company without first obtaining the Australian Treasurer's approval. Even if a person has less than 15 per cent. of the voting power, the Australian Treasurer has the power to declare that a person has practical control of that company and, by applying for an order from the Federal Court of Australia may require the person to relinquish that control. The definition of a financial sector company includes banks such as NAB.

Save as disclosed on pages 191 to 192 hereof under "*Organisational Structure*", there are no arrangements in place within the NAB Group the operation of which may result in a change of control of NAB.

FINANCIAL INFORMATION CONCERNING NAB'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

Historical financial information

The financial information in relation to NAB for its financial years ended 30 September 2016 and 30 September 2017 are contained in the 2016 NAB Financial Statements and the 2017 NAB Annual Financial Report which are incorporated by reference into this Offering Circular.

See further "*Documents Incorporated by Reference and Credit Ratings*" above.

The financial statements which are incorporated by reference contain both NAB's own statements and consolidated statements for the NAB Group.

Auditing of historical annual financial information

The historical financial information which is incorporated by reference into this Offering Circular has been audited. Please see the Auditors' report at pages 147-152 of the 2016 NAB Financial Statements and at pages 144-149 of the 2017 NAB Annual Financial Report, which are incorporated by reference into this Offering Circular.

Legal and arbitration proceedings

Overview

Except as listed below and as described in the documents incorporated by reference (see cross-reference table on pages 67 to 68 hereof), there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which NAB is aware) in the 12-month period before the date of this Offering Circular which may have, or have had in the recent past, significant effects on the financial position or profitability of NAB and/or the NAB Group.

Bank Bill Swap Reference Rate

Following an industry-wide review by ASIC into participants in the BBSW market, ASIC commenced Federal Court proceedings against NAB on 7 June 2016. ASIC has also commenced similar proceedings against two other major Australian banks. ASIC's allegations against NAB include claims of market manipulation and unconscionable conduct in relation to trading in the BBSW market during the period from June 2010 to December 2012. NAB has agreed a settlement with ASIC (refer to "*Notes to the Consolidated Financial Statements – Note 42 – Events subsequent to reporting date*" on page 142 in the 2017 NAB Annual Financial Report). The financial impact of this settlement has been reflected in the NAB Group's 2017 full year results.

BBSW class action

In August 2016, a class action complaint was filed in the U.S. District Court for the Southern District of New York regarding alleged conduct concerning BBSW. The complaint named a number of defendants, including NAB, Australian and New Zealand Banking Group Limited (**ANZ**), Commonwealth Bank of Australia and Westpac Banking Corporation (**Westpac**), and references the proceedings brought by ASIC against NAB, ANZ and Westpac in relation to BBSW. As at the date of this Offering Circular, the potential outcome of these proceedings cannot be determined with any certainty.

Adviser service fees

ASIC is conducting an industry-wide investigation into financial advice fees paid by customers pursuant to ongoing service arrangements with financial advice firms, including members of the NAB Group. Under the service arrangements, customers generally pay an adviser service fee in consideration for a range of services

provided to the customer. NAB is investigating whether customers who have paid to receive ongoing services have been provided with the agreed services in accordance with the relevant service agreement with a member of the NAB Group. NAB continues to engage with ASIC on the design of the methodology for investigating and assessing this matter; however, agreement with ASIC has not yet been reached due to different views about aspects of NAB's proposed approach. The outcomes of the investigation are uncertain at this time.

Plan Service Fees

Further to ASIC's May 2017 report about its industry-wide investigation into financial advice fees, NAB has finalised refunds to customers who did not have a plan adviser attached to their superannuation account and were incorrectly charged Plan Service Fees. ASIC has requested NAB consider certain circumstances regarding continuity of service where a Plan Service Fee continues to be charged and paid to a plan adviser after a superannuation fund member leaves an employer and a change to the member's superannuation plan occurs as a result. NAB continues to engage with ASIC on this matter. The outcomes of the investigation are uncertain at this time.

Wealth advice review

In October, 2015, NAB began contacting certain groups of customers where there was a concern that they may have received non-compliant advice since 2009 to: (a) assess the appropriateness of that advice; and (b) identify whether customers had suffered loss as a result of non-compliant advice that would warrant compensation. These cases are progressing through the Customer Response Initiative review program with compensation in some cases offered and paid.

The outcomes and total costs associated with this work are uncertain. Plaintiff law firms continue to encourage NAB customers who have suffered losses as a result of financial advice received from NAB advisers to contact them for legal advice. No class actions have been taken against the NAB Group in this regard.

Anti-Money Laundering and Counter-Terrorist Financing Program Uplift Work

Since July 2016, NAB has been progressing a program of work to uplift and strengthen the NAB Group's Anti-Money Laundering (AML) and Counter-Terrorist Financing (CTF) Program and its implementation. The work involves significant investment in systems, ensuring an effective and efficient control environment and uplifting compliance capability. In addition to a general uplift in capability, the program of work aims to remediate specific compliance issues and weaknesses if they are identified.

Where significant AML/CTF compliance issues are identified, they are notified to AUSTRAC or equivalent foreign regulators, and those regulators are typically consulted and updated about progress in investigating and remediating the relevant issues. The NAB Group is currently investigating and remediating a number of identified issues, including certain weaknesses with the implementation of 'Know Your Customer' requirements and systems and process issues that impacted transaction monitoring and reporting for some specific areas.

It is possible that, as the work progresses, further issues may be identified and additional strengthening may be required. The outcomes of the investigation and remediation process for specific issues identified to date, and for any issues identified in the future, are uncertain.

United Kingdom conduct issues and the Conduct Indemnity Deed

As part of the arrangements relating to the CYBG demerger, NAB and CYBG entered into a conduct indemnity deed (the **Conduct Indemnity Deed**) under which NAB agreed, subject to certain limitations, to provide an indemnity in respect of certain historic conduct liabilities (the **Capped Indemnity**) up to a cap of £1.115 billion (the **Capped Indemnity Amount**). The Capped Indemnity provides CYBG with economic

protection against certain costs and liabilities (including financial penalties imposed by a regulator) resulting from conduct issues relating to:

- payment protection insurance (**PPI**), certain interest rate hedging products (**IRHP**) and certain fixed rate tailored business loans (**FRTBLs**); and
- other conduct matters, measured by reference to the following thresholds: (a) claims relating to an industry wide compensation customer redress program entered into as part of a settlement with a regulator exceeding £2.5 million, in aggregate; and (b) all other claims that exceed £5 million, in aggregate, and affect more than 50 customers,

which, in each case, relate to conduct in the period prior to 8 February 2016 (the **Demerger Date**) whether or not known at the Demerger Date. Such conduct issues include acts, omissions and agreements by or on behalf of CYBG Group with respect to customers which either constitute a breach of or failure to comply with applicable law or regulations, or are determined by CYBG in good faith to be reasonably likely on a balance of probabilities to constitute a breach of or failure to comply with applicable law or regulations. Certain other conduct matters, including matters arising from a review of investment advice sales, have now satisfied the thresholds for inclusion as conduct issues covered by the Capped Indemnity.

It is not expected that payments to CYBG under the Capped Indemnity will be taxable in the hands of CYBG Group, but if tax were to be payable then the Conduct Indemnity Deed contains provisions pursuant to which NAB has agreed to compensate CYBG for any actual tax incurred that would not have been incurred but for the receipt of amounts under the Capped Indemnity.

Claims may be made by CYBG under the Capped Indemnity when it or any member of CYBG Group raises a new provision or increases an existing provision in respect of any such conduct issues. Under a loss sharing arrangement, CYBG will be responsible for 9.7 per cent. of the liabilities under any provision for such conduct issues with NAB responsible for the remainder under the Capped Indemnity up to the Capped Indemnity Amount. The Capped Indemnity is perpetual in nature, although NAB has rights in certain circumstances to negotiate arrangements to terminate the Capped Indemnity subject to the approval of the PRA.

For the year ended 30 September 2017, CYBG has made claims under the Capped Indemnity for £171 million, leaving £511 million outstanding as available support under the Capped Indemnity (the **Unutilised Indemnity Amount**). In addition, NAB has increased the amount of provisions held for expected future claims under the Conduct Indemnity Deed by £343 million (representing the portion of any increased CYBG provision for which NAB would be responsible under the loss sharing arrangement). If CYBG makes claims under the Conduct Indemnity Deed for this amount, it would reduce the Unutilised Indemnity Amount to £168 million.

The Unutilised Indemnity Amount at any point in time is accounted for by NAB as a contingent liability, with any potential future losses incurred under the indemnity expensed within discontinued operations. The frequency and timing of any potential future losses is presently unknown. As at the date of this Offering Circular, the amount of the Capped Indemnity that will be utilised by any potential future losses cannot be determined with any certainty.

NAB collateralised its obligations under the Capped Indemnity by placing a cash deposit of £1.115 billion with The Bank of England from the Demerger Date. The cash deposit with The Bank of England has been reduced commensurate with the amounts claimed under the Capped Indemnity such that the cash deposit amount is equal to the Unutilised Indemnity Amount (plus accrued interest). The Unutilised Indemnity Amount is treated as a Common Equity Tier 1 (**CET1**) deduction for NAB.

Except for the Capped Indemnity and the tax provisions set out in the Conduct Indemnity Deed, CYBG has agreed to release NAB from liability for any other conduct-related claims by any member of CYBG Group against NAB.

Significant change in the financial or trading position of NAB

There has been no significant change in the financial or trading position of the NAB Group since 30 September 2017.

Funds raised by the London Branch are on-lent to the Guarantor on terms and conditions which match the terms and conditions of the original funding (including the same principal amount, currency, term and interest rate basis, and with corresponding redemption events and status (except that the funds on-lent to the Guarantor will not be guaranteed)).

The constitution of BNZ-IF contains a provision to the effect that if BNZ-IF issues any debt securities which are guaranteed by the Guarantor, BNZ-IF must on-lend to the Guarantor an amount equal to the proceeds raised by that debt issue, on terms and conditions which match the terms and conditions of that debt issue.

DESCRIPTION OF THE GUARANTOR

INFORMATION ABOUT THE GUARANTOR

History and development of the Guarantor

The legal name of the Guarantor is Bank of New Zealand and it trades commercially as "Bank of New Zealand" and, particularly within New Zealand, as "BNZ".

The Guarantor is registered in New Zealand with registration number 428849, and is a registered bank under the Reserve Bank of New Zealand Act 1989.

The Guarantor was incorporated on 29 July 1861, under the New Zealand Bank Act 1861. The Bank of New Zealand Act 1945 enabled the Government of New Zealand to acquire all privately owned shares in the Guarantor. From 1945 to 1987, the Guarantor was a trading bank and statutory corporation, wholly-owned, but not guaranteed, by the Government of New Zealand. Legislation was passed in 1986 to facilitate a public minority shareholding. In March 1989, the Bank of New Zealand Act 1988 became effective, resulting in a complete sale of the Government's interest in the Guarantor, and the incorporation of the Guarantor as a limited liability company under the New Zealand Companies Act 1955. In March 1997, the Guarantor was re-registered under the New Zealand Companies Act 1993. NAB assumed control of the Guarantor and the group of companies of which it is the parent company (**BNZ Group**) on 1 October 1992.

The Guarantor is a company with limited liability incorporated in New Zealand and it operates under the New Zealand Companies Act 1993. Its registered office is Level 4, 80 Queen Street, Auckland 1010, New Zealand (telephone number +64 9 928 0507).

BUSINESS OVERVIEW

Principal activities

The Guarantor is one of New Zealand's largest banking organisations and provides a broad range of banking and financial products and services to retail, business, agribusiness, corporate and institutional clients.

The BNZ Group's business is organised into two major operating and reportable segments: Retail and Marketing, and BNZ Partners. These segments are supported by the specialist units of Products and Technology, Customer Fulfilment Services, Strategy and Planning, Transformation and Enterprise Performance, Finance, Risk and People and Communications. The BNZ Group raises offshore funding through BNZ-IF.

Retail and Marketing

Retail and Marketing provides transactional banking, savings, investment and insurance products and services, along with home loans, credit cards and personal loans to retail customers.

BNZ Partners

BNZ Partners provides financial products and services to business, private banking, agribusiness and institutional customers.

BNZ-IF

BNZ-IF raises external offshore funding for the BNZ Group through the issuance of commercial paper, covered bonds and medium term notes.

Covered Bonds

In June 2010, the Guarantor established a covered bond programme (the **BNZ Covered Bond Programme**) under which the Guarantor or BNZ-IF is able to issue covered bonds from time to time.

Covered bonds are debt securities in which investors have full recourse to the issuer and also to a pool of assets that "cover" the issuer's obligations. The pool of cover assets, in the case of the Guarantor's covered bond programme, is established by the Guarantor selling mortgage loans originated in the ordinary course of the Guarantor's business to a bankruptcy-remote trustee company that guarantees BNZ-IF's and the Guarantor's obligations in the event of a default. The aggregate value of mortgage loans to be transferred by the Guarantor under the covered bond programme should not exceed the limits prescribed by the RBNZ from time to time. The Guarantor does not consider that the issue of covered bonds under the BNZ Covered Bond Programme will adversely impact the Guarantor's ability to meet its obligations in respect of Guaranteed Senior Notes.

The Reserve Bank of New Zealand (Covered Bonds) Amendment Act 2013 (the **Covered Bond Act**) came into force on 10 December 2013. Under the Covered Bond Act, covered bonds may only be issued under registered covered bond programmes. The BNZ Covered Bond Programme was registered with the RBNZ on 8 August 2014.

ORGANISATIONAL STRUCTURE

NAB is the ultimate parent company of the Guarantor, through the intermediate holding companies National Australia Group (NZ) Limited (the registered and beneficial holder of the voting securities of the Guarantor) and National Equities Limited (the immediate parent company of National Australia Group (NZ) Limited).

TREND INFORMATION

There has been no material adverse change in the prospects of the Guarantor since 30 September 2016.

Louis Arthur Hawke, Company Director, Australia. Mr Hawke's other directorships include: VendorPanel Pty Limited.

Kevin John Kenrick, Chief Executive Officer of Television New Zealand Limited, New Zealand. Mr Kenrick's other directorships include: Good George Brewing Advisory Board (Chairman), Freeview Television Limited, NZOOM Limited, TVNZ International Limited and TVNZ Investments Limited.

As at the date of this Offering Circular, except as detailed in the paragraph below, no conflicts of interest and no potential conflicts of interest exist between any duties owed to the Guarantor by the members of the Board of Directors of the Guarantor and their private interests or duties outside of the BNZ Group.

Douglas Alexander McKay is a director of IAG New Zealand Limited and IAG (NZ) Holdings Limited. As at the date of this Offering Circular, the Guarantor contracted with IAG New Zealand Limited for the provision of insurance products and services. The Guarantor's Board of Directors receives regular management reports, both directly and through the Guarantor's Board Risk Committee, which may contain sensitive information.

¹ On 2 November 2017, the Guarantor announced that Anthony Healy, currently Managing Director and Chief Executive Officer, has been appointed Chief Customer Officer – Business and Private Banking at NAB. Mr Healy will resign from the Board of Directors of the Guarantor following his appointment at NAB, which will be effective from 1 January 2018, subject to regulatory approval.

² On 2 November 2017, the Guarantor announced that Angela Mentis, currently Chief Customer Officer – Business and Private Banking at NAB, has been appointed Managing Director and Chief Executive Officer of the Guarantor. The appointment of Ms Mentis is effective 1 January 2018, subject to Reserve Bank of New Zealand non-objection.

The Guarantor has a process for the management of any conflicts of interest that may arise. The Guarantor's constitution dictates that a director who is interested in a transaction to which the Guarantor is a party may attend a meeting of directors at which a matter relating to the transaction arises and be included among the directors present at the meeting for the purposes of a quorum but, subject to certain exceptions set out in the constitution, will not vote on the matter nor be present while the matter is being considered at the meeting.

The Board of Directors of the Guarantor has adopted a Board Charter which sets out the Guarantor's Board of Directors purpose, powers and responsibilities.

MAJOR SHAREHOLDERS

The Guarantor is wholly-owned by National Australia Group (NZ) Limited and the Guarantor is ultimately owned and controlled by NAB.

National Australia Group (NZ) Limited, NAB and National Equities Limited (the immediate parent company of National Australia Group (NZ) Limited) are the only holders of a direct or indirect qualifying interest in the voting securities of the Guarantor. National Australia Group (NZ) Limited is the registered and beneficial holder of all the Guarantor's voting securities.

As disclosed on pages 191 to 192 hereof under "*Description of NAB – Organisational Structure*", the NAB Group has examined the possibility of adopting a non-operating holding company (NOHC) structure to support its operations in the longer term. The process is complex, with many regulatory, tax, legal, accounting and other issues to address. While a number of issues have now been resolved, no decision on whether to proceed to a NOHC structure has yet been taken. Otherwise, the Guarantor is not aware of any arrangements that are in place the operation of which may result in a change of control of the Guarantor.

BOOK-ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear, Clearstream, Luxembourg or the CMU Service (together, the **Clearing Systems**) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that each of the Issuers and the Guarantor believes to be reliable, but none of the Issuers, the Guarantor, the Trustee nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuers, the Guarantor, nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book-entry Systems

DTC

DTC has advised each of the Issuers and the Guarantor that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants (**Direct Participants**) include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system (**DTC Notes**) as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (**Owners**) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the relevant Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the relevant Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the relevant Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect

access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

CMU

The CMU is a central depository service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service (**CMU Members**) of capital markets instruments (**CMU Instruments**) which are specified in the CMU Reference Manual as capable of being held within the CMU Service.

The CMU is only available to CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU is open to all members of the HKMA and “authorised institutions” under the Banking Ordinance (Cap. 155) of the laws of Hong Kong and other domestic and overseas financial institutions at the discretion of the HKMA.

Compared to clearing services provided by Euroclear and Clearstream, Luxembourg, the standard custody and clearing service provided by the CMU is limited. In particular (and unlike the European Clearing Systems), the HKMA does not as part of this service provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, the CMU Instruments. Instead, the HKMA advises the lodging CMU Member (or a designated paying agent) of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the lodging CMU Member (or the designated paying agent) will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members. Similarly, the HKMA will not obtain certificates of non-US beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The CMU Lodging Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in the CMU will hold that interest through the respective accounts which Euroclear and Clearstream, Luxembourg each have with the CMU Service.

Book-entry Ownership of and Payments in respect of DTC Notes

The relevant Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Note, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The relevant Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The relevant Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Agent, the Registrar or the relevant Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the relevant Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear, Clearstream, Luxembourg and the CMU Service will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Subscription and Sale and Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg, Euroclear accountholders the CMU Service, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent, any custodian (**Custodian**) and the CMU Lodging Agent with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg, Euroclear and the CMU Service and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg, Euroclear or the CMU Service and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg, Euroclear and the CMU Service, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent, the Custodian and the CMU Lodging Agent receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders or the CMU Service and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg, Euroclear and the CMU Service have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg, Euroclear and the CMU Service. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuers, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg, Euroclear or the CMU Service or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any

liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

United States Taxation

This section describes certain United States federal income tax consequences of the ownership and disposition of the Notes. It applies only to investors who acquire Notes in the initial offering and hold the Notes as capital assets for tax purposes. This section does not apply to investors who are members of a class of holders subject to special rules, such as:

- a dealer in securities or currencies,
- a trader in securities that elects to use a mark-to-market method of accounting for its securities holdings,
- a bank,
- a life insurance company,
- a tax-exempt organization,
- an individual retirement account or other tax-deferred account,
- a person that is liable for the alternative minimum tax,
- a person that owns Notes that are a hedge or that are hedged against interest rate or currency risks,
- a person that purchases or sells Notes as part of a wash sale for tax purposes,
- a person that owns Notes as part of a straddle or conversion transaction for tax purposes,
- a person that owns (directly, indirectly or by attribution) 10 per cent. or more of the voting stock of NAB,
- a person that has ceased to be a U.S. citizen or a lawful permanent resident of the United States, or
- a United States holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

Except in the case of Subordinated Notes which are described in this section regardless of their term, this section deals only with Notes that are due to mature 30 years or less from the date on which they are issued. The United States federal income tax consequences of owning Notes (other than Subordinated Notes) that are due to mature more than 30 years from their date of issue, in the case of Exempt Notes only, be discussed in the applicable Final Terms. In addition, this section deals only with Notes that are issued in registered form for United States federal income tax purposes. The United States federal income tax consequences of owning Notes that are issued in bearer form will, in the case of Exempt Notes only, be discussed in the applicable Final Terms. In the event that Non-Exempt PD Notes or PD Notes are issued with a maturity of more than 30 years from their date of issue, or are issued in bearer form, additional U.S. tax disclosure will also be provided in a new Offering Circular for use in connection with such Notes. This section is based on the Internal Revenue Code of 1986, as amended (the **Code**), its legislative history, existing and proposed regulations under the Code, published rulings and court decisions, all as of the date hereof. These laws are subject to change, possibly on a retroactive basis.

If an entity or arrangement treated as a partnership for United States federal income tax purposes holds the Notes, the United States federal income tax treatment of a partner in such partnership will generally depend on the status of the partner and the tax treatment of the partnership. An entity or arrangement treated as a partnership for United States federal income tax purposes holding the Notes should consult its tax advisor with regard to the United States federal income tax consequences to it and its partners of an investment in the Notes.

Holders should consult their own tax advisors concerning the consequences of owning these Notes in their particular circumstances under the Code and the laws of any other taxing jurisdiction.

Index Linked Notes, Contingent Payment Obligations, Extendible and Instalment Notes and Certain Specified Currency Notes

In the case of Exempt Notes only, the applicable Final Terms will discuss any special United States federal income tax rules with respect to (i) Notes the payments on which are determined by reference to any index or are denominated in, or determined by reference to, more than one currency, (ii) other Notes that are subject to the rules governing contingent payment obligations, and (iii) any extendible and instalment Notes.

United States Holders

This subsection describes the tax consequences to a United States holder. A United States holder is a beneficial owner of a Note that is:

- a citizen or resident of the United States,
- a domestic corporation,
- an estate whose income is subject to United States federal income tax regardless of its source, or
- a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorised to control all substantial decisions of the trust.

This subsection does not apply to holders who are not United States holders, and such holders should refer to "*—United States Alien Holders*" below.

Bearer Notes are not being offered to United States holders. A United States holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Code.

Notes other than Subordinated Notes

This subsection describes the tax consequences to a United States holder of holding Notes discussed in this section other than Subordinated Notes. For a discussion of the tax consequences to a United States holder of holding Subordinated Notes, you should refer to the discussion under "*—Subordinated Notes*" below.

Payments of Interest

Except as described below in the case of interest on a "discount Note" that is not "qualified stated interest", each as defined below under "*—Original Issue Discount—General*", a United States holder will be taxed on any interest on the Note, whether payable in U.S. dollars or a non-U.S. dollar currency, including a composite currency or basket of currencies other than U.S. dollars, as ordinary income at the time the United States holder receives the interest or when it accrues, depending on such holder's method of accounting for tax purposes. Interest paid by the Issuer on the Notes, original issue discount (**OID**), if any, accrued with respect to the Notes (as described below under "*—Original Issue Discount*") and any additional amounts

paid with respect to withholding tax on the Notes, including withholding tax on payments of such additional amounts (**additional amounts**) constitutes income from sources outside the United States, subject to the rules regarding the foreign tax credit allowable to a United States holder. Interest, OID and additional amounts paid or accrued will, depending on the circumstances, be either "passive category" or "general category" income for purposes of computing the foreign tax credit allowable to a United States holder.

Non-U.S. Dollar Currency Note - Cash Basis Taxpayers

A taxpayer that uses the cash receipts and disbursements method of accounting for tax purposes and receives an interest payment that is denominated in, or determined by reference to, a non-U.S. dollar currency, must recognise income equal to the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the United States holder actually converts the payment into U.S. dollars.

Non-U.S. Dollar Currency Note - Accrual Basis Taxpayers

A taxpayer that uses an accrual method of accounting for tax purposes may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a non-U.S. dollar currency by using one of two methods. Under the first method, a United States holder would determine the amount of income accrued based on the average exchange rate in effect during the interest accrual period or, with respect to an accrual period that spans two taxable years, that part of the period within the taxable year.

Under the second method, a United States holder would determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period, or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year. Additionally, under this second method, if a United States holder receives a payment of interest within five business days of the last day of the accrual period or taxable year, such holder may instead translate the interest accrued into U.S. dollars at the exchange rate in effect on the day that it actually receives the interest payment. If a United States holder elects the second method it will apply to all debt instruments it holds at the beginning of the first taxable year to which the election applies and to all debt instruments that it subsequently acquires. A United States holder may not revoke this election without the consent of the U.S. Internal Revenue Service (the **IRS**).

When a United States holder actually receives an interest payment, including a payment attributable to accrued but unpaid interest upon the sale or retirement of the Note, denominated in, or determined by reference to, a non-U.S. dollar currency for which such holder accrued an amount of income, such holder will recognise U.S. source ordinary income or loss measured by the difference, if any, between the exchange rate used to accrue interest income and the exchange rate in effect on the date of receipt, regardless of whether the United States holder actually converts the payment into U.S. dollars.

Original Issue Discount

General

If a United States holder owns a Note, other than a short-term Note with a term of one year or less, it will be treated as a "discount Note" issued with OID if the amount by which the Note's stated redemption price at maturity exceeds its issue price is more than a *de minimis* amount. Generally, a Note's issue price will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers. A Note's stated redemption price at maturity is the total of all payments provided by the Note that are not payments of qualified stated interest. Generally, an interest payment on a Note is qualified stated interest if it is one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate, with certain exceptions for lower rates

paid during some periods, applied to the outstanding principal amount of the Note. There are special rules for variable rate Notes that are discussed under "*—Variable Rate Notes*".

In general, a Note is not a discount Note if the amount by which its stated redemption price at maturity exceeds its issue price is less than the *de minimis* amount of 1/4 of 1 per cent. of its stated redemption price at maturity multiplied by the number of complete years to its maturity. A Note will have *de minimis* OID if the amount of the excess is less than the *de minimis* amount. If the Note has *de minimis* OID, a United States holder must include the *de minimis* amount in income as stated principal payments are made on the Note, unless such holder makes the election described below under "*—Election to Treat All Interest as Original Issue Discount*". The includible amount with respect to each such payment can be determined by multiplying the total amount of the Note's *de minimis* OID by a fraction equal to:

- the amount of the principal payment made, divided by:
- the stated principal amount of the Note.

Generally, if the discount Note matures more than one year from its date of issue, the United States holder must include OID in income before it receives cash attributable to that income. The amount of OID that a United States holder must include in income is calculated using a constant yield method, and generally a United States holder will include increasingly greater amounts of OID in income over the life of the discount Note, unless the discount Note is a self-amortising OID Note. More specifically, the amount of OID included in income can be calculated by adding the daily portions of OID with respect to the discount Note for each day during the taxable year or portion of the taxable year that a United States holder holds the discount Note. The daily portion can be calculated by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. A United States holder may select an accrual period of any length with respect to the discount Note and may vary the length of each accrual period over the term of the discount Note. However, no accrual period may be longer than one year and each scheduled payment of interest or principal on the discount Note must occur on either the first or final day of an accrual period.

A United States holder can determine the amount of OID allocable to an accrual period by:

- multiplying the discount Note's adjusted issue price at the beginning of the accrual period by the discount Note's yield to maturity, and then
- subtracting from this figure the sum of the payments of qualified stated interest on the discount Note allocable to the accrual period.

A United States holder must determine the discount Note's yield to maturity on the basis of compounding at the close of each accrual period and adjusting for the length of each accrual period. Further, a United States holder determines the discount Note's adjusted issue price at the beginning of any accrual period by:

- adding the discount Note's issue price and any accrued OID for each prior accrual period, and then
- subtracting any payments previously made on the discount Note that were not qualified stated interest payments.

If an interval between payments of qualified stated interest on the discount Note contains more than one accrual period, then, when a United States holder determines the amount of OID allocable to an accrual period, the United States holder must allocate the amount of qualified stated interest payable at the end of the interval, including any qualified stated interest that is payable on the first day of the accrual period immediately following the interval, pro rata to each accrual period in the interval based on their relative lengths. In addition, a United States holder must increase the adjusted issue price at the beginning of each accrual period in the interval by the amount of any qualified stated interest that has accrued prior to the first day of the accrual period but that is not payable until the end of the interval. A United States holder may

compute the amount of OID allocable to an initial short accrual period by using any reasonable method if all other accrual periods, other than a final short accrual period, are of equal length.

The amount of OID allocable to the final accrual period is equal to the difference between:

- the amount payable at the maturity of the discount Note, other than any payment of qualified stated interest, and
- the discount Note's adjusted issue price as of the beginning of the final accrual period.

Acquisition Premium

If a United States holder purchases the discount Note for an amount that is less than or equal to the sum of all amounts, other than qualified stated interest, payable on the discount Note after the purchase date but is greater than the amount of the discount Note's adjusted issue price, as determined above under "*—General*", the excess is acquisition premium. If a United States holder does not make the election described below under "*—Election to Treat All Interest as Original Issue Discount*", then the United States holder must reduce the daily portions of OID by a fraction equal to:

- the excess of the United States holder's adjusted basis in the discount Note immediately after purchase over the adjusted issue price of the discount Note, divided by:
- the excess of the sum of all amounts payable, other than qualified stated interest, on the discount Note after the purchase date over the discount Note's adjusted issue price.

Pre-Issuance Accrued Interest

An election may be made to decrease the issue price of the Note by the amount of pre-issuance accrued interest if:

- a portion of the initial purchase price of the Note is attributable to pre-issuance accrued interest,
- the first stated interest payment on the Note is to be made within one year of the Note's issue date, and
- that payment will equal or exceed the amount of pre-issuance accrued interest.

If this election is made, a portion of the first stated interest payment will be treated as a return of the excluded pre-issuance accrued interest and not as an amount payable on the Note. If an election is not made, the U.S. federal income tax treatment of any pre-issuance accrued interest is not entirely clear. United States holders should consult their own tax advisers concerning the U.S. federal income tax treatment of pre-issuance accrued interest.

Notes Subject to Contingencies Including Optional Redemption

The Note is subject to a contingency if it provides for an alternative payment schedule or schedules applicable upon the occurrence of a contingency or contingencies, other than a remote or incidental contingency, whether such contingency relates to payments of interest or of principal. In such a case, a United States holder must determine the yield and maturity of the Note by assuming that the payments will be made according to the payment schedule most likely to occur if:

- the timing and amounts of the payments that comprise each payment schedule are known as of the issue date, and
- one of such schedules is significantly more likely than not to occur.

If there is no single payment schedule that is significantly more likely than not to occur, other than because of a mandatory sinking fund, a United States holder must include income on the Note in accordance with the general rules that govern contingent payment obligations. In the case of Exempt Notes only, these rules will be discussed in the applicable Final Terms.

Notwithstanding the general rules for determining yield and maturity, if the Note is subject to contingencies, and either the United States holder or the Issuer has an unconditional option or options that, if exercised, would require payments to be made on the Note under an alternative payment schedule or schedules, then:

- in the case of an option or options that the Issuer may exercise, the Issuer will be deemed to exercise or not exercise an option or combination of options in the manner that minimises the yield on the Note, and
- in the case of an option or options that the United States holder may exercise, the United States holder will be deemed to exercise or not exercise an option or combination of options in the manner that maximises the yield on the Note.

If both the United States holder and the Issuer hold options described in the preceding sentence, those rules will apply to each option in the order in which they may be exercised. A United States holder may determine the yield on the Note for the purposes of those calculations by using any date on which the Note may be redeemed or repurchased as the maturity date and the amount payable on the date that the United States holder chooses in accordance with the terms of the Note as the principal amount payable at maturity.

If a contingency, including the exercise of an option, actually occurs or does not occur contrary to an assumption made according to the above rules then, except to the extent that a portion of the Note is repaid as a result of this change in circumstances and solely to determine the amount and accrual of OID, a United States holder must re-determine the yield and maturity of the Note by treating the Note as having been retired and reissued on the date of the change in circumstances for an amount equal to the Note's adjusted issue price on that date.

Election to Treat All Interest as Original Issue Discount

A United States holder may elect to include in gross income all interest that accrues on the Note using the constant-yield method described above under "*—General*", with the modifications described below. For purposes of this election, interest will include stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortizable bond premium, described below under "*—Notes Purchased at a Premium*," or acquisition premium.

If a United States holder makes this election for the Note, then, when the United States holder applies the constant-yield method:

- the issue price of the Note will equal the cost,
- the issue date of the Note will be the date the United States holder acquired it, and
- no payments on the Note will be treated as payments of qualified stated interest.

Generally, this election will apply only to the Note for which the United States holder makes it; however, if the Note has amortizable bond premium, a United States holder will be deemed to have made an election to apply amortizable bond premium against interest for all debt instruments with amortizable bond premium, other than debt instruments the interest on which is excludible from gross income, that the United States holder holds as of the beginning of the taxable year to which the election applies or thereafter. Additionally, if a United States holder makes this election for a market discount Note, the United States holder will be treated as having made the election discussed below under "*—Market Discount*" to include market discount in income currently over the life of all debt instruments having market discount that a United States holder

acquires on or after the first day of the first taxable year to which the election applies. A United States holder may not revoke any election to apply the constant-yield method to all interest on a Note or the deemed elections with respect to amortisable bond premium or market discount Notes without the consent of the IRS.

Variable Rate Notes

The Note will be a variable rate Note if:

- the Note's issue price does not exceed the total non-contingent principal payments by more than the lesser of:
 1. 0.015 multiplied by the product of the total non-contingent principal payments and the number of complete years to maturity from the issue date, or
 2. 15 per cent. of the total non-contingent principal payments; and
- the Note provides for stated interest, compounded or paid at least annually, only at:
 1. one or more qualified floating rates,
 2. a single fixed rate and one or more qualified floating rates,
 3. a single objective rate, or
 4. a single fixed rate and a single objective rate that is a qualified inverse floating rate; and
- the value of any variable rate on any date during the term of the Note is set no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

The Note will have a variable rate that is a qualified floating rate if:

- variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Note is denominated; or
- the rate is equal to such a rate either:
 1. multiplied by a fixed multiple that is greater than 0.65 but not more than 1.35; or
 2. multiplied by a fixed multiple greater than 0.65 but not more than 1.35, and then increased or decreased by a fixed rate.

If the Note provides for two or more qualified floating rates that are within 0.25 percentage points of each other on the issue date or can reasonably be expected to have approximately the same values throughout the term of the Note, the qualified floating rates together constitute a single qualified floating rate.

The Note will not have a qualified floating rate, however, if the rate is subject to certain restrictions (including caps, floors, governors, or other similar restrictions) unless such restrictions are caps, floors or governors that are fixed throughout the term of the Note or such restrictions are not reasonably expected to significantly affect the yield on the Note.

The Note will have a variable rate that is a single objective rate if:

- the rate is not a qualified floating rate, and

- the rate is determined using a single, fixed formula that is based on objective financial or economic information that is not within the control of or unique to the circumstances of the issuer or a related party.

The Note will not have a variable rate that is an objective rate, however, if it is reasonably expected that the average value of the rate during the first half of the Note's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Note's term.

An objective rate as described above is a qualified inverse floating rate if:

- the rate is equal to a fixed rate minus a qualified floating rate, and
- the variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the cost of newly borrowed funds.

The Note will also have a single qualified floating rate or an objective rate if interest on the Note is stated at a fixed rate for an initial period of one year or less followed by either a qualified floating rate or an objective rate for a subsequent period, and either:

- the fixed rate and the qualified floating rate or objective rate have values on the issue date of the Note that do not differ by more than 0.25 percentage points, or
- the value of the qualified floating rate or objective rate is intended to approximate the fixed rate.

In general, if the variable rate Note provides for stated interest at a single qualified floating rate or objective rate or one of those rates after a single fixed rate for an initial period, all stated interest on the Note is qualified stated interest. In this case, the amount of OID, if any, is determined by using, in the case of a qualified floating rate or qualified inverse floating rate, the value as of the issue date of the qualified floating rate or qualified inverse floating rate, or, for any other objective rate, a fixed rate that reflects the yield reasonably expected for the Note.

If the variable rate Note does not provide for stated interest at a single qualified floating rate or a single objective rate, and also does not provide for interest payable at a fixed rate other than a single fixed rate for an initial period, a holder generally must determine the interest and OID accruals on the Note by:

- determining a fixed rate substitute for each variable rate provided under the variable rate Note,
- constructing the equivalent fixed rate debt instrument, using the fixed rate substitute described above,
- determining the amount of qualified stated interest and OID with respect to the equivalent fixed rate debt instrument, and
- adjusting for actual variable rates during the applicable accrual period.

When a United States holder determines the fixed rate substitute for each variable rate provided under the variable rate Note, such holder generally will use the value of each variable rate as of the issue date or, for an objective rate that is not a qualified inverse floating rate, a rate that reflects the reasonably expected yield on the Note.

If the variable rate Note provides for stated interest either at one or more qualified floating rates or at a qualified inverse floating rate, and also provides for stated interest at a single fixed rate other than at a single fixed rate for an initial period, a United States holder generally must determine interest and OID accruals by using the method described in the previous paragraph. However, the variable rate Note will be treated, for purposes of the first three steps of the determination, as if the Note had provided for a qualified floating rate,

or a qualified inverse floating rate, rather than the fixed rate. The qualified floating rate, or qualified inverse floating rate, that replaces the fixed rate must be such that the fair market value of the variable rate Note as of the issue date approximates the fair market value of an otherwise identical debt instrument that provides for the qualified floating rate, or qualified inverse floating rate, rather than the fixed rate.

Short-Term Notes

In general, if a United States holder is an individual or other cash basis United States holder of a short-term Note, it is not required to accrue OID, as specially defined below for the purposes of this paragraph, for United States federal income tax purposes unless the United States holder elects to do so (although it is possible that such holder may be required to include any stated interest in income as it receives it). This election will apply to all obligations with a maturity of one year or less acquired by the United States holder on or after the first day of the taxable year to which the election applies, and may not be revoked without the consent of the IRS. If the United States holder is an accrual basis taxpayer, a taxpayer in a special class, including, but not limited to, a regulated investment company, common trust fund, or a certain type of pass-through entity, or a cash basis taxpayer who so elects, such holder will be required to accrue OID on short-term Notes on either a straight-line basis or under the constant yield method, based on daily compounding. If the United States holder is not required and does not elect to include OID in income currently, any gain it realises on the sale or retirement of the short-term Note will be ordinary income to the extent of the accrued OID, which will be determined on a straight-line basis unless the United States holder makes an election to accrue the OID under the constant-yield method, through the date of sale or retirement. However, if the United States holder is not required and does not elect to accrue OID on the short-term Notes, it will be required to defer deductions for interest on borrowings allocable to the short-term Notes in an amount not exceeding the deferred income until the deferred income is realised.

When a United States holder determines the amount of OID subject to these rules, it must include all interest payments on the short-term Note, including stated interest, in the short-term Note's stated redemption price at maturity.

Non-U.S. Dollar Currency Discount Notes

If the discount Note is denominated in, or determined by reference to, a non-U.S. dollar currency, a United States holder must determine OID for any accrual period on the discount Note in the non-U.S. dollar currency and then translate the amount of OID into U.S. dollars in the same manner as stated interest accrued by an accrual basis United States holder, as described under "*—United States Holders—Payments of Interest*". A United States holder may recognise U.S. source ordinary income or loss when it receives an amount attributable to OID in connection with a payment of interest or the sale or retirement of the Note.

Market Discount

A United States holder will be treated as if it purchased the Note, other than a short-term Note, at a market discount, and the Note will be a "market discount Note" if:

- the United States holder purchases the Note for less than its issue price as determined above under "*—Original Issue Discount—General*" and
- the difference between the Note's stated redemption price at maturity or, in the case of a discount Note, the Note's revised issue price, and the price the United States holder paid for the Note is equal to or greater than 1/4 of 1 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity. To determine the revised issue price of the Note for these purposes, a United States holder generally adds any OID that has accrued on the Note to its issue price.

If the Note's stated redemption price at maturity or, in the case of a discount Note, its revised issue price, exceeds the price a United States holder paid for the Note by less than 1/4 of 1 per cent. multiplied by the

number of complete years to the Note's maturity, the excess constitutes *de minimis* market discount, and the rules discussed below are not applicable.

A United States holder must treat any gain it recognises on the maturity or disposition of the market discount Note as ordinary income to the extent of the accrued market discount on the market discount Note. Alternatively, a United States holder may elect to include market discount in income currently over the life of the market discount Note. If a United States holder makes this election, it will apply to all debt instruments with market discount that it acquires on or after the first day of the first taxable year to which the election applies. A United States holder may not revoke this election without the consent of the IRS. If a United States holder owns a market discount Note and does not make this election, the United States holder will generally be required to defer deductions for interest on borrowings allocable to the market discount Note in an amount not exceeding the accrued market discount on the Note until the maturity or disposition of the market discount Note.

A United States holder will accrue market discount on the market discount Note on a straight-line basis unless it elects to accrue market discount using a constant-yield method. If a United States holder makes this election, it will apply only to the market discount Note with respect to which it is made and the United States holder may not revoke it. However, accrued market discount would not be included in income unless an election is made to do so as described above.

If a market discount Note is denominated in, or determined by reference to, a non-U.S. dollar currency, a United States holder who elects to include market discount in income currently must determine market discount for any accrual period on the market discount Note in the non-U.S. dollar currency and then translate the amount of market discount into U.S. dollars in the same manner as stated interest accrued by an accrual basis United States holder, as described under “—*United States Holders—Payments of Interest*”. Such a United States holder may recognise U.S. source ordinary income or loss when it receives an amount attributable to market discount in connection with the sale or retirement of the market discount Note. A United States holder that does not elect to include market discount in income will, upon the sale or retirement of the market discount Note, recognise the U.S. dollar value of the amount of market discount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Notes Purchased at a Premium

If a United States holder purchases the Note for an amount in excess of its principal amount (or, in the case of a discount Note, in excess of the sum of all amounts payable on the Note after the acquisition date (other than payments of qualified stated interest)), it may elect to treat the excess as amortizable bond premium. If a United States holder makes this election, it will reduce the amount required to be included in its income each accrual period with respect to interest on the Note by the amount of amortizable bond premium allocable to that accrual period, based on the Note's yield to maturity.

If the amortizable bond premium allocable to an accrual period exceeds a United States holder's interest income from its Note for such accrual period, such excess is first allowed as a deduction to the extent of interest included in the United States holder's income in respect of the Note in previous accrual periods and is then carried forward to the United States holder's next accrual period. If the amortizable bond premium allocable and carried forward to the accrual period in which the United States holder's Note is sold, retired or otherwise disposed of exceeds the its interest income for such accrual period, it would be allowed an ordinary deduction equal to such excess.

If the Note is denominated in, or determined by reference to, a non-U.S. dollar currency, a United States holder will compute the amortizable bond premium in units of the non-U.S. dollar currency and the amortisable bond premium will reduce the interest income in units of the non-U.S. dollar currency. Gain or loss recognised that is attributable to changes in exchange rates between the time the amortised bond premium offsets interest income and the time of the acquisition of the Note is generally taxable as U.S. source ordinary income or loss. If the United States holder makes an election to amortise bond premium, it

will apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that it holds at the beginning of the first taxable year to which the election applies or that it thereafter acquires, and the United States holder may not revoke it without the consent of the IRS. See also "*—Original Issue Discount—Election to Treat All Interest as Original Issue Discount*".

Purchase, Sale and Retirement of the Notes

A United States holder's tax basis in the Note will generally be the U.S. dollar cost, as defined below, of the Note, adjusted by:

- adding any OID or market discount previously included in income with respect to the Note, and then
- subtracting any payments on the Note that are not qualified stated interest payments and any amortizable bond premium to the extent that such premium either reduced interest on a Note or gave rise to a deduction on the Note.

If the United States holder purchases the Note with non-U.S. dollar currency, the U.S. dollar cost of the Note will generally be the U.S. dollar value of the purchase price on the date of purchase. However, if a United States holder is a cash basis taxpayer, or an accrual basis taxpayer that so elects, and the Note is traded on an established securities market, as defined in the applicable Treasury regulations, the U.S. dollar cost of the Note will be the U.S. dollar value of the purchase price on the settlement date of the purchase.

A United States holder will generally recognise U.S. source gain or loss on the sale or retirement of the Note equal to the difference between the amount realised on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest (which will be treated as interest payments), and the United States holder's adjusted tax basis in the Note. If the Note is sold or retired for an amount in non-U.S. dollar currency, the amount the United States holder realises will be the U.S. dollar value of such amount on the date the Note is disposed of or retired, except that in the case of a Note that is traded on an established securities market, as defined in the applicable Treasury regulations, a cash basis taxpayer, or an accrual basis taxpayer that so elects, will determine the amount realised based on the U.S. dollar value of the non-U.S. dollar currency on the settlement date of the sale.

A United States holder will recognise capital gain or loss when it sells or retires the Note, except to the extent:

- described above under "*—Original Issue Discount—Short-Term Notes*" or "*—Market Discount*", or
- attributable to changes in exchange rates as described below.

Capital gain of a non-corporate United States holder is generally taxed at a preferential rate where such holder has a holding period greater than one year.

A United States holder must treat any portion of the gain or loss that it recognises on the sale or retirement of a Note as ordinary income or loss to the extent attributable to changes in exchange rates. However, a United States holder takes exchange gain or loss into account only to the extent of the total gain or loss it realises on the transaction.

Exchange of Amounts in Other Than U.S. Dollars

If a United States holder receives non-U.S. dollar currency as interest on the Note or on the sale or retirement of the Note, such holder's tax basis in the non-U.S. dollar currency will equal its U.S. dollar value when the interest is received or at the time of the sale or retirement. If the United States holder purchases non-U.S. dollar currency, it generally will have a tax basis equal to the U.S. dollar value of the non-U.S. dollar currency on the date of the purchase. If a United States holder sells or disposes of a non-U.S. dollar currency,

including if such holder uses it to purchase Notes or exchange it for U.S. dollars, any gain or loss recognised generally will be U.S. source ordinary income or loss.

Substitution of Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of the relevant Issuer under the Notes may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of the Notes by a United States Holder in exchange for new Notes issued by the new obligor. As a result of this deemed disposition, a United States Holder could be required to recognise capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the issue price of the new Notes (as determined for U.S. federal income tax purpose) and the United States Holder's tax basis in the Notes. United States Holders should consult their tax advisors concerning the U.S. federal income tax consequences to them of a change in obligor with respect to the Notes.

Subordinated Notes

NO STATUTORY, REGULATORY, JUDICIAL OR ADMINISTRATIVE AUTHORITY DIRECTLY DISCUSSES HOW THE SUBORDINATED NOTES SHOULD BE TREATED FOR U.S. FEDERAL INCOME TAX PURPOSES. AS A RESULT, THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF AN INVESTMENT IN THE SUBORDINATED NOTES ARE UNCERTAIN. ACCORDINGLY, NAB URGES HOLDERS TO CONSULT THEIR TAX ADVISERS AS TO THE TAX CONSEQUENCES OF OWNERSHIP OF SUBORDINATED NOTES DESCRIBED BELOW AND AS TO THE APPLICATION OF U.S. STATE, LOCAL, OR OTHER TAX LAWS TO THEIR INVESTMENT IN THEIR SUBORDINATED NOTES.

Characterisation of Subordinated Notes issued by NAB for United States Federal Income Tax Purposes

There is no authority that addresses the U.S. federal income tax treatment of an instrument such as the Subordinated Notes that is denominated as a subordinated debt instrument but that provides for Conversion into Ordinary Shares or Write-Off upon the occurrence of a Non-Viability Trigger Event as a result of which a holder could lose its entire investment in the Subordinated Notes and have no rights with respect to the repayment of the principal amount of the Subordinated Notes that has not become due or the payment of interest on such Subordinated Notes. It is therefore unclear whether the Subordinated Notes should be treated as equity or debt of NAB for U.S. federal income tax purposes. NAB believes, however, that the Subordinated Notes should be treated as equity of NAB for U.S. federal income tax purposes, and the terms of such Subordinated Notes require a holder (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary) to treat the Subordinated Notes for U.S. federal income tax purposes in accordance with such characterisation. Each purchaser of Subordinated Notes or a beneficial interest therein, whether a United States holder or otherwise, by its acceptance or purchase thereof, will be deemed to have acknowledged, represented to and agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary) to treat such Subordinated Notes for U.S. federal income tax purposes as equity of NAB. Except as discussed under "*—Alternative Treatments*" below, the discussion below assumes that the Subordinated Notes will be treated as equity of NAB for U.S. federal income tax purposes.

Payments of Interest

In general, the interest payments to United States holders with respect to the Subordinated Notes will be treated as dividends to the extent of NAB's current or accumulated earnings and profits as determined for U.S. federal income tax purposes. Subject to the discussion under "*—PFIC Considerations*" below, any portion of an interest payment in excess of NAB's current and accumulated earnings and profits would be treated first as a nontaxable return of capital that would reduce the tax basis of a United States holder in the Subordinated Notes, and would thereafter be treated as capital gain, the tax treatment of which is discussed below under "*—Sale, Redemption, Maturity or Write-Off of Subordinated Notes*". Because NAB does not currently maintain calculations of its earnings and profits under U.S. federal income tax principles, it is

expected that all interest payments on the Subordinated Notes will generally be reported to United States holders as dividends.

It is unclear whether the interest payments on the Subordinated Notes that are treated as dividends for U.S. federal income tax purposes would constitute qualified dividend income, which is taxable to a United States holder at the preferential rates applicable to long-term capital gains. If such payments are not qualified dividend income, then the amount of such payments received by a United States holder (including payments received by a non-corporate United States holder) will be subject to taxation at ordinary income tax rates.

Amounts NAB pays with respect to the Subordinated Notes treated as dividends will not be eligible for the dividends-received deduction generally allowed to U.S. corporations in respect of dividends received from other U.S. corporations.

A United States holder that receives an interest payment on a Subordinated Note that is denominated in, or determined by reference to, a non-U.S. dollar currency, will recognise income equal to the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the United States holder actually converts the payment into U.S. dollars.

In certain circumstances, for example in the case of Subordinated Notes issued at a discount, a United States holder may be required to include certain amounts in income as dividends even though such amounts are not received by such holder as interest payments on a current basis. United States holders are urged to consult their own tax advisers regarding whether their dividends may include amounts other than interest payments.

Interest paid by the Issuer on the Subordinated Notes, any deemed distributions (as described in the immediately preceding paragraph), and any additional amounts paid with respect to the Subordinated Notes generally are expected to constitute income from sources outside the United States, subject to the rules regarding the foreign tax credit allowable to a United States holder. Interest, deemed distributions and additional amounts paid or accrued will, depending on the circumstances, be either “passive category” or “general category” income for purposes of computing the foreign tax credit allowable to a United States holder.

Sale, Redemption, Maturity or Write-Off of Subordinated Notes

A United States holder’s tax basis in the Subordinated Note will generally be the U.S. dollar cost, as defined below, of the Note, subject to reduction (if applicable) as described above under “—*Payments of Interest*”.

If the United States holder purchases the Subordinated Note with non-U.S. dollar currency, the U.S. dollar cost of the Subordinated Note will generally be the U.S. dollar value of the purchase price on the date of purchase. However, if a United States holder is a cash basis taxpayer, or an accrual basis taxpayer that so elects, and the Note is traded on an established securities market, as defined in the applicable Treasury regulations, the U.S. dollar cost of the Subordinated Note will be the U.S. dollar value of the purchase price on the settlement date of the purchase.

Subject to the discussion under “—*PFIC Considerations*” below, a United States holder will generally recognise U.S. source gain or loss upon the sale, redemption, maturity or Write-Off of their Subordinated Note equal to the difference between the amount realised and the United States holder’s adjusted tax basis in the Subordinated Note. If the Subordinated Note is sold, retired or written off for an amount in non-U.S. dollar currency, the amount the United States holder realises will be the U.S. dollar value of such amount on the date the Subordinated Note is sold, retired or written off, except that in the case of a Subordinated Note that is traded on an established securities market, as defined in the applicable Treasury regulations, a cash basis taxpayer, or an accrual basis taxpayer that so elects, will determine the amount realised based on the U.S. dollar value of the non-U.S. dollar currency on the settlement date of the sale, retirement or Write-Off.

A United States holder will recognise capital gain or loss when it sells the Subordinated Note or when the Subordinated Note matures, is retired or written off. Such capital gain or loss will be long-term capital gain

or loss if the United States holder will have held its Subordinated Notes for more than one year at the time of the sale, redemption, maturity or Write-Off of its Subordinated Notes. Long-term capital gain of a non-corporate United States holder is generally taxed at preferential rates. The deductibility of capital losses is subject to limitations.

The redemption of the Subordinated Notes for cash and the receipt of cash upon maturity of the Subordinated Notes will be treated for U.S. federal income tax purposes as a sale or exchange, taxable as described above, if, as is likely in most cases, the redemption or maturity is “not essentially equivalent to a dividend”, “substantially disproportionate” with respect to a United States holder, “in complete redemption” of a United States holder’s interest in NAB’s Subordinated Notes and other instruments of NAB treated as equity for U.S. federal income tax purposes, or, in the case of non-corporate United States holders, “in partial liquidation” of NAB, each of the above within the meaning of Section 302(b) of the Code. If none of the above standards is satisfied, then a payment in redemption or upon maturity of the Subordinated Notes will be treated as a distribution subject to the tax treatment described above under “—*Payments of Interest*”.

United States holders are strongly encouraged to consult their own tax advisers regarding the characterisation of a redemption payment under the rules described in this subsection and the consequences of such characterisation to such holders.

Conversion of Subordinated Notes

The Conversion of Subordinated Notes into Ordinary Shares of NAB should be treated as a recapitalisation for U.S. federal income tax purposes. As a result, upon such Conversion, United States holders should not recognise any gain or loss, their basis in the Ordinary Shares received should be equal to their basis in the Subordinated Notes which were Converted and their holding period in the Ordinary Shares received should include the holding period of the Subordinated Notes which were Converted.

PFIC Considerations

NAB does not expect to be a passive foreign investment company (**PFIC**) for U.S. federal income tax purposes, and therefore believes that the Subordinated Notes should not be treated as stock of a PFIC, but this conclusion is a factual determination made annually and thus may be subject to change. In general, NAB will be a PFIC with respect to a United States holder if, for any taxable year in which such holder held the Subordinated Notes, either (i) at least 75 per cent. of the gross income of NAB for the taxable year was passive income or (ii) at least 50 per cent. of the value, determined on the basis of a quarterly average, of NAB’s assets was attributable to assets that produce or are held for the production of passive income (including cash). If NAB were to be treated as a PFIC, gain realised on the sale or other disposition of Subordinated Notes would in general not be treated as capital gain. Instead, a United States holder would be treated as if it had realised such gain ratably over its holding period for the Subordinated Notes. Amounts allocated to the year of disposition and to years before NAB became a PFIC would be taxed as ordinary income and amounts allocated to each other taxable year would be taxed at the highest tax rate applicable to individuals or corporations, as appropriate, in effect for each such year to which the gain was allocated, together with an interest charge in respect of the tax attributable to each such year. Further, to the extent that any distribution received by a United States holder on its Subordinated Notes exceeded 125 per cent. of the average of the annual distributions on the Subordinated Notes received during the preceding three years or the holder’s holding period, whichever is shorter, the distribution would be subject to taxation in the same manner as a gain, such manner being described immediately above. With certain exceptions, a United States holder’s Subordinated Notes will be treated as stock in a PFIC if NAB was a PFIC at any time during such holder’s holding period for the Subordinated Notes. In addition, dividends that a United States holder receives from NAB would not constitute qualified dividend income to such holder if NAB were a PFIC (or were treated as a PFIC with respect to such holder) either in the taxable year of the distribution or the preceding taxable year.

A United States holder that owns, or who is treated as owning, PFIC stock during any taxable year in which NAB is a PFIC may be required to file IRS Form 8621, United States holders are urged to consult their tax advisers regarding the requirement to file IRS Form 8621 and the potential application of the PFIC regime.

Alternative Treatments

As discussed above, it is possible that Subordinated Notes could be treated as debt of NAB for U.S. federal income tax purposes. If the Subordinated Notes were so treated, a United States holder would be required to include the interest payments on the Subordinated Notes as ordinary interest income as described above under "*Notes other than Subordinated Notes—Payments of Interest*". Furthermore, in such case, the Subordinated Notes may be treated as a contingent payment debt instrument, in which case (i) a United States holder would be required to accrue interest on the Subordinated Notes even if it is otherwise subject to the cash basis method of accounting for tax purposes, and (ii) a United States holder would be required to treat any gain that it recognises upon the sale, exchange, redemption or maturity of its Subordinated Notes as ordinary income that does not qualify for preferential rates of taxation.

United States holders should consult their tax advisers as to the tax consequences to them if the Subordinated Notes are classified as debt for U.S. federal income tax purposes.

Medicare Tax

A United States holder that is an individual or an estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8 per cent. tax on the lesser of (1) the United States holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between U.S.\$125,000 and U.S.\$250,000, depending on the individual's circumstances). A United States holder's net investment income generally includes its interest income and its net gains from the disposition of Notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). A United States holder that is an individual, estate or trust, is urged to consult their tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the Notes.

Treasury Regulations Requiring Disclosure of Reportable Transactions

Treasury regulations require United States taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a **Reportable Transaction**).

Under these regulations, if the Notes (other than Subordinated Notes) are denominated in a non-U.S. dollar currency, a United States holder (or a United States alien holder that holds the Notes in connection with a U.S. trade or business) that recognises a loss with respect to the Notes that is characterised as an ordinary loss due to changes in currency exchange rates (under any of the rules discussed above) would be required to report the loss on IRS Form 8886 (Reportable Transaction Statement) if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is U.S.\$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher. A holder should consult with its tax advisor regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of Notes.

Information with Respect to Foreign Financial Assets

Owners of "specified foreign financial assets" with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by "foreign financial institutions", as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States

persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties and (iii) interests in non-United States entities. Holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the Notes.

United States Alien Holders

This subsection describes the tax consequences to a United States alien holder. A United States alien holder is a beneficial owner of a Note that is, for United States federal income tax purposes:

- a non-resident alien individual,
- a non-U.S. corporation, or
- an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a Note.

If a holder is a United States holder, this subsection does not apply.

Subject to the discussion of backup withholding and foreign account tax compliance withholding below, if a holder is a United States alien holder of a Note, interest on a Note paid to such holder is exempt from United States federal income tax, including withholding tax, whether or not such holder is engaged in a trade or business in the United States, unless:

- such holder is an insurance company carrying on a United States insurance business to which the interest is attributable, within the meaning of the Code, or
- such holder both
 - (a) has an office or other fixed place of business in the United States to which the interest is attributable and
 - (b) derives the interest in the active conduct of a banking, financing or similar business within the United States, or is a corporation (for United States federal income tax purposes) with a principal business of trading in stock and securities for its own account.

Purchase, Sale, Retirement and Other Disposition of the Notes

Subject to the discussion of backup withholding and foreign account tax compliance withholding below, if a holder is a United States alien holder of a Note, such holder generally will not be subject to United States federal income tax on gain realised on the sale, exchange or retirement of a Note unless:

- the gain is effectively connected with such holder's conduct of a trade or business in the United States or
- such holder is an individual, is present in the United States for 183 or more days during the taxable year in which the gain is realised and certain other conditions exist.

In addition, a Note held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for purposes of the United States federal estate tax as a result of the individual's death if the income on the Note would not have been effectively connected with a United States trade or business of the individual at the individual's death.

Foreign Account Tax Compliance Withholding

Pursuant to certain provisions of the Code, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. Each Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Australia and New Zealand) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019, and Notes characterised as debt for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the relevant Issuer). However, if additional Notes (as described under “*Terms and Conditions of the Notes—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

Backup Withholding and Information Reporting

If a holder is a non-corporate United States holder, information reporting requirements, on IRS Form 1099, generally would apply to payments of principal and interest on a Note within the United States, and the payment of proceeds from the sale of a Note effected at a United States office of a broker.

If a holder is a United States alien holder, it is generally exempt from backup withholding and information reporting requirements with respect to payments of principal and interest made to it outside the United States by the Issuer or another non-United States payer. A United States alien holder is also generally exempt from backup withholding and information reporting requirements in respect of payments of principal and interest made within the United States and the payment of the proceeds from the sale of a Note effected at a United States office of a broker, as long as either (i) the payor or broker does not have actual knowledge or reason to know that the holder is a United States person and the holder has furnished a valid IRS Form W-8BEN or W-8BEN-E or other documentation upon which the payor or broker may rely to treat the payments as made to a non-United States person, or (ii) the holder otherwise establishes an exemption.

In general, payment of the proceeds from the sale of Notes effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

Any amount withheld under the backup withholding rules from a payment to such holder will be allowed as a refund or credit against such holder’s United States federal income tax, provided the required information is timely furnished to the IRS.

Australian Taxation

*The following is an overview of the taxation treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, the **Australian Tax Act**), at the date of this Offering Circular of payments of interest (as defined in the Australian Tax Act) on the "Notes" to be issued by NAB under the Programme and certain other matters. It is not exhaustive and, in particular, does not deal with the position of certain classes of holders of Notes (including dealers in securities, custodians or other third parties who hold Notes on behalf of any Noteholders).*

Prospective holders of Notes should also be aware that particular terms of issue of any series of Notes may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. Prospective holders of Notes who are in any doubt as to their tax position should consult their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

1. Interest withholding tax

An exemption from Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act (**IWT**) is available in respect of the Notes issued by NAB under section 128F of the Australian Tax Act if the following conditions are met:

- (a) NAB is a resident of Australia when it issues the Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid. Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;
- (b) the Notes are debentures as defined for the purposes of section 128F (but not equity interests);
- (c) the Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that NAB is offering the Notes for issue. In summary, the five methods are:
 - offers to 10 or more unrelated financiers or securities dealers;
 - offers to 100 or more investors;
 - offers of listed Notes;
 - offers via publicly available information sources; and
 - offers to a dealer, manager or underwriter who offers to sell the Notes within 30 days by one of the preceding methods.

The issue of Notes as 'global bonds', as defined in the Australian Tax Act, should also satisfy the public offer test.

In addition, the issue of any of those Notes (whether in global form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test provided NAB does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes or interests in the Notes were being, or would later be, acquired, directly or indirectly, by an "associate" of NAB, except as permitted by section 128F(5) of the Australian Tax Act.

The exemption under section 128F also does not apply to interest paid in respect of a Note if, at the time of the payment of interest, NAB knows, or has reasonable grounds to suspect, that the payee is an "associate" of NAB, except as permitted by section 128F(6) of the Australian Tax Act.

Associates

An "associate" of NAB for the purposes of section 128F of the Australian Tax Act includes, when NAB is not a trustee (i) a person or entity which holds more than 50 per cent. of the voting shares of, or otherwise controls, NAB, (ii) an entity in which more than 50 per cent. of the voting shares are held by, or which is otherwise controlled by, NAB, (iii) a trustee of a trust where NAB is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity which is an "associate" of another person or company which is an "associate" of NAB under paragraph (i) above.

However, "associate" does not include:

- (A) onshore associates (*i.e.* Australian resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- (B) offshore associates (*i.e.* Australian resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not hold the Notes in the course of carrying on business through a permanent establishment in Australia) who are acting in the capacity of:
 - (i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Notes, a clearing house, custodian, funds manager or responsible entity of a registered managed investment scheme; or
 - (ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered managed investment scheme.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in any relevant Final Terms (or another relevant supplement to this Offering Circular), NAB intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Exemptions under certain double tax conventions

The Australian government has signed a number of new or amended double tax conventions (**Treaties**) with foreign jurisdictions (each a **Specified Country**).

The Treaties effectively prevent IWT applying to interest derived by:

- governments of the Specified Countries and certain governmental authorities and agencies in a Specified Country; and
- certain unrelated (1) banks, and (2) other financial institutions which substantially derive their profits by carrying on a business of raising and providing finance and which are resident in the Specified Country (interest paid under a back-to-back loan or economically equivalent arrangement will not qualify for this exemption),

by reducing the IWT rate to zero.

The Treaties are in force in a number of jurisdictions including, for example, the United States and the United Kingdom.

Notes in bearer form—section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax at the rate of 45 per cent. on Notes in bearer form if NAB fails to disclose the names and addresses of the holders to the Australian Taxation Office. Section 126 does not apply to the payment of interest on Notes in bearer form held by non-residents who do not carry on business at or through a permanent establishment in Australia where the issue of the Notes has satisfied the requirements of section 128F of the Australian Tax Act or IWT is payable. In addition, the Australian Taxation Office has confirmed that for the purpose of section 126 of the Australian Tax Act, the holder of debentures (such as the Notes in bearer form) means the person in possession of the debentures. Section 126 is therefore limited in its application to persons in possession of Notes in bearer form who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in Notes in bearer form are held through Euroclear or Clearstream, Luxembourg, NAB intends to treat the operators of those clearing systems as the holders of the Notes for the purposes of section 126 of the Australian Tax Act.

Payment of additional amounts

As set out in more detail in the relevant Terms and Conditions for the Notes, and unless expressly provided to the contrary in the relevant Final Terms (or another relevant supplement to this Offering Circular), if NAB is at any time required by law to deduct or withhold an amount in respect of any Australian withholding taxes imposed or levied by the Commonwealth of Australia in respect of the Notes, NAB must, subject to certain exceptions, pay such additional amounts as may be necessary in order to ensure that the net amounts received by the holders of the Notes after such deduction or withholding are equal to the respective amounts which would have been received had no such deduction or withholding been required. If NAB is required to pay such additional amounts in relation to any Notes, NAB will have the option to redeem the Notes in accordance with the relevant Terms and Conditions.

2. Other tax matters

Under Australian laws as presently in effect:

- (a) *income tax—offshore Noteholders*—assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payment of principal and interest (as defined in section 128A(1AB) of the Australian Tax Act) to a holder of the Notes, who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes;
- (b) *income tax—Australian Noteholders*—Australian residents or non-Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia (**Australian Holders**), will be assessable for Australian tax purposes on income either received or accrued due to them in respect of the Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Noteholder and the terms and conditions of the Notes. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (c) *gains on disposal or redemption of Notes—offshore Noteholders* - a holder of Notes who is a non-Australian resident will not be subject to Australian income tax on gains realised during that year on the sale or redemption of the Notes, provided such gains do not have an Australian source.

A gain arising on the sale of the Notes by a non-Australian resident holder to another non-Australian resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia, would not be regarded as having an Australian source;

- (d) *gains on disposal or redemption of Notes—Australian Noteholders*—Australian Holders will be required to include any gain or loss on the sale or redemption of the Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (e) *deemed interest*—there are specific rules that can apply to treat a portion of the purchase price of Notes as interest for IWT purposes when certain Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian resident (who does not acquire them in the course of carrying on business at or through a permanent establishment outside Australia) or a non-resident who acquires them in the course of carrying on business at or through a permanent establishment in Australia. IWT should not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act if the Notes had been held to maturity by a non-resident;
- (f) *stamp duty and other taxes*—no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes;
- (g) *other withholding taxes on payments in respect of Notes*—section 12-140 of Schedule 1 to the Taxation Administration Act 1953 of Australia (**Taxation Administration Act**) imposes a type of withholding tax on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number (**TFN**), (in certain circumstances) an Australian Business Number (**ABN**) or proof of some other exception (as appropriate). Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, then the requirements of section 12-140 do not apply to payments to a holder of Notes in registered form who is not a resident of Australia and not holding the Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Notes in registered form may be subject to a withholding where the holder of the Notes does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate). The rate of withholding tax is currently 47 per cent. A Bill has been introduced into the Federal Parliament which, if passed, would increase the rate of withholding to 47.5 per cent. from 1 July 2019;
- (h) *supply withholding tax*—payments in respect of the Notes can be made free and clear of the "supply withholding tax" imposed under section 12-190 of Schedule 1 to the Taxation Administration Act;
- (i) *goods and services tax (GST)*—neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber that is a non-resident) a GST-free supply. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal of the Notes, would give rise to any GST liability in Australia;
- (j) *additional withholdings from certain payments to non-residents*—section 12-315 of Schedule 1 to the Taxation Administration Act gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents. However, section 12-315 expressly provides that the regulations will not apply to interest and other payments which are already subject to the current IWT rules or specifically exempt from those rules. Further, regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Offering Circular are not relevant to any payments in respect of the Notes. Any further regulations should also not apply to repayments of principal under the Notes, as in the absence of any issue discount, such amounts will generally not be reasonably related to assessable income. The possible application of any regulations to the proceeds of any sale of the Notes will need to be monitored;
- (k) *taxation of foreign exchange gains and losses*—Divisions 775 and 960 of the Australian Tax Act contain rules to deal with the taxation consequences of foreign exchange transactions.

These rules are complex and may also apply to any Noteholders who are Australian residents or non-residents that hold Notes that are not denominated in Australian dollars. Any such Noteholders should consult their professional advisors for advice as to how to tax account for any foreign exchange gains or losses arising from their holding of the Notes;

- (l) *taxation of financial arrangements*—Division 230 of the Australian Tax Act contains tax timing rules for certain taxpayers to bring to account gains and losses from “financial arrangements”. The rules do not alter the rules relating to the imposition of IWT nor override the IWT exemption available under section 128F of the Australian Tax Act.

In addition, the rules do not apply to certain taxpayers or in respect of certain short term “financial arrangements”. They should not, for example, generally apply to holders of Notes which are individuals and certain other entities (e.g. certain superannuation entities and managed investment schemes) which do not meet various turnover or asset thresholds, unless they make an election that the rules apply to their “financial arrangements”. Potential Noteholders should seek their own tax advice regarding their own personal circumstances as to whether such an election should be made.

Section 230-30(1) and the associated explanatory memorandum indicates that interest payments, which are exempt from IWT as a result of the exemption in section 128F, will not generally be subject to tax under the new provisions; and

- (m) *Conversion* - the Conversion of Subordinated Notes into Ordinary Shares should not give rise to any taxable gain or loss in Australia for Noteholders. This is because any gain or loss on the Conversion should be generally disregarded under the Australian Tax Act. There are a range of tax consequences which may apply to holders of Ordinary Shares in holding, acquiring or disposing of Ordinary Shares. Holders should seek their own taxation advice if their Subordinated Notes are Converted into Ordinary Shares. In addition, no ad valorem stamp duty, issue, registration or similar taxes are payable on the issue or transfer of Ordinary Shares (including an issue of shares as a result of Conversion) provided that:
- (i) if all the shares in NAB are quoted on the Australian Securities Exchange at the time of issue or transfer of the Ordinary Shares, no person, either directly or when aggregated with interests held by associates of that person, obtains an interest in NAB of 90 per cent. or more; or
 - (ii) if not all the shares in NAB are quoted on the Australian Securities Exchange at the time of issue or transfer of the Ordinary Shares, no person, either directly or when aggregated with interests held by associates of that person, obtains an interest in NAB of 50 per cent. or more.

The stamp duty legislation generally requires the interests of associates to be added in working out whether the relevant threshold is reached. In some circumstances, the interests of unrelated entities can also be aggregated together in working out whether the relevant threshold is reached.

New Zealand Taxation

The following is applicable where the Issuer is BNZ-IF and, in the case of payments made under the Guarantee, also applies to the Guarantor.

The comments below are of a general nature based on current New Zealand law and practice. They relate only to the position of persons who are the absolute beneficial owners of their Notes and all payments made thereon. The comments relate only to withholding and do not deal with any other aspect of the New Zealand taxation treatment that may be applicable to Noteholders (including, for instance, income tax). Prospective Noteholders should note that the particular terms of issue of any series of Notes as specified in the applicable Final Terms may affect the tax treatment of that and any other series of Notes and should be

treated with appropriate caution. The comments below do not deal with the tax consequences of any substitution of the relevant Issuer in accordance with Condition 15 (Meetings of Noteholders, Modification, Waiver, Determination and Substitution) of the Notes.

Any Noteholders who are in doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than New Zealand in respect of their acquisition, holding or disposal of Notes are particularly advised to consult their professional advisers as to whether they are so liable (and, if so, under the laws of which jurisdictions), since the following comments relate only to certain New Zealand taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of New Zealand.

1. Resident Withholding Tax

The Issuer or the Guarantor, as the case may be, will deduct any applicable New Zealand resident withholding tax at the rate required by law from the payment of interest (including amounts deemed to be interest) to the Noteholder, Receiptholder or Couponholder if:

- (a) the person deriving the interest:
 - (i) is a resident of New Zealand for income tax purposes; or
 - (ii) is a non-resident that holds the Note, Receipt or Coupon for the purposes of a business carried on in New Zealand through a fixed establishment (as defined in the Income Tax Act 2007) in New Zealand; or
 - (iii) is a non-resident that is a registered bank in New Zealand and is engaged in business in New Zealand through a fixed establishment (as defined in the Income Tax Act 2007) in New Zealand, and is not associated with the Issuer,

(each a **New Zealand Noteholder**); and
- (b) at the time of such payment the New Zealand Noteholder does not hold a valid resident withholding tax exemption certificate or is not otherwise exempt from resident withholding tax.

If resident withholding tax is required to be deducted from the payment of any interest by the Issuer or the Guarantor, the Issuer or the Guarantor (as the case may be) will not be obliged to pay any additional amount.

2. Non-Resident Withholding Tax

New Zealand law requires, in certain circumstances, a deduction on account of non-resident withholding tax to be made from the payment of interest (including amounts deemed to be interest) with a New Zealand source to a holder of a Note, Receipt or Coupon who is not a New Zealand Noteholder. If non-resident withholding tax is required to be deducted from the payment of any interest by the Issuer and the Issuer is required to pay an additional amount in respect of such tax, the Issuer intends to reduce the applicable rate of non-resident withholding tax to zero per cent. as a result of receiving or having received approved issuer status, registering or having registered the Programme with the New Zealand Inland Revenue Department and paying, on its own account, an approved issuer levy (currently equal to 2 per cent. of such payments of interest). If non-resident withholding tax is required to be deducted from the payment of any interest by the Guarantor and the Guarantor is required to pay an additional amount in respect of such tax, the Issuer and the Guarantor intend to reduce the applicable rate of non-resident withholding tax to zero per cent. if permitted by law as a result of receiving or having received approved issuer status, registering or having registered the Programme with the New Zealand Inland Revenue Department and paying, on the Guarantor's own account, the approved issuer levy.

Where a holder of a Note, Receipt or Coupon who is not a New Zealand Noteholder holds the Note, Receipt or Coupon jointly with a person who is a New Zealand tax resident, non-resident withholding tax must be deducted from interest paid to the non-resident at the applicable rate of resident withholding tax. Payment of the approved issuer levy does not allow a zero per cent. rate of non-resident withholding tax in this case. Relief from New Zealand tax under an applicable double taxation treaty may be available, but only on application to the New Zealand Inland Revenue Department for a refund of over-deducted tax. The Issuer will not pay an additional amount to the Noteholder, Receiptholder or Couponholder in respect of non-resident withholding tax deducted in that case. Other exceptions to the obligation to pay an additional amount are set out in Condition 8.

3. Information

Noteholders, Receiptholders and Couponholders should note that the New Zealand Inland Revenue Department has the power to obtain information (including the name and address of a beneficial owner of the interest) from any person in New Zealand who pays or credits interest to, or receives interest for the benefit of, a Noteholder, Receiptholder or Couponholder. Any information obtained may be exchanged by the New Zealand Inland Revenue Department with tax authorities of any other relevant jurisdiction.

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Notes and is an overview of the Issuers' understanding of current United Kingdom tax law as applied in England and Wales and HM Revenue and Customs published practice (which may not be binding on HM Revenue and Customs) in the United Kingdom relating only to the United Kingdom withholding tax treatment of payments on the Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

1. Interest on the Notes

A. Payments of interest on the Notes that has a UK source

NAB, acting through its London branch (the **Bank**), provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the **Act**), and provided that the interest on the Notes issued by the Bank is paid in the ordinary course of its business within the meaning of section 878 of the Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.

Payments of interest on the Notes issued by the Issuers may be made without deduction of or withholding on account of United Kingdom income tax (even if, in the case of payments of interest on Notes issued by the Bank, they are not paid in the ordinary course of the Bank's business) provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Act. The Luxembourg Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are officially listed in Luxembourg in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Luxembourg Stock Exchange. Provided, therefore, that the Notes are and remain so listed, interest on those Notes will be payable without withholding or deduction on account of United Kingdom income tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing capable or intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to any available exemptions and reliefs, including an exemption for certain payments of interest to which a company within the charge to United Kingdom corporation tax is beneficially entitled. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the relevant Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

B. *Payments of interest on the Notes that does not have a UK source*

Payments of interest on Notes that does not have a UK source may be made without withholding on account of United Kingdom income tax. Whether or not payments by any of the Issuers are UK source is a factual question and depends on all of the circumstances. It is expected that payments by BNZ-IF will have a UK source.

Luxembourg Taxation

The following information is of a general nature and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the **Relibi Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Accordingly, payments of interest under the Notes coming within the scope of the Relibi Law would currently be subject to withholding tax of 20 per cent.

Austria

This section on taxation contains a brief summary of the Issuers' understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Notes

in Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Notes are legally and factually offered to an indefinite number of persons.

General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation of the Notes

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the Notes from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Notes vis-à-vis other countries, e.g., a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6)(1) and (2) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Notes as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). Investment income from the Notes without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims vis-à-vis credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Notes as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5 per cent.). Investment income from the Notes without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent.). In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value and income from derivatives if realising these types of income constitutes a key area of the respective investor's business activity (sec. 27a(6) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5 per cent., are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55 per cent. of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes at a rate of 25 per cent. Income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. However, a 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act be applied by the withholding agent, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Notes can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Notes as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax does generally not fall due insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the Notes with an Austrian nexus is in general subject to withholding tax at a flat rate of 27.5 per cent. However, a 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act be applied by the withholding agent, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the Notes if they have a permanent establishment (*Betriebsstätte*) in Austria and the Notes are attributable to such permanent establishment (cf. sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of sec. 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of sec. 27(6)(5) of the Austrian Income Tax Act from the Notes if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to individuals being resident in a state with which automatic exchange of information exists. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (sec. 98(1)(5)(b) of the Austrian Income Tax Act). The Issuers understand that no taxation applies in the case at hand.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the Member State of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organised in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. Up to now the tax authorities have not yet adapted the Austrian Investment Fund Guidelines (*Investmentfondsrichtlinien*) to the legislation as currently in force. In case of a qualification as a foreign

investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

Belgian Taxation

Set out below is an overview of certain Belgian withholding tax consequences of acquiring, holding and selling the Notes. This overview is not intended to be an exhaustive description of all relevant Belgian tax considerations and investors should consult their own tax advisors regarding such considerations in relation to their own particular circumstances. The description of certain Belgian taxes set out below is for general information only and does not purport to be comprehensive.

This overview is based on current legislation, published case law and other published guidelines and regulations as in force at the date of this document and remains subject to any future amendments, which may or may not have retroactive effect.

However, without prejudice to the aforementioned, note that the Belgian government announced in July 2017 its intention to (i) increase the tax on stock exchange transactions from 0.09 per cent. to 0.12 per cent. as from 1 January 2018 onwards; and (ii) introduce a tax on securities accounts for Belgian resident individuals under which an annual tax of 0.15 per cent. will be due on the amount held on Belgian and foreign securities accounts with shares, bonds and funds (but not pension savings or life insurances) if the average outstanding amount of those accounts is EUR 500,000 or more.

1. Withholding tax

Under Belgian tax law, "interest" income includes: (i) periodic interest income, (ii) any amount paid by the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) if the Notes qualify as fixed income securities in the meaning of article 2, §1, 8° Belgian Income Tax Code, the income equal to the pro rata of accrued interest corresponding to the detention period in the case of a realisation of the Notes prior to repurchase or redemption by the Issuer.

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying products. A structured security qualifies as a fixed income security if, among others, one of the following features is present: (i) capital protection, (ii) minimum conditional return, (iii) payment of a periodic coupon, or (iv) determination of income at an intermediary stage using a "ratchet system". According to the circular letter, the transfer of structured securities which qualify as fixed income securities to a third party (other than the issuer) results in taxation as interest income of the "pro rata interest", calculated on an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation.

1.1 Repayment or redemption by the Issuer

(a) Belgian resident investors

Payments of interest (as defined under Belgian tax law) on the Notes made through a financial institution or other intermediary established in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes).

For resident individuals holding Notes as a private investment, payments of interest on the Notes made through a financial institution or other intermediary established in Belgium will in principle be subject to Belgian withholding tax at rate of 30 per cent. Interest payments that have been subject to Belgian withholding tax need not be reported in the annual income tax return, in which case the Belgian withholding

tax is a final tax. If no financial institution or other intermediary established in Belgium intervenes in the payment of the interest, the investor must report the interest (after deduction of any non-Belgian withholding taxes) in his annual income tax return and pay income tax thereon at a flat rate of 30 per cent. (or, if lower, at the progressive personal income tax rates applicable to the taxpayer's overall declared income).

Belgian resident companies subject to Belgian corporate income tax (*Vennootschapsbelasting / Impôt des sociétés*) can benefit from a withholding tax exemption provided that certain formalities are complied with, except with regard to zero or capitalisation bonds where an exemption will generally not be available.

If interest is paid outside Belgium without the intervention of a financial institution or other intermediary established in Belgium, no Belgian withholding tax will be due, except in the case of Notes held by Belgian resident legal entities subject to Belgian tax on legal entities (*Rechtspersonenbelasting / Impôt des personnes morales*), which will be required to declare and pay the 30 per cent. withholding tax to the Belgian tax authorities themselves.

Please note that interest on the Notes can be subject to Belgian income tax.

(b) Non-resident investors

Payments of interest on the Notes made through a financial institution or other intermediary established in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium, unless a reduced rate or an exemption applies on the basis that the holder of the Notes is resident of a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

Non-resident individual and corporate investors who have not allocated the Notes to a Belgian establishment can also obtain an exemption from Belgian withholding tax on interest from the Notes if certain conditions are met. If the income is not collected through a financial institution or other intermediary in Belgium, no Belgian withholding tax will be due.

Non-resident corporate investors who have allocated the Notes to the exercise of a professional activity in Belgium through a Belgian establishment can in principle benefit from a withholding tax exemption provided that certain formalities are complied with. If the income is not collected through a financial institution or other intermediary in Belgium, no Belgian withholding tax will be due.

Please note that interest on the Notes can be subject to Belgian income tax.

1.2 Sale to a third party

No Belgian withholding tax should apply to the sale of the notes. However, please note that interest and capital gains on the Notes can be subject to Belgian income tax.

2. Tax on stock exchange transactions

The issuance of the Notes (primary market) is not subject to the tax on stock exchange transactions.

The sale and acquisition of the Notes (secondary market) will be subject to a tax on stock exchange transactions if (i) executed in Belgium through a financial intermediary , or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is due at a rate of 0.09 per cent. for debt instruments (applied separately on each sale and each acquisition, up to a cap of €1,300 per taxable transaction) and at a rate of 0.27 per cent. for transactions in other securities (applied separately on each sale and each acquisition up to a cap of €1,600 per taxable transaction). For capitalisation shares of investment companies, a different rate and cap apply. A separate

tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions are available for certain investors acting for their own account, including investors who are not Belgian residents (subject to certain identification formalities) and certain Belgian institutional investors as defined in Article 126.1, 2° of the Code of miscellaneous duties and taxes.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax (the **FTT**). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

German Taxation

At the date of this Offering Circular, there is no legal obligation for the Issuers or the Guarantor to deduct or withhold any German withholding tax (*Kapitalertragsteuer*) from payments of interest, principal and gains from the disposal, redemption, repayment or assignment of Notes or on any ongoing payments to the investors, except for payments made by a German branch of an Issuer or the Guarantor on certain Registered Notes or where such a German branch acts as Disbursing Agent (as defined below).

However, a German branch of a German or non-German bank (*Kreditinstitut*) or financial services institution (*Finanzdienstleistungsinstitut*), a German securities trading company (*Wertpapierhandelsunternehmen*) or a German securities trading bank (*Wertpapierhandelsbank*) holding Notes in custody directly for the investors (each a **Disbursing Agent**, *auszahlende Stelle*) may be obliged to withhold German withholding taxes on ongoing payments, on repayments of capital and on gains from the disposal, redemption, repayment or assignment of Notes or an interest coupon.

However, in general non-residents of Germany are not subject to the withholding tax, subject to meeting certain further requirements.

Where definitive Notes are not held in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, redemption, repayment or assignment of a Note or an interest coupon are paid to a resident or non-resident of Germany by a Disbursing Agent, withholding tax will apply.

Ireland

The following is an overview of the Irish withholding tax treatment of the Notes. The overview does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes.

The overview is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Offering Circular. Prospective investors in the Notes should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local law taxes, if applicable.

Irish Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of income tax (currently 20 per cent.).

On the basis that the Issuers are not resident in Ireland for the purposes of Irish tax, nor do the Issuers operate in Ireland through a branch or agency with which the issue of the Notes is connected, nor are the Notes held in Ireland through a depository, or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Notes, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the Issuer or any paying agent acting on behalf of the relevant Issuer should not be obliged to deduct any amount on account of these withholding taxes from payments made in connection with the Notes.

Separately, for so long as the Notes are quoted on a stock exchange, a purchaser of the Notes should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Notes.

Irish Encashment Tax

Payments on any Notes paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of the Notes will be subject to Irish encashment tax at the standard rate of Irish tax (currently 20 per cent.), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Notes entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

Italy

The statements in this Offering Circular regarding taxation are based on the laws in force in Italy as at the date of this Programme and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following overview does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

Tax treatment of the Notes

Legislative Decree No. 239 of 1 April 1996, as subsequently amended (**Decree 239**), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

Italian resident Noteholders

Where the Italian resident Noteholder is (a) an individual not engaged in an entrepreneurial activity to which the relevant Notes are connected (unless he has opted for the application of the “*risparmio gestito*” regime — see under “*Capital gains tax*”, below); (b) a non-commercial partnership; (c) a non-commercial private or public institution; or (d) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a withholding tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. In the event that Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Notes if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 of 11 December 2016 (the **Finance Act 2017**).

Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder’s income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the “status” of the Noteholder, also to the regional tax on productive activities (**IRAP**)).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 (**Decree 351**), Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums or other proceeds in respect of the Notes made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and article 14-bis of Law No. 86 of 25 January 1994 and to Italian real estate SICAFS (**Real Estate SICAFS**) are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund or the Real Estate SICAF.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed capital) or a SICAV (an investment company with variable capital) established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the **Fund**), and the relevant Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the **Collective Investment Fund Tax**).

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Notes may be excluded from the taxable base of the 20 per cent. substitute tax if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an **Intermediary**).

An Intermediary must (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary; and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Noteholder.

Non-Italian resident Noteholders

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of interest or premium relating to the Notes provided that, if such Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Notes that are classified as atypical securities, if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of the Finance Act 2017.

The withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (a) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (b) a commercial partnership, or (c) a commercial private or public institution.

Payments made by a non-Italian resident Guarantor

With respect to payments on the Notes made to Italian resident Noteholders by a non-Italian resident Guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the non-Italian resident Guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

Capital gains tax

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the “status” of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is (i) an individual not holding the Notes in connection with an entrepreneurial activity; (ii) a non-commercial partnership; (iii) a non-commercial private or public institution, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to an *imposta sostitutiva*, levied at the current rate of 26 per cent. Noteholders may set off losses with gains.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity may be exempt from Italian capital gain taxes, including the *imposta sostitutiva*, on capital gains realised upon sale or redemption of the Notes if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Noteholder holding Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

Pursuant to Law Decree No. 66 of 24 April 2014, as converted into law with amendments by Law No. 89 of 23 June 2014 (**Decree No. 66**), capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the relevant Notes (the "*risparmio amministrato*" regime). Such separate taxation of capital gains is allowed subject to (i) Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being punctually made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in its annual tax return.

Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Any capital gains realised by Italian resident individuals holding Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including Notes, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end,

subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Noteholder is not required to declare the capital gains realised in its annual tax return.

Pursuant to Decree No. 66, investment portfolio losses accrued up to 30 June 2014 may be set off against investment portfolio profits accrued after that date with the following limitations for an amount equal to 76.92 per cent., for investment portfolio losses accrued from 1 January 2012 to 30 June 2014.

Any capital gains realised by a Noteholder which is a Fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders or shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by a Noteholder which is an Italian pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Notes may be excluded from the taxable base of the 20 per cent. substitute tax if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Any capital gains realised by an Italian resident real estate fund or Real Estate SICAF to which the provisions of Decree 351, as subsequently amended, apply will be subject neither to *imposta sostitutiva* nor to any other income tax at the level of the real estate fund or the Real Estate SICAF.

Capital gains realised by non-Italian resident Noteholders from the sale or redemption of the Notes are not subject to Italian taxation, provided that the Notes are held outside Italy.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November, 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, €1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, €100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, €1,500,000.

Transfer tax

Following the repeal of the Italian transfer tax contracts relating to the transfer of securities are subject to the following registration tax: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of €200; and (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 (**Decree 201**), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to a Noteholder in respect of any Notes which may be deposited with such financial intermediary. The stamp duty applies at a rate of 0.2 per cent. and cannot exceed €4,500, for taxpayers other than individuals; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Notes held. Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy from time to time) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth Tax on securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Notes outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the Notes at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Italian financial transaction tax (IFTT)

As of 1 January 2014 Noteholders entering into Notes not providing for the Issuer's obligation to repay the principal invested upon redemption (which Notes fall within the category of atypical securities), mainly having as underlying or the value of which is mainly linked to Italian shares and other participating instruments, as well as depository receipts representing those shares and participating instruments irrespective of the relevant issuer, are subject to IFTT at a rate ranging between €0.01875 and €200, depending on the notional value of the relevant securities calculated pursuant to Article 9 of the Ministerial Decree of 21 February 2013, as amended. IFTT applies, under certain conditions, upon subscription, negotiation or modification of these Notes or the underlying assets or reference value.

France

The following is an overview addressing only the French tax considerations relating to the holding of the Notes. This overview is based on the laws and regulations in full force and effect in France as at the date of this Offering Circular, which may be subject to change in the future, potentially with retroactive effect. Investors should be aware that the comments below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisors so as to determine, in the light of their individual situation, the tax consequences of the purchase, holding, redemption or disposal of the Notes.

The following has been prepared on the assumption that the Issuers are not and will not be French residents for French tax purposes and the Notes (nor any transaction in connection therewith) are not and will not be attributed nor attributable to a French branch, permanent establishment or other fixed place of business in France of any of the Issuers.

Withholding taxes

All payments by the Issuers in respect of the Notes will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein. However where the paying agent (*établissement payeur*) is established in France, payments of interest (and assimilated income) received by

individuals fiscally domiciled (*domiciliés fiscalement*) in France are, subject to certain exceptions, subject to a 24 per cent. (pursuant to the Finance Bill for 2018, this rate could be decreased to 12.8 per cent. as from 2018) compulsory withholding tax (which is creditable against their personal income tax in respect of the year in which the payment has been made) and to social levies also levied by way of withholding at a rate of 15.5 per cent. (pursuant to the Social Security Financing Bill for 2018, this rate could be increased to 17.2 per cent. as from 2018).

The Netherlands

General

The following summary outlines the principal Netherlands withholding tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Offering Circular, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

For the purpose of the Netherlands tax consequences described herein, it is assumed that none of the Issuers is a resident of the Netherlands nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Netherlands Withholding Tax

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article (5)(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

OECD Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (the **CRS**) requires certain financial institutions to report information regarding certain accounts (which may include the Notes) to their local tax authority and follow related due diligence procedures. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement.

UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT

A fiduciary of a pension, profit-sharing or other employee benefit plan subject to the United States Employee Retirement Income Security Act of 1974, as amended (**ERISA**) and other entities or accounts whose underlying assets are treated as assets of such plans pursuant to the U.S. Department of Labor "plan assets" regulation 29 CFR Section 2510.3-101 as modified by Section 3(42) of ERISA (a **Plan**), should consider the fiduciary standards of ERISA in the context of the Plan's particular circumstances before authorizing an investment in the Notes. Accordingly, among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code.

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts and Keogh plans subject to Section 4975 of the Code (also **Plans**), from engaging in certain transactions involving "Plan assets" with persons who are "parties in interest" under ERISA or "disqualified persons" under the Code (**Parties in Interest**) with respect to the Plan. A violation of these prohibited transaction rules may result in civil penalties or other liabilities under ERISA and/or an excise tax under Section 4975 of the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Certain employee benefit plans and arrangements including those that are governmental plans (as defined in section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and foreign plans (as described in Section 4(b)(4) of ERISA) (**Non-ERISA Arrangements**) are not subject to the requirements of ERISA or Section 4975 of the Code but may be subject to similar provisions under applicable federal, state, local, foreign or other regulations, rules or laws (**Similar Laws**).

The acquisition of the Notes by a Plan with respect to which any of the Issuers, the Guarantor or certain of NAB's affiliates, or any Dealer, is or becomes a Party in Interest may constitute or result in a prohibited transaction under ERISA or Section 4975 of the Code, unless those Notes are acquired pursuant to and in accordance with an applicable exemption. The U.S. Department of Labor has issued certain prohibited transaction class exemptions, or "PTCEs", that may provide exemptive relief if required for direct or indirect prohibited transactions that may arise from the purchase or holding of the Notes. Included among these exemptions are:

- PTCE 84-14, an exemption for certain transactions determined or effected by independent qualified professional asset managers;
- PTCE 90-1, an exemption for certain transactions involving insurance company pooled separate accounts;
- PTCE 91-38, an exemption for certain transactions involving bank collective investment funds;
- PTCE 95-60, an exemption for transactions involving certain insurance company general accounts; and
- PTCE 96-23, an exemption for plan asset transactions managed by in-house asset managers.

In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of securities and related lending transactions, provided that neither the issuer of the securities nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction, and provided further that the Plan pays no more than "adequate consideration" in connection with the transaction (the **Service Provider Exemption**).

Any purchaser or holder of Notes or any interest therein will be deemed to have represented by its purchase and holding of the Notes or any interest therein that it either (1) is not a Plan and is not purchasing those

Notes on behalf of or with "plan assets" of any Plan or (2) with respect to the purchase or holding is eligible for the exemptive relief available under any of the PTCEs listed above, the Service Provider Exemption or another applicable exemption. In addition, any purchaser or holder of Notes or any interest therein which is a Non-ERISA Arrangement will be deemed to have represented by its purchase or holding of Notes or any interest therein that its holding will not violate the provisions of any Similar Law.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing Notes on behalf of or with "plan assets" of any Plan or Non-ERISA Arrangement consult with their counsel regarding, among other things, the availability of exemptive relief under any of the PTCEs listed above, the Service Provider Exemption or any purchase or other applicable exemption, or the potential consequences of any purchase or holding under Similar Laws, as applicable. If you are an insurance company or the fiduciary of a pension plan or an employee benefit plan, and propose to invest in Notes, you should consult your legal counsel. Moreover, each such fiduciary should determine whether it is eligible to purchase Notes, and whether, under the general fiduciary standards of investment prudence and diversification, an investment in Notes is appropriate for the Plan, taking into account the overall investment policy of the Plan, the composition of the Plan's investment portfolio, and the risk/return characteristics of the Notes.

The sale of Notes to a Plan is in no respect a representation by the Issuers, the Guarantor or any of NAB's affiliates that its investment meets all relevant legal requirements with respect to investments by Plans generally or by a particular Plan, or that this investment is appropriate for Plans generally or any particular Plan.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Dealers have, in an amended and restated programme agreement dated 17 November 2017 (such programme agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) agreed with each Issuer and (in the case of Guaranteed Senior Notes) the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuers (failing which, the Guarantor (in the case of Guaranteed Senior Notes)) have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Transfer Restrictions

As a result of the following restrictions, purchasers of Notes in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Notes.

Each purchaser of Registered Notes or a beneficial interest therein within the United States, by its acceptance or purchase thereof, will be deemed to have acknowledged, represented to and agreed as follows (terms used in this paragraph that are defined in Rule 144A are used herein as defined therein):

- (i) that it is a qualified institutional buyer (**QIB**), purchasing (or holding) the Notes for its own account or for the account of one or more QIBs for whom it is authorised to act and it is aware that any sale to it is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A;
- (ii) that it understands that the Notes are being offered and sold in a transaction not involving a public offering in the United States (within the meaning of the Securities Act), and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. State securities laws and may not be reoffered, resold, pledged or otherwise transferred within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;
- (iii) that, if in the future it decides to offer, resell, pledge or otherwise transfer the Notes or any beneficial interests in the Notes, it will do so, prior to the date which is one year after the later of the last Issue Date for the Series and the last date on which the relevant Issuer or an affiliate of the relevant Issuer was the owner of such Notes, only (a) to the relevant Issuer or any subsidiary thereof, (b) to a QIB or an offeree or purchaser whom the seller reasonably believes to be a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A, (c) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (d) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available) or (e) pursuant to an effective registration statement under the Securities Act covering the Notes, in each case in accordance with any applicable securities laws of the states of the United States and any other jurisdiction;
- (iv) that it will, and will require each subsequent holder to, notify any purchaser of the Notes from it of the resale restrictions referred to in paragraph (iii) above;
- (v) that Notes initially offered in the United States to QIBs will be represented by one or more Rule 144A Global Notes;
- (vi) that the Notes will bear a legend to the following effect unless otherwise agreed to by the relevant Issuer:

"THIS NOTE HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER ON ITS OWN BEHALF AND ON BEHALF OF ANY ACCOUNT FOR WHICH IT IS PURCHASING SUCH NOTES (A) REPRESENTS THAT IT IS A "QUALIFIED INSTITUTIONAL BUYER" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE NOTES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS; (B) AGREES THAT IT WILL NOT, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER OF SUCH NOTES, OFFER, RESELL, PLEDGE OR OTHERWISE TRANSFER THE NOTES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND THE TRUST DEED AND OTHER THAN (1) TO THE ISSUER OR ANY SUBSIDIARY THEREOF, (2) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES TO BE A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT, (4) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT COVERING THE NOTES, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) IT AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS NOTE IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

THIS NOTE AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT AND THE TRUST DEED REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE REGISTERED HOLDERS OF SUCH NOTES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS NOTE TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS NOTE SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS NOTE AND ANY NOTES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON).";

- (vii) that, before any interest in Registered Notes represented by a Rule 144A Global Note may be offered, sold, pledged or otherwise transferred to a person who will take delivery in the form of an interest in such Registered Notes represented by a Regulation S Global Note, it will be required to provide the Registrar with a Transfer Certificate as to compliance with applicable securities laws; and

- (viii) that the relevant Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements deemed to have been made by it are no longer accurate, it shall promptly notify the relevant Issuer; and if it is acquiring any Notes as a fiduciary or agent for one or more investor accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

Each purchaser of Notes or a beneficial interest therein outside of the United States and each subsequent purchaser of such Notes or a beneficial interest therein in resales prior to the expiration of the Distribution Compliance Period will, by its acceptance at purchase thereof, be deemed to have acknowledged, represented to and agreed as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (i) that it is located outside the United States and is not a U.S. person and is not an affiliate of the relevant Issuer or a person acting on behalf of such an affiliate;
- (ii) that it understands that the Notes are being offered and sold in a transaction not involving a public offering in the United States (within the meaning of the Securities Act), and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. State securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;
- (iii) that Notes offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Notes;

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the Code and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether the rules in Treas. Reg. Section 1.163-5(c)(2)(i)(C) (TEFRA C) or Treas. Reg. Section 1.163-5(c)(2)(i)(D) (TEFRA D) apply or whether TEFRA is not applicable.

In connection with any Notes which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S (**Regulation S Notes**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or, in the case of Regulation S Notes in bearer form, deliver such Regulation S Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Regulation S Notes are a part, only in accordance with Rule 903 of Regulation S. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Notes. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers may arrange for the resale of Notes to QIBs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. To the extent that the relevant Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the relevant Issuer has agreed to furnish to holders of Notes and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Each issuance of Exempt Notes which are also Index Linked Notes or Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the relevant Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms.

Prohibition of Sales to EEA Retail Investors

From 1 January 2018, unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area (the **EEA**). For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive (where the expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in each Relevant Member State); and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prior to 1 January 2018, and from that date if the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a **Non-exempt Offer**), following the date (or with respect to Austria, the bank working day) of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in each Relevant Member State.

The documents incorporated by reference in this Offering Circular (see "*Documents Incorporated by Reference*" above) will also be available on the website of the Luxembourg Stock Exchange at www.bourse.lu.

Yield

The yield for any particular Series of Notes will be specified in the applicable Final Terms and will be calculated on the basis of the compound annual rate of return if the relevant Notes were to be purchased at the Issue Price on the Issue Date and held to maturity. Set out below is an example formula for the purposes of calculating the yield of Fixed Rate Notes or Zero Coupon Notes. The Final Terms in respect of any Floating Rate Notes, Index Linked Notes, Dual Currency Notes, Partly Paid Notes or Instalment Notes will not include any indication of yield.

$$\text{IssuePrice} = \text{Rate of Interest} \times \frac{1 - \left(\frac{1}{(1 + \text{Yield})^n} \right)}{\text{Yield}} + \left[\text{Final Redemption Amount} \times \frac{1}{(1 + \text{Yield})^n} \right]$$

Where:

"Rate of Interest" means the Rate of Interest expressed as a percentage as specified in the applicable Final Terms and adjusted according to the frequency (and in the case of Zero Coupon Notes, means "0") i.e. for a semi-annual paying Note, the rate of interest is half the stated annualised rate of interest in the Final Terms;

"Yield" means the yield to maturity calculated on a frequency commensurate with the frequency of interest payments as specified in the applicable Final Terms (and in the case of Zero Coupon Notes, means Accrual Yield as specified in the applicable Final Terms); and

"n" means the number of interest payments to maturity.

Set out below is a worked example illustrating how the yield on a Series of Fixed Rate Notes could be calculated on the basis of the above formula. It is provided for purposes of illustration only and should not be taken as an indication or prediction of the yield for any Series of Notes; it is intended merely to illustrate the way which the above formula could be applied.

Where:

$$n = 6$$

$$\text{Rate of Interest} = 3.875\%$$

$$\text{Issue Price} = 99.392\%$$

$$\text{Final Redemption Amount} = 100\%$$

$$99.392 = 3.875 \frac{1 - \left(\frac{1}{(1 + \text{Yield})^6} \right)}{\text{Yield}} + \left[100 \times \frac{1}{(1 + \text{Yield})^6} \right]$$

Yield = 3.99% (calculated by iteration)

The yield specified in the applicable Final Terms in respect of a Series of Notes will not be an indication of future yield.

Additional Disclosure in relation to the Ranking of Subordinated Notes

Subordinated Notes rank in a Winding Up of NAB behind all claims of Senior Creditors, *pari passu* among themselves, *pari passu* with Equal Ranking Instruments and ahead of Junior Ranking Instruments.

Senior Creditors are all present and future creditors of NAB (including but not limited to depositors of NAB) whose claims would be entitled to be admitted in the Winding Up of NAB and which are not in respect of Equal Ranking Instruments or Junior Ranking Instruments.

Equal Ranking Instruments are instruments that rank in a Winding Up of NAB as the most junior claim in the Winding Up of NAB ranking senior to Junior Ranking Instruments. This includes the US\$250 million undated subordinated Floating Rate Notes issued by NAB on 9 October 1986. All or some of the undated subordinated Floating Rate Notes may be redeemed at the option of NAB with the prior consent of APRA. The outstanding principal amount of undated subordinated Floating Rate Notes is U.S. \$167.5 million.

Junior Ranking Instruments are instruments issued as Tier 1 Capital (whether or not constituting Tier 1 Capital at the Issue Date or at the time of commencement of the Winding Up of NAB) and any shares (including Ordinary Shares) in the capital of NAB (other than shares issued as Tier 2 Capital).

Instruments issued as Lower Tier 2 Capital prior to 1 January 2013 are not Equal Ranking Instruments but rank in a Winding Up of NAB senior to the Subordinated Notes.

The reason for this ranking is as follows:

Under APRA's prudential standards which came into force on 1 January 2013, in order to qualify for Tier 2 Capital (as defined by APRA), Subordinated Notes must rank in a Winding Up of NAB with the most junior ranking claims which rank ahead of Common Equity Capital and Additional Tier 1 Capital. Since currently NAB has on issue undated subordinated Floating Rate Notes and these would rank in a Winding Up of NAB ahead of share capital but behind instruments issued as Lower Tier 2 Capital prior to 1 January 2013, the Subordinated Notes are required to rank equally with the undated subordinated Floating Rate Notes and will retain that ranking if the undated subordinated Floating Rate Notes are redeemed.

In addition, Subordinated Notes are required to be Converted to Ordinary Shares or Written-Off if a Non-Viability Trigger Event occurs, as presently described in the Offering Circular.

Clearing Systems

The Notes in bearer form have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate Common Code and ISIN for each Tranche of Bearer Notes allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Final Terms. The relevant Issuer may also apply to have Notes in bearer or registered form accepted for clearance through the CMU Service. The relevant CMU Instrument Number will be specified in the applicable Final Terms. In addition, the relevant Issuer may make an application for any Notes in registered form to be accepted for trading in book-entry form by DTC. The CUSIP and/or CINS numbers for each Tranche of Registered Notes, together with the relevant ISIN and Common Code, will be specified in the applicable Final Terms. If the Notes are to clear

through an additional or alternative clearing system the appropriate information will be specified in the applicable Final Terms.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels, the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg, the address of DTC is 55 Water Street, New York, New York 10041, United States of America and the address of CMU is 55th Floor, Two International Finance Centre, 8 Finance Street, Central, Hong Kong.

Conditions for determining price

The price and amount of Notes to be issued under the Programme will be determined by the relevant Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions.

Auditors

The auditors of NAB are Ernst & Young, independent auditors, who had audited NAB's accounts, without qualification, in accordance with generally accepted auditing standards in Australia for the financial years ended 30 September 2016 and 30 September 2017. The auditors of NAB have no material interest in NAB. The partners of Ernst & Young are typically members of Chartered Accountants Australia and New Zealand, but the firm itself is not a member.

The auditors of BNZ-IF are Ernst & Young, independent auditors, who have audited BNZ-IF's accounts, without qualification in accordance with International Standards on Auditing (New Zealand) for the financial years ended 30 September 2015 and 30 September 2016. The auditors of BNZ-IF have no material interest in BNZ-IF.

The auditors of the Guarantor are Ernst & Young, independent auditors, who have audited the Guarantor's consolidated financial statements, without qualification, in accordance with International Standards on Auditing (New Zealand) for the financial years ended 30 September 2015 and 30 September 2016. Audit reports in respect of BNZ-IF and the Guarantor are signed in the name of the firm of Ernst & Young. Ernst & Young is registered under the New Zealand Auditor Regulation Act 2011 (the **NZ Auditor Regulation Act**). The partner who signs the audit report in the name of the firm is licensed under the NZ Auditor Regulation Act.

The auditors of the Guarantor have no material interest in the Guarantor.

The Trust Deed provides that any certificate or report of the Auditors or any other person called for by or provided to the Trustee (whether or not addressed to the Trustee) in accordance with or for the purposes of the Trust Deed may be relied upon by the Trustee as sufficient evidence of the facts stated therein notwithstanding that such certificate or report and/or any engagement letter or other document entered into by the Trustee in connection therewith contains a monetary or other limit on the liability of the Auditors or such other person in respect thereof and notwithstanding that the scope and/or basis of such certificate or report may be limited by any engagement or similar letter or by the terms of the certificate or report itself.

The liability of NAB's auditors in respect of an audit of NAB may be subject to statutory schemes in Australian jurisdictions that restrict the recovery of damages from accountants. Such schemes operate in all states of Australia, as well as the Australian Capital Territory and Northern Territory. The limitations in these schemes are based on nominal amounts which are likely to be significantly less than an investment in the Notes. The scope of the limitations and their effect on the enforcement of foreign judgments in Australia are so far untested and investors should seek their own advice on the application of these schemes in the context of an investment of the Notes.

Dealers transacting with any of the Issuers or the Guarantor

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, any of the Issuers, the Guarantor or their affiliates in the ordinary course of business.

The Dealers and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Some of the Dealers or their affiliates have, directly or indirectly, performed investment and/or commercial banking or financial advisory services for the Issuers and the Guarantor, for which they have received customary fees and commissions, and they expect to provide these services to the Issuers and the Guarantor in the future, for which they will receive customary fees and commissions.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers, the Guarantor or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the relevant Issuer routinely hedge their credit exposure to the relevant Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities of the Issuers or the Guarantor, including potentially the Notes issued under the Programme. Any such credit default swaps or short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
